There were 330 convicts in the penitentiary yesterday as against 346 the same day last year. Are we getting better, or do we owe this condition of affairs to Governor Penney? That's the question.—Salem Independent.

W. O. OWENS, the opponent of Breckenridge for congress, was recently hanged in effigy at Richmond, Kentucky. The Salem Independent now suggests that they hang old Breckenridge in reality, and the world will shout "Amen."

Morrow county should raise more hogs. It is certainly not a business proposition to sacrifice wheat and then buy pork packed in Chicago. Wheat fed to hogs is worth fully 60 cents a bushel, and that is certainly a substantial improvement over present prices.

LESS wheat and more hogs and cattle would prove a blessing to this country. There is too much Eastern canned beef, too many distant cured hams, and too many buckets of foreign lard in this country to make the people financially happy.—Valley Transcript.

WE NOTE from an exchange that the oldest man in Oregon, or perhaps, in the United States, died the other day at Oregon City. His name was Charles Mooney. He was born in Ireland. He lived in Indiana for a time, and was 107 years old. He had lived in this state since 1853.

W. A. BRADY, Corbett's manager, has signed the contract of the Sioux City Athletic Club. But as yet no acceptance has been secured from Jackson or his manager. The fight, if arranged, will take place in the open air on a bar in the Missouri river, near Sioux City, and between Nebraska and Iowa.

INSTRUCTIONS have been sent to Major Post by the war department to make an examination and report upon the right of way for a boat railway at the Dalles of the Columbia river. If the prices are reasonable in his judgment, they will be accepted. Where unreasonable, the attorney-general will be asked to begin condemnation proceedings.

IT IS NOW asserted that the recent forest fires in Minnesota which resulted in the terrible loss of life and property, were started by timber thieves in order to cover up their stealing and thus prevent agents from measuring the timber stolen. This is a horrible story, if true, and should be thoroughly investigated. In any event, this promiscuous manner of cutting timber on state and government lands should be severely regulated.

WE NOTICE in an exchange where a man with a good-sized wheat crop has gone back to primary conditions and is using his cayuses and boys in tramping it out, using a fan mill to clean out the chaff. This is certainly going back a good many years, but where crops are not too large considerable money can be saved by doing likewise in Morrow county. Times are hard and every effort must be made to save in the cost of production.

W. S. SMITH, an East Portland grocer whose store had several times been raided by thieves during the past year, set a trap-gun with the hope of crippling the next intruder, and as a result killed a burglar named George Morehouse last Thursday night. The bullet tore through Morehouse's leg, fracturing the thigh bone and severing an artery from which he bled to death. The jury's verdict was to the effect that he had died from the effects of a gunshot wound received while attempting to burglarize a store. Grocer Smith was arrested Saturday on charge of murder. However, he will in all probability be released. In the future burglars will do well to look out for trap-guns.

A PHYSICIAN'S STORY.

DR. C. H. PORTER OF KENTUCKY, SUFFERS FOR OVER 25 YEARS BEFORE HE FINDS RELIEF.

How he was affected, how he suffered, and how he was cured. An interesting case.

From the Mt. Sterling, Ky., Gazette.

In the mountains of Eastern Kentucky, several miles from the line of the Chesapeake & Ohio Railroad, lives a retired physician and farmer, surrounded by a happy and interesting family. His name is Dr. C. H. Porter, and for 47 years he has ministered to the sick in the counties of Rowan and Morgan, and for years he suffered more than many of the patients on whom he called. He was at last cured, and his cure was so startling and miraculous that it was soon the talk of the mountains, and finally reached the Bluegrass. A reporter of the Gazette hearing of the remarkable case, concluded to investigate the matter in the interest of suffering humanity.

The reporter reached the home of Dr. Porter, and after introducing himself, said, "Dr. Porter, I learn that for years you have been a great sufferer, and that you have at last been cured by a new discovery in medicine. Will you oblige me by relating your experience?"

In reply, Dr. Porter related the following: "Twenty years ago, while living in Morgan county and practicing my profession, I had a terrible nervous shock that completely prostrated me, and from that time until a few months ago, I suffered untold agony, and in fact never knew a well day. I tried everything in the way of medicine that I could hear of, and consulted physicians for miles around, but I found no relief, and I resigned myself to the inevitable, as I thought, and awaited the end. A few months ago my son saw an account in your paper of a new medicine called Dr. Williams' Pink Pills and wanted me to try it. I told him it was no use, that they would do me no good; but finally he persuaded me to get Mr. B. L. Tabor, our merchant, to order some for me. After taking a few doses I felt better, and again hope revived in my breast. I continued to improve, and now I believe I have finally recovered. That is about all my story. I believed Pink Pills saved my life, and I never fail to recommend them to anyone who is suffering. In fact, I can tell you of a man that you will pass on your road home who has been almost completely cured of rheumatism after years of suffering. Mr. S. G. Bailey, is his name, and you can stop and see him."

After thanking Dr. Porter, and bidding him farewell, the Gazette man started for Mr. Bailey's residence. He was found on his farm cutting some trees down. In reply to our inquiry, Mr. Bailey said: "Yes, Dr. Porter has told you the truth. I suffered for years with the rheumatism, and was only able to leave my room in good weather, and then was not able to do any work. I saw Pink Pills advertised, and was urged by Dr. Porter and other friends to try them, but I had no faith in patent medicines, and for several weeks finally overcame my prejudice, nevertheless, and I am glad to say, you can see yourself what Pink Pills have done for me. Come to the house, and I will show you my crutch and cane which Pink Pills have enabled me to lay aside. I have also been giving these pills to a neighbor's child, which has scrofula, and it is improving right along."

The reporter next visited the store of B. L. Tabor, who corroborated the testimony of Dr. Porter and Mr. Bailey. Mr. Tabor further said that he had never handled a medicine that had given such universal satisfaction as Pink Pills, and it was almost impossible to supply the demand. The address of all the gentlemen referred to is, Elizabethtown, Rowan county, Kentucky, and anyone can have these statements verified by writing them.

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an infallible specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, vertigo, neuralgia, rheumatism, nervous headache, the after effects of a grippé, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, (50 cents a box or 6 boxes for \$2.50)—they are never sold in bulk or by the 100; by addressing Dr. Williams' Medicine Co., Fitchburg, N. Y., or Brookville, Ontario.

INSTRUCTIONS have been sent to Major Post by the war department to make an examination and report upon the right of way for a boat railway at the Dalles of the Columbia river. If the prices are reasonable in his judgment, they will be accepted. Where unreasonable, the attorney-general will be asked to begin condemnation proceedings.

Kenneth Bezmor had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. This medicine naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by Shoen-Johnson-Drug Co.

Peculiar to itself.

Hood's Sarsaparilla is peculiar to itself, in a strictly medical sense, in three important particulars, viz: first, in the combination of remedial agents used; second, in the proportion in which they are mixed; third, in the process by which the active curative properties of the preparation are secured. These three important points make Hood's Sarsaparilla peculiar in its medicinal merit, as it accomplishes cures hitherto unknown.

But it is not what we say but what Hood's Sarsaparilla does, that tells the story. What Hood's Sarsaparilla has done for others is reason for confidence that it is the medicine for you.

HEPPER IN THE LEAD.

ED. GARTNER—in your issue of Aug. 31 appears a communication from a Pendleton merchant regarding the Heppner Merchants Union, and tries to leave the impression with your readers that it is to their disadvantage, and that their only remedy is to trade in Pendleton. The communication was ably answered by Messrs. Minor & Co., but perhaps a few facts from a disinterested party will be of interest in connection with the matter.

For three days the past week I was in Pendleton selling fruit. I took occasion to ascertain prices and I found that all the staple articles in the grocery line were higher there than in Heppner, and I made this statement to all who are interested, that you can buy flour, sugar, coffee, tea, tobacco, matches, Mason's fruit jars, beef, Cabot's Wauson, baking powder and soap at from 10 to 25 per cent less in Heppner than in Pendleton, and I defy Mr. Gartner, or any other Pendleton merchant, to prove by their regular prices to the contrary. Salt and coal oil are the same price. I the staples can be bought at so much lower prices, may we not order that all goods are lower? In conversation with a merchant from Long Creek, he openly stated in the presence of a merchant there that he could do better in Heppner than in Pendleton.

There is one trade in Heppner which attracts less trade generally, that is a business in buying up, or even holding, the trade. Without mentioning the particular trade I will say that their prices are from 25 to 50 per cent higher than in Pendleton and other Eastern Oregon towns, and this fact is known and commented upon to the detriment of Heppner's trade.

A. G. BARTHOLOMEW, ALBANY, O., Sept. 16, 1894.

ONE ITEM.

A small shower fell during the past week.

Warmer days have again put in their appearance.

Fruit is plenty this season and is selling cheap.

The Pleasant Hill school commenced on Monday, Sept. 24. The same teacher is again employed.

A number of carpenters are at work enlarging the Long warehouse. A large amount of grain is expected.

The Heppner school starts on Monday, Sept. 18th. A number of other schools will be in session this fall.

The farmers are greatly discouraged at the extremely low price of wheat. Laying prices would be acceptable just now. But what can we do?

John Ely, late teacher of Shiloh school, has departed for Washington, where he will be active as teacher during the present school year.

Teaching is begun in good earnest. In many instances what is producing better than at first expected. But with the present prices, what or how much does it benefit the farmer?

JACK, September 8, 1894.

A Grand Feature.

Of Hood's Sarsaparilla is that while it purifies the blood and sends it coursing through the veins full of richness and health, it also imparts new life and vigor to every function of the body. Hence the expression so often heard: "Hood's Sarsaparilla made a new person of me." It overcomes that tired feeling so common now.

FAILURE OF C. ROLL.—Late last week C. Roll transferred his Heppner grocery business to J. C. Brown, of Black Horse, as security for money loaned Roll by Mr. Brown. This action, which virtually shut out other creditors to the amount of \$2,000 or more produced quite a stir among the interested ones. The Heppner Flouring Mill Co. were creditors to the amount of \$400, and were the first to try the expediency of law, but they soon resigned from the field. Saturday King Wilson, representing the creditors, arrived from Portland but he did nothing of any consequence. However, the Gazette is informed that Mr. Roll will make an assignment, and that on earth it will be made of the Gazette was not.

Mistakes.

A man who needs power for pumping, sawing or lathes, surely makes a mistake if he purchases an inferior make of machine because it is cheap. Why not buy the Hercules Gas Engine and make no mistake. Inquired for agents by "PUMPER" and "TYPE FOUNDRY, Front & Alder Sts., Portland, Oregon.

STOLEN OR STOLEN.

Our horse branded M. S. Finder will please return to George M. Mastner, in the mountains, or to A. Abrahamson, Heppner, Or., and receive suitable reward. There are other brands on the animal besides the one mentioned, but the writer cannot describe them.

LAND FOR SALE.—180 acres over in Wilson prairie. A good stock ranch. It will be sold cheap. Call at Gas to office for particulars and terms.

G. A. R. NOTICE.

We take this opportunity of informing our subscribers that the new commissioner of pensions has been appointed. He is an old soldier, and we believe that soldiers and their heirs will receive justice again hands. We do not anticipate that there will be any radical changes in the administration of pension affairs under the new regime.

We would advise, however, that U. S. soldiers, sailors and their heirs, take steps to make application at once, if they have not already done so, in order to secure the benefit of the early filing of their claims in case there should be any future pension legislation. Such legislation is almost retroactive. Therefore it is of great importance that applications be filed in the department at the earliest possible date.

If the U. S. soldiers, sailors, or their widows, children or parents desire information in regard to pension matters, they should write to the Press Claims Company, at Washington, D. C., and they will prepare and send the necessary application, if they find them entitled under the numerous laws enacted for their benefit. Address: PRESS CLAIMS COMPANY, JOHN WEDDERBURN, Managing Attorney, Washington, D. C., P. O. Box 383.

HAD NOT LOST JIM BARBAR.—

Monday night that as young Moore, who is leading sheep for Joe Kelsay, was going down town and to where the sheep are camped, on their way from the mountains, he was halted by a lone horseman, and at the point of a pistol made to give an account of himself. The stranger demanded to know his name, his occupation, etc., after which unceremonious ceremony, he coolly remarked that he didn't know what he (Moore) might be looking for Jim Barnard, and on being assured by Mr. Moore that he had not lost any person of that particular nom de plume, the mysterious midnight meanderer put spurs to his horse and galloped away. Moore did not know of the killing at Condon at the time. The stranger who made the "hold-up" was in all probability none other than the same man who shot Hamilton at Condon, Monday morning.—Antelope Herald.

BIRTHDAY PARTY.—On last Friday eve, the 7th inst., quite a number of invited guests assembled at the residence of Mrs. Caroline Nelson to attend a birthday party given in honor of Miss Mary Nelson. BROKEN ARM.—Mrs. Hollenbeck, who is teaching at the Hughes school house below town, while leading a horse hauled a wagon yesterday, suffered a fracture of both bones of the right arm above the wrist. The halter strap was unobliquely wrapped around her wrist, and the animal falling down suddenly, threw Mrs. Hollenbeck out of the vehicle with the result above stated. Dr. Ozanne was called and the patient is doing well.
