ANSWER TO SILVERITE.

Ed. GAZETTE: I hope you will permit me a little space that I may notice a few thoughts advanced by some one who calls himself "Silverite." Now this man seems to be properly based on the silver question, but the single plank is too narrow for one of a broad understanding.

I conclude that he is either narrowly posted or that he is afraid of the platform and power of the people's party. Now if the first is the case he should at once subscribe for the Chicago Searchlight, or some other honest literature, published by a philanthropic party and thereby post himself; and when I say a philanthropic party I do not mean one whose philanthropy only embraces a favored few, nor do I mean a party who is still living by virtue of their good deeds done thirty years ago.

It is a fact that "the 30" stood firm in our last legislature against Mr. Dulph and thus far they are to be commended. But when they elected McBride they placed a man there who was not committed. Hence we can only look upon the transaction as doubtful in its ultimate results.

Possibly "the 30" silverites were tricked by the goldbugs. Their being on a narrow platform a little jar may have dislodged them. I do not know that there is a silver party, but only said that "there has been considerable talk of such a party," and knowing that there are many in the republican party who, through party prejudice, have failed to post themselves, our worthy colleague, Mr. Lewis, stands ready to handpick any move which bears such narrowness upon its face.

If any man will take the pains to secure the statistics and study them he will see at once that the increased indebtedness of our government has placed us beyond the power of silver alone to save us from thralldom, for the increased wealth of the money powers places silver in a position where it may be cornered.

WILL HOSKINS, HARDMAN, Or., April 1, 1895.

[Mr. H. can rest assured that McBride satisfied "the 30" or he never would have received their votes. While we do not concede the need of a silver party, we would like to have an explanation as to how silver would be cornered. Assertions and facts are two different things.—EDITOR.]

Knights of the Macabees. The State Commander writes us from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children, we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it will cure where all other remedies fail."

—Signed, F. W. Stevens, State Com.— Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at the drug store of T. W. Ayers, Jr.

REV. McEWAN'S DEATH.—The Telegram says: Rev. W. L. McEwan, rector of St. Mark's Episcopal church, died last evening (Friday) at his home, 50 Twentieth street, of pneumonia, after an illness of five days. His death was quite unexpected, for, although he was very sick, his physicians at 6 o'clock last evening thought that he was improving. He leaves a widow and three minor children. Deceased was the best-known Episcopal clergyman in the Northwest. He was a native of Oregon, having been born at Clatsop, 43 years ago. His father, B. S. McEwan, crossed the plains in 1851, and settled in Clatsop county, where he still resides. Rev. Mr. McEwan was educated in California and the East, after graduating from Bishop Scott academy. After his ordination, he commenced work in The Dalles, where he remained for eight years, afterward removing to Walla Walla, where he remained for one year. When St. Mark's parish was formed, eight years ago, he was called to take charge of the little chapel, and so successful was he in his pastorate that it is today one of the best-known churches in the city. No arrangements have yet been made for the funeral, owing to the absence from the city of Bishop Morris, who was a very close friend of the deceased, and who will doubtless desire to look after the matter. Bishop Morris is expected home today.

A NARROW ESCAPE!

How it Happened. The following remarkable event in a lady's life will interest the reader: "For a long time I had a terrible pain at my heart, which increased almost incessantly. I had no appetite and could not sleep a sound hour without sitting down and resting. But, thank God, by the help of New Heart Cure all that is past and I feel like another woman. Before using the New Heart Cure I had taken different so-called remedies and been treated by doctors without any benefit. I was both discouraged and disgusted. My husband bought me a bottle of Dr. Miles' New Heart Cure, and an hour or so after I began to feel better. I weighed 125 pounds when I began taking the remedy, and now I weigh 100 lbs. Its effect in my case has been truly marvelous. It far surpasses any other medicine I have ever taken or any I believe I ever received from any physician.—Mrs. Harry Starr, Forsythe, Pa., October 15, 1892.

Dr. Miles' New Heart Cure is sold on a positive guarantee by all druggists, or by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1 per bottle, six bottles \$5, express prepaid. This great discovery by an eminent specialist in heart disease, contains neither opiates nor dangerous drugs.
