Last Friday Geo. Fell got up a raffle on one of his \$100 bicycles, Benny Patterson winning with number 87. The raffle was gotten up with numbers ranging from 10 to 137, each sealed up in an envelope. The party drawing paid as many cents as equal the number drawn, and was settled by corresponding numbers to those sold being placed in envelopes in a receptacle, from which one envelope was drawn and the number contained therein to be the winning number. Benny's bicycle therefore cost him 87 cents.

FROM LOS ANGELES.—The Gazette—the only Semi-Weekly Heppner Gazette—is in receipt of the "Caravilla" or "La Fiesta" number as they express it in Spanish, of the Los Angeles Times, for which we sincerely thank Heppner's former resident and our good friend, Homer McFarland. This carnival of flowers, pretty maidens, matchless and gaily caparisoned horses, drawing chairs and other vehicles, is of yearly occurrence, and the description of this year's event, occurring April 20th, is very interesting. Would that we all could live at "The Home of the Angels," which is the English interpretation of the Spanish "Los Angeles." Homer says that the impression that got out from a former letter written to one of his Heppner friends that things are quiet down there is not correct; on the contrary quite lively and buildings are going up every day. Continuing, Homer says that "I see Harry Woods quite often. He is working for the Terminal R. Co. Wm. Lussier, formerly of Heppner, is here. Also our old friend, Alex Greenwald, formerly traveling for H. Rosenfeld & Smith Co. of Portland. I meet quite a lot of people here from Oregon and Washington. The small fruits have just begun to come into market, such as strawberries, blackberries, etc. Strawberries 5 cents a lb., and very fine. Oranges are too common here to eat. The kind you folks get at Heppner sell here for 50 cents per box." Homer concludes by hoping that Heppner will regain her times of 15-cent wool and 65-cent wheat.

W. Ayers, Jr., drug store.

NOT A SUCCESS.—The editor of this paper is not a cyclist. More than one person in Heppner knows that. Yesterday it was demonstrated plainer than any lesson in "Coin's Financial School." Geo. Fell came along by Bill Johnston's with his brand new \$100 wheel, and it looked so easy to ride it. "Pat" accepted an invitation to try; the rest was easy. Going down the sidewalk at a lively pace, the blamed machine got to going sideways, and before we knew what was the matter Alex Gunn's fence, the bicycle and several feet of ribs were mixed up some. The doctor said none of them were broken—the ribs—but the wheel did not fare so well. This all reminds our reporter of Bill Nye's experience with a fine bull he was importing from Jersey. When Bill tried to put a new engagement ring in his nose he let off a deafening roar and mused the American on a speech in the chest that the doctor on board the ship worked on him all the afternoon, and even then there were eight feet more intestines than he could use. It was like putting the mainspring back into an old Waterbury watch, he said. Bill doesn't like anything foreign, anyway, from a bull down to Oscar Wilde. Any further intimacy with a bicycle on our editor's part will occur in a 40 acre field.

When your heart pains you and unusual palpitation is frequent, accompanied sometimes with shortness of breath and low spirits you are suffering from a disordered state of the liver, digestion is imperfect and there is wind on the stomach. If allowed to remain the trouble will ultimately reach the kidneys and become dangerous to life. Steps should be taken to stay its progress on the appearance of the first symptoms. Dr. J. H. McLean's Liver and Kidney Balm is especially adapted for disorders of this kind. Price \$1 per bottle.

THE HUNDRED STEEBERS.—When the weather permits, the sheers are hard at work now. Several crews were in town yesterday and report the sheep tougher to shear this year than usual, owing to dry weather which put the wool into condition to catch the dirt and sand. The Tone Junkins crew, composed of Tone Junkins, Gus Stillman, Dave Holderman, Jas. Grace, Tom Schoolcraft and Ernest Berwick, have just sheared out Joe Vay's band numbering 14,000 head. The fleeces were very heavy, averaging, perhaps, close to twelve pounds apiece. The Watkins crew are now at work on "Judge" Dutton's sheep, and if the weather clears up will soon make short work of it. This crew is composed of Ben and Bob Watkins, Jeff Jones, Smith Burch, Reul Gaunt, Johnny McFerrin, Wm. McCormack, Billy Crank, Billy Stewart and Fred Shilling, all home sheers.

Walt Richardson and numerous other local and foreign sheers are busy at work in the neighborhood, and ere long the Morrow county flocks will have been shorn and will start for summer range in the Blues and Greenhorns.

On yesterday afternoon Mrs. Addison talked to those interested in the cause of temperance at the M. E. church, and last evening lectured to a goodly number of people at the M. E. church, South, on the subject of "Labor and Capital." Mrs. Addison is a pleasing talker and is very well informed on the subject that she has undertaken to present to the public.

Mr. Rhea is a Heppner boy and was born on Rhea creek, this county. He is a steady young man of good business qualifications, as well as his worthy partner, a bright future.

She says it saved her life. Mr. Thos. Eagers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful, in such results, of which there are many examples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottle at T. W. Ayers, Jr., drug store. Regular size 50c. and \$1.

MARRIED IN PORTLAND.—Conductor Charles R. Miller, of the O. R. & N. ran between Pendleton and Portland, was married Wednesday afternoon at 4 o'clock in Portland. The bride was Miss Allie Gilmore, formerly of Arlington and lately a resident of Portland. Mr. and Mrs. Miller left Portland today for San Francisco to join the thirty days' excursion of the Order of Railway Conductors. There will be extended very hearty congratulations to the newly wedded couple by the numerous friends of Mr. Miller in Pendleton. Mrs. Miller is known in Pendleton and is spoken of as a very estimable young lady. They will reside in Portland on their return from the wedding journey.—E. O. Both are very well known in Heppner and the Gazette extends its well wishes.

In the spring, the human body needs assistance to throw off the stagnation produced by winter diet. As the temperature rises under the growing heat of the sun's rays we feel tired, half sick and low in spirits, because the blood is sluggish and full of impurities. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier is a reliable spring remedy to invigorate the body and give tone to the digestion. Price \$1 per bottle.

SEEKERS OF THE PRESIDENCY.—American history, says the Boston Herald, is fruitful in the record of the failure of men who have sought the presidency of the nation. Since the days of Andrew Jackson there has not been an instance of a man who has striven for the office actively for any considerable period in advance of nominations who has been successful in attaining it. The list of such seekers is a list of most eminent men of their respective eras. Beginning with Clay, Webster and Calhoun, it includes further Cass, Douglas, Seward and Chase, and it ends with Blaine and Sherman. Considerations of expediency have ruled out some of these men; they defeated Clay and Seward. Personal rivalries operated to bring about the failure of others, like Cass and Blaine. There has been a fatality about electing candidates when a nomination was secured, as is seen in the case of Clay, Cass and Blaine. The position of an avowed candidate for the presidency is the most difficult one in which a politician can be placed.

Dr. J. H. McLean's Strengthening Cordial and Blood Purifier is admirably adapted to make "a little health go a long way." Its curative power is largely attributable to its stimulant, tonic and nutritive properties, by which the energy of the system is reconstituted. It is pleasant to the taste, cleanses the stomach and harmless under prolonged use. Price \$1.00 per bottle.

HOW HE GOT OUT OF IT. Wife—"George, I know you will not like it, but I shall have to get you to stop at Lucy's and match this piece of ribbon." Husband (enthusiastically)—"Not like it? Spring Medicine. It is a necessity because the tonic of winter air is gone, and milder weather, increased moisture, accumulated impurities in the blood, open the way for that tired feeling, nervous troubles, and other ills. The skin, mucous membranes and the various organs strive in vain to relieve the impure current of life. They all welcome Hood's Sarsaparilla.

Hood's Sarsaparilla. to assist Nature at this time when she most needs help, to purify the blood, tone and strengthen the laboring organs and build up the nerves.

Purifies The Blood. "I have taken Hood's Sarsaparilla and it has always built up my system, given me a good appetite and cleaned my blood." THOMAS KROGER, Talara, California.
