Chills and Fever

Hood's Sarial Cures

Hood's Pills win new friends daily. WHY SEEK THE MOUNTAINS.-The love

of nature and a desire to escape the torrid heat of July and August takes many of our people to the Blue mountains every year. This has been no exception. While a few families have found pleasure at the head of Rhea creek, the greater portion of our outing population have been located on Gus Hale prairie near the head of Ditch creek. Huckleberries are scarce this year, game of all kinds not plentiful and fishing only fair. Our readers will wonder what on earth is the attraction. Rest, God's greatest boon here below. No hardhearted creditors infest that region, and Bellamistic ownership of goods and chattels is the rule. No one goes hungry out there, and when the cool shades of eve come on, the campfire, surrounded by a merry throng enlivened by song and jest bring them closer together in a common, Godgiven fellowship. This famous mount-J. P. Rhes informed us a few days ago ain resort has been enjoyed by many has fully recovered and is able to do people sojourning there, but with the close of this week the last of the camp-Saloon, keeping on tap at all times the best beer on the Pacific coast.
