

SILVER GOING UP.

Silver has been on the upward grade for several days, and wheat and other products have also taken a jump.

Several explanations of the continued rise in the price of silver are advanced. One is the fact that England seems disposed to join the proposed bimetallic congress, with a far stronger English sentiment behind the proposition for international bimetalism than ever before.

Another is that China will need a large amount of silver to settle with Japan. Still another that Spain is buying a good deal of silver, to use in its suppression of the insurrection of Cuba.

At any rate, whatever the cause, or whether all these causes are combined to produce the result, there has been a rapid and gratifying rise in the price of silver, and, concurrently, and consequently, in the price of wheat and other products.

THE Budget, of Astoria, has been taking a vote on the money question with the following result: Democrats for gold standard, 36; for free silver, 162; republicans for gold standard, 46; for free silver 104; populists for gold standard, 1; for free silver, 98. A total of 83 for gold standard, to 364 for free silver, which is about the size of public sentiment in the Northwest generally.—Albany Democrat.

THE nations of the earth are having a dance of a time tramping on each other's toes and then following it up by a lot of diplomatic rot and profuse apologies. The time has come for war, and the sooner it begins the better, at the same time deploring the necessity for it.

MCKINLEY denies that he made the assertion that he would leave the republican party if it declared for free and unlimited coinage of silver. On the contrary he said that it was absurd and left the inference that he would accept the nomination on a silver platform.

THERE is considerable wheat in Morrow county which remains unsold. It is gratifying to know that the price is now getting to be such that there is a little profit in wheat. We hope that it will go higher yet.

THE Salem Post accuses the Gazette's editor of being a member of the last legislature. We deny the accusation.

JOAQUIN MILLER tells horrible stories concerning the imprisonment of political prisoners in Hawaii. It may all be true, but

Joaquin always was visionary, even when he filled the humble, though honorable, position as judge of Grant county.

UTAH will most likely adopt a constitution favoring woman suffrage.

WORK OF THE LEGISLATURE.

The press, with a few honorable exceptions, has been filled with vituperation and unjust criticisms of the 18th biennial session of the Oregon legislature which closed at midnight, Feb. 23. It seems to be fashionable of late years to sneer at the legislature and whatever it may do or leave undone.

At every succeeding session these state slanders and silly lies are repeated and worked over in every conceivable form. Unlike the tallings of a placer mine, the more they are worked the richer they appear to be.

Persons who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. It acts quickly and can always be depended upon.

Joe Combs, sheriff of Grant county got in Thursday last from Salem and departed on Friday's stage for Canyon City.

OLD-TIME ENEMIES.

China and Japan Have Been Foes for Two Thousand Years.

Corea Since Time Out of Mind Has Been the Bone of Contention Between the Two Nations.—The First Invasion.

The first Japanese invasion of Corea, as Dr. Murray points out, was under the Empress Jingjo, who was mother of the god of war; therefore it has to be taken with salt.

When your heart pains you and unusual palpitation is frequent, accompanied sometimes with shortness of breath and low spirits you are suffering from a disordered state of the liver, digestion is imperfect and there is wind on the stomach.

Now is the time to get the Weekly Oregonian, the greatest newspaper of the West. With the Gazette, both strictly in advance, for one year, \$3. No better combination of newspapers can be made in the state.

Notice—All news and advertising matter must reach this office not later than Monday noon for Tuesday's issue, and not later than Thursday noon for Friday's issue.

FLO AND L.

Written by Miss Nora White, San Francisco. [When all the world is in white. And merry night, By moon and stars is rendered bright, And everywhere the sleighbell, Rings out to tell, The tale that lovers love too well, With joy I capture Flo and L. And off we go, Across the glittering fields of snow, Our sleigh just large enough for two, Who want to woo, And keep untrouled while they do, I placed my arm in comely lace, Around her waist, For what's the harm? She shows no trace of alarm, For what's the harm? This on we speed, past o'ast and farm, "Hight! What now!" we'd laugh and shout, We're tumbling out, The snow is cold beyond a doubt, We climb again into the sleigh, And quickly learn we've lost our way, Yes, lost our way, alas, alack, We can't get back— Here comes a storm upon our track! In yonder cottage shines a light— It's hardly right, But there we'll have to stay all night, And who should answer at the door— But Parson Bore, Who's oft seen run away before; And since he has but one spare bed, We'll turn red, And Flo and L. we just got wed.

"We take pleasure in recommending Chamberlain's Cough Remedy because it is praised by all who try it," says J. W. Cox & Son, druggists, Marshfield, Oregon. No one afflicted with a throat or lung trouble can use this remedy without obtaining prompt relief.

W. C. Akers, aged 73 years, and W. J. Flemming, aged 71 years, both residents of the Gooseberry section are ill of Bright's disease of the kidneys.

MONSTER POPULATION OF ANTE

There are more ants in the square mile in Florida than in an acre of country in the world, says a writer in the Savannah News. There are ants which will measure more than half an inch in length, and then there are ants so small that they can scarcely be seen to move with the unaided eye.

ST. NICK IN TROUBLE.

The queer experience of Santa Claus at Sunday School. There was to be a "Sandy Claus" at the Boonville Baptist church for the Sunday school scholars, and elaborate preparations had been made for the event. There had been Christmas trees at the church since time out of mind, but there had never been a Santa Claus, and old and young alike were all agog over the expected treat.

A certain young man who was somewhat popular on account of previous performances was selected to impersonate Santa Claus. For the purpose he had provided himself with white whiskers and wig and coat and cap trimmed with fur. With these and his face reddened with carmine he made a very presentable figure of the jolly old saint.

At last the auspicious evening came round and the church was crowded to the doors with eager Boonvillians of every age, denomination and hue. People were not going to stay away because they belonged to other churches.

Fixing It Up. Young Tutter—I just dropped in to say that I am getting up a little straw ride for Christmas, Miss Mand, and I thought perhaps you would like to get.

Miss Maude Twickenham (doubtfully)—Well, I don't know. Mother is a little particular about my going on straw-rides. Mr. Tutter. You know, she has some very strange notions. I presume you will drive—as usual?

Tutter—Yes, I expect to. Miss Twickenham (brightly)—Well, I guess perhaps I can arrange it. I will promise mother to sit on the same seat with the driver.—Life.

On X-mas Morn. Tommy—Isn't this called the horn of plenty, mamma? Mamma—Yes; don't you think it a pretty title?

Tommy—No, I can't; because I have eaten all the candy there was in it, and there wasn't half enough.—Puck.

On X-mas Morn. Mrs. James—Have you ten dollars, Dick? Mr. James—Here it is. What do you want it for? Mrs. James—I want to give you a Christmas present, dear.—Chicago Rec.
