

THE Corbett-Fitzsimmons fight will come off in Texas.

SENATOR DAVID B. HILL is still an independent bimetalist.

PYTHIAS comes to hand again with plenty of fraternal notes.

SOME say that the gold standard is the money standard of civilization. The faro bank and "thimble-rig" are also products of civilization.

IF THE currency had the two legs of bimetalism instead of one, it would not have to borrow a crutch from Rothschilds to stand on.—Ontario News.

THE Oregonian heads its convention notes from Springfield, Ills. "Democrats of Ohio." The head writer probably got mixed on the Springfield. Just the same, the Ohio democrats will follow suit.

THE democracy of Illinois have declared unqualifiedly for free and unlimited coinage of silver without a dissenting vote of a total number of 850. Where's Cleveland? The Illinois democrats go still further and ask for a national convention.

THE Oregonian tells the exact truth when it says that the O. R. & N. is much better off under separate management, and not tied up to any other corporation. It is better for Oregon, too. The road is paying and will soon be out of the hands of the receiver.

THE hot wave in the East last week caused many deaths. In New York alone twenty-five succumbed to the effects of sunstroke. And yet the thermometer did not go above 97. Oregon has no sun-strokes, even when the thermometer goes up far above 100.

IN MARCH of this year we bought \$4,418,800 more goods than we sold; in March of last year we sold \$5,151,875 more than we bought. That's the difference. That is how the foreign market is being opened up to the American producer.—Kansas City Journal, April 20, 1895.

F. P. COUDERT, the legal representative of France in the United States, says that Europe must recognize silver or lose the entire business of the Western continent. They cannot get along without the United States and sister republics, but these countries can do very well without Europe.

WE MUST urge the necessity of Heppner keeping pace with the times. Telephone connections with Portland, Spokane and intermediate points should be made as soon as possible. If our business men will take hold of the matter there will be no difficulty in securing the extension of the line into Heppner.

THE weather is very hot and dry in the East, and though failure of the wheat crop is predicted, that cereal opened weak for futures Saturday in Chicago. The Liverpool market shows no advance, but local prices on the coast remain about the same. In the Gazette's opinion, now is a good time to sell wheat, though it may go higher.

ARCHBISHOP KENNICK, of St. Louis, has been deposed by papal authority. He is nearly 90 years of age, and is mentally incapacitated to carry on the affairs of his office. Besides he had shown little regard for the head of the church when strong in mind by protesting against dogmas of papal infallibility and immaculate conception.

THE unveiling of the Confederate monument at Chicago, May 30th, was attended by leading generals on both sides of the "late unpleasantness." Six thousand Confederate dead were buried in Oakwood cemetery at Chicago. Gen. Wade Hampton's speech on this occasion was a patriotic one, and shows that we are truly a united nation of people.

THE Oregonian talks about the wonderful increase of the world's product of silver. In the early history of our country and for years the silver output was much larger than the gold, the proportion being greater than at any subsequent period. In 1845 there were 31 times as much silver as gold, but 1850 there but 18 times

as much silver as gold. It is strange indeed that the commercial ratio varied but little from 1792 up to 1873, while since that period there has been a greater divergence, gold getting dearer daily. Just as well admit that the desirability of silver as a money metal has been legislated away for the convenience of the gold barons. No use haggling over facts that are apparent.

IN 1873 an ounce of silver would buy about a bushel and a quarter of wheat. Today a bushel of wheat will buy a large fraction over an ounce of silver, says the Telegram. Comparing the average price of wheat and silver for 1893 with the average price of wheat and silver for 1895 and the relation of the cereal to the metal in bullion is about the same. Wheat has advanced in America for local reasons, and for similar reasons is falling, the Liverpool market not warranting the gambling price set up at Chicago. The gold-bugs don't go below the skin in their search for facts and often find themselves up a stump, just as the Telegram is every day of its existence.

MORROW county, as values are now for range lands and sheep, offers the best opportunities in the West for making money. It's those who have paid double what lands and sheep are now worth who are feeling the effects of the scaling down. Wages are low, supplies are very cheap, and now is the time to invest, for soon the rising market will make one money on the original investment, besides the natural increase.

THE Oregonian in a recent issue publishes a letter from the pen of W. W. Smead in reference to sheep and wool raising in Morrow county and the figures show up well. With half of the investment required two or three years ago, there is big money in sheep, and now is the time to buy.

Like a sieve. The chief function of the kidneys is to separate from the blood, in its passage through them, of certain impurities and watery particles which make their final exit through the bladder. The retention of these, in consequence of inactivity of the kidneys, is productive of Bright's disease, dropsy, diabetes, albuminuria and other maladies with a fatal tendency.

Hotter's Stomach Bitters, a highly sanctioned diuretic and blood purifier, impels the kidneys when inactive to renew their sifting functions, and strain from the vital current impurities which infect it and threaten their own existence as organs of the body. Catarrh of the bladder, gravel and retention of the urine are also maladies arrested or averted by this benign promoter and restorative of organic action. Malaria, rheumatism, constipation, biliousness and dyspepsia also yield to the Bitters, which is also speedily beneficial to the weak and nervous.

AFTER THE RACE.—Scene, racetrack. Discovered, four or five wheelmen, including editor with fast wheel, and country cyclist on heavy, old-fashioned machine. Boys "scorch" editor follows. County cyclist plods along even pace. Editor rushes matters, boys lead, and e. e. same old lick. Editor strikes wet wagon track, wheel lurches, editor strikes terra firma on left ear and right knee; ear full of dirt, knee scalped and wheel on top of nose, "e. e.," "ouch," "ouch." Country e. reaches the goal with the rest—of those riding—comes back cool as a cucumber to pick up the remains. Scene II. Amica bottle in background; solicitous relatives in front; editor on couch nursing knee; wheel in the woods. Song: "After the race is over, when the wheel is dead."

CURE FOR CRIPPLED CHILDREN. The National Surgical Institute, Pacific Branch, 319 Bush Street, San Francisco, successfully treats all cases of Orthopedic Surgery, Diseases of the Spine, Hip and Knee Joints, Paralysis, Piles, Fistula, Nasal Catarrh, Bow legs, Knock Knees, all Deformities and Chronic Diseases. Their success in treating these cases is shown by thousands of references from trustworthy people all over the country.

Persons having afflicted children or friends should convince themselves of the excellent results of the system of treatment by this Institute. One or more of the surgeons will be at the Palace Hotel, Heppner, Tuesday June 11, one day to examine cases. Send for circular. Reference made by had to J. C. Hayes, Heppner, Hon. Thos. L. Davidson, Salem, A. H. Windsor, Lexington, Governor E. P. Ferry, Olympia, and hundreds of others. 41-2.

Dog Tax. All owners of dogs should call on the recorder and settle their taxes for the fiscal year, and also provide their dogs with collars, each bearing the number of tax receipt. Those dogs on which taxes are not paid will go the usual route.

A. A. ROBERTS, Marshal. When your heart pains you and unusual palpitation is frequent, accompanied sometimes with shortness of breath and low spirits you are suffering from a disordered state of the liver, digestion is imperfect and there is wind on the stomach. It showed to remain the trouble will ultimately reach the kidneys and become dangerous to life. Stephens should be taken to stay its progress on the appearance of the first symptoms. Dr. J. H. McLean's Liver and Kidney Balm is especially adapted for disorders of this kind. Price \$1 per bottle.

MARRIED.—On June 2, 1895, at the residence of the groom, below Lexington, occurred the marriage of Mr. Henry Paulson and Mrs. Sarah K. Jarne, Rev. B. E. King, pastor of the South M. E. church at Orange Hill, officiating. The Gazette extends congratulations.

### FROM THE PULPIT.

Paine's Celery Compound Has Made Us Well!

WE ADVISE THE SICK TO TAKE IT, SAY THE CLERGYMEN.

Be Prepared for the Danger Season of Spring—Aggressive Christianity is Possible With Health—Pastors of All Sects Preach it East and West.

Practical work distinguishes the pulpit. Doctrinal sermons today are at a discount. Ministers of the gospel, as it by a well-concerted plan, are now putting tremendous energy into the cause of good government and public health. Aggressive Christianity seems to be the pride of every denomination.

Flat-chested, sallow-checked, weak-legged, watery-eyed clergymen are scarce; strong vigorous, clear-headed, manly fellows are entering the seminaries.

That a well man is a better man than a sick one is no longer heresy. Public baths, fresh air excursions, open parks, sunlight, physical training and proper medicines for the sick are all contributing to the work of home missions.

All sects appear to be entering with unusual activity into a practical reformation. Last week in Boston one of the greatest of its pulpit orators preached upon clean streets; in New York the churches have been breaking up political corruption. Money from the contribution boxes is going into hospitals. Many a young clergyman today takes a year or more, not in a trip to Europe to hear music and study cathedral architecture, and "round out his education," but in a plain, matter-of-fact medical school to learn anatomy and hygiene.

Most progressive ministers in every denomination today are recommending to their people the great remedy that makes people well, earnestly endorsing the work of Dartmouth college's generous scientist, and frankly lending their influence to that of the best physicians—advising generally the use of Paine's celery compound now that the "danger season of spring" is near.

The proprietors of this best of remedies now furnish a great quantity of testimonials from clergymen in every state, and almost every city and town in the country, from which the following are taken at random:

Rev. Charles C. Bruce. From Somerville, Mass., Boston's wealthy suburb, Charles Cromber Bruce, one of the ablest young pastors in the state writes: "I am nearly 38 years of age and weigh normally 158 pounds, at present my weight is 148½. My sickness took me down to 134½, so that you can see that I am getting back to myself, and God willing, shall soon be there. "I have been a very sick man, but owing to the goodness of the supreme powers I am now on the royal road whose end is perfect health. "After 20 years of excessive labor in studying and preaching, I was elected to a position in a high school in Boston, but the work told on me and I grew ill. The illness lasted for about a year and a half. But now I am so that I can see the end, and a more thankful man you never saw. A gentleman who lived near me began to use Paine's celery compound and it built him up. I thought of this and soon I was led to use it, and it has brought me out all right."

St. Theresa's Academy. Mother Theresa, writing from St. Theresa's academy, near Peoria, Ill., says, that they have given Paine's celery compound a thorough trial, and found it to be! that is claimed for it. She adds: "We shall continue its use and also recommend it to our friends."

Rev. T. F. Stauffer. The following testimonial from a man so widely known and beloved as Rev. T. F. Stauffer, pastor of the Faith Reformed church of Lincoln, Neb., is a most positive proof of the wonderful medicinal power of Paine's celery compound and its great superiority over ordinary sarsaparilla, tonics, and nervines.

"For nearly a year past I have felt myself running down. My nervous system was gradually growing worse; I had slight symptoms of rheumatism, and was troubled a good deal at times with insomnia. I felt that something must be done, and concluded to use Paine's celery compound. After the first few days' use I began to improve, and I am very much better now. Indeed, I feel like myself once more. All symptoms of rheumatism are disappearing. I can sleep well, my nervous system is rapidly improving, and I believe a radical cure is being effected. Paine's celery compound is a splendid remedy, and I can conscientiously commend it to the suffering in like cases. I further believe that if this medicine were taken in time it would save many heavy doctor's bills. I have never used a remedy of any kind that met its promises so well and so readily."

Editor of the Georgia Baptist. Rev. W. J. White, D. D., editor of the Georgia Baptist, says: "My wife was in poor health. I thought it best to get a remedy which caused severe attacks of neuralgia. She was favorably impressed with Paine's celery compound and procured it at once. She felt benefited from the first bottle, and I see a decided improvement which is gratifying. We have spoken of this medicine to several friends, and several have already used it upon our recommendation."

Rev. T. F. Martin, rector of St. Anne's church at Nashville, gives his people confidence in the great curative powers of Paine's celery compound. He says: "During the Lenten season last year, which, on account of multiplied services, is very trying and laborious to a clergyman, I became so run down that I feared I would not be able to hold out to the end. Having seen accounts of the efficacy of Paine's celery compound in similar cases, I concluded to try it. I was soon delighted to find that it gave me new vigor, and by the use of the

bottle, I was enabled to get through the most laborious part of the season, including Holy Week and Easterday, with ease and comfort. I attribute my relief to Paine's celery compound. I keep a bottle of it on hand and whenever I have a return of the feeling of exhaustion from unusual labor I take a few doses, always with a pleasant sensation of relief."

The Upper Iowa Conference. Among the many very able ministers in the upper Iowa conference none is better beloved by his church than Rev. B. F. Berry. Read of the great good that Paine's celery compound did him. "For three years I have suffered from indigestion, constipation and biliousness. I have taken three bottles of Paine's celery compound and find myself wonderfully helped. I feel rested now mornings, and no longer have any tired and stupid feelings. Therefore I take great delight in recommending Paine's celery compound to all suffering from these disorders."

The Venerable William A. Smith, Rev. William A. Smith, of Groton, Conn., after years of work, is still well and active. He writes: "In my early days, by great and prolonged mental suffering, I broke down in health and became a dyspeptic, being obliged at one time to give up my work in the ministry on account of ill health. I am now 83 years of age, and during my long life have suffered greatly from dyspepsia, torpid liver, constipation and insomnia, at times thinking I should be free of the world of weary sleep, and it is a wonder to me that I am alive today with all that I have been through. "I have tried an endless amount of medicine, but lately I have been taking Paine's celery compound, and have all faith in its merits as adapted to my case. By the use of several bottles, I so far recovered my health as to consider myself a well man for my age. It regulates the liver, stomach and bowels without any question. My appetite is now good, my sleep is refreshing, my liver active and regular, and my mind clear and active, as if I were a younger man. I am daily increasing in strength and improving generally, and hope that my youth will soon be renewed so that I can work as in by-gone days. People are surprised at my improved appearance and activity."

New York City Clergyman. Interviewed by a reporter in that city the other day, a large number of clergymen expressed the heartiest indorsement of Paine's celery compound. The interviews was published in the World. Here are a few of them: Rev. H. L. Grandinard, pastor of the French Presbyterian church, who lives at 143 West 16th St., said: "I have frequently been relieved of nervous affections by the use of Paine's celery compound. I think it a most reliable remedy and shall recommend it wherever I have an opportunity."

Rev. R. D. Winn, pastor of the Abyssinian church said: "My career as a minister of the gospel has been hampered by the fact that for years I have suffered from nervousness. I consulted several specialists who treated my case for months, but I must say that during the past few weeks I have received more benefit from one bottle of Paine's celery compound than from all the other medicines taken."

The recent indorsements of the great remedy by Rev. E. A. Onnell, Rev. Mr. Laird and other prominent divines have so recently been published that they are fresh in the public mind. Rev. G. A. Emery, of Pittsfield, Vt., writes: "Paine's celery compound is the best medicine to be found and I very cheerfully recommend it to all who are in a run down or exhausted condition. I have twice used it with most satisfactory results. For five years my work has been very heavy, especially so during the last two years. My conviction was that unless I found something to help me I must give up my work as a minister, but I took Paine's celery compound and last year came out all right, without a vacation so much as one Sunday. I recommend it to all as a wonderful nerve restorer."

Rev. B. S. Crosby. Rev. B. S. Crosby of Brushton, N. Y., says: "It gives me great pleasure to add my testimony to the effect of Paine's celery compound. For eight years I have suffered great pain in my back. Last April I was so weak and nervous that I arranged to go to Montreal for treatment, but three days before I expected to go a friend of mine urged me to take Paine's celery compound. I went that day and bought a bottle and commenced to take it, and before I had taken the first bottle I was free from pain in my back and could sleep sound, and am able to preach every Sunday. "I will gladly answer any one who may write to me about it. I trust your business will continue to prosper until the afflicted ones of the entire nation shall take Paine's celery compound and be revitalized."

Was Cased by Grip. Rev. Dr. J. F. Hall, of Mountville is one of the best known ministers in southeastern Ohio. Mrs. Hall, whose life was despaired of, was restored to health by Paine's celery compound. She writes: "My grip made a wreck of my natural good health. I suffered from continual headache, which nothing relieved, and from nervousness which prevented sleep and caused me to have palpitation of the heart when startled by any unexpected noise or sound. I had distressing pains in my back and side, was constipated, bilious, and yellow-complexioned. My pulse was very changeable, sometimes quick and at others scarcely perceptible, appetite poor, with a feeling of languor and weakness at times almost overcoming me. It seemed as if every organ in my body was diseased, and I was in despair of ever being well again. I can never describe my terrible sufferings and it would have been a great relief to have exchanged worlds, but like every mother, I would look upon my baby boy and having much faith in advertised medicines, it was with reluctance that I began to use Paine's celery compound but after the first dose I slept well. My improvement was rapid; I took six bottles and gained between 25 and 25 pounds in weight, and now I am healthy, ruddy checked and clear complexioned, the wonder of all my friends. I do my own work and assist my husband in his labors as a minister of the gospel. I always tell the sick and suffering what this grand compound has done for me."

For all Sufferers. Rev. Percy T. Fenn, rector of St. John's at Roston, N. J., writes: "It gives me great pleasure to commend the use of Paine's celery compound to all those who are suffering from nervous troubles. I have suffered for two years with nervous prostration brought on by overwork and excessive study, and during this time had tried almost everything in the way of medicine, besides being treated by an eminent specialist in nervous diseases, but nothing helped me until I used Paine's celery compound. This remedy has been of great benefit to me, and I shall recommend it to all sufferers."

The Celery Compound. Paine's celery compound makes people well. Try it and be convinced.

### See This!

A big line of summer wash goods, including satteens and other lines in great demand.

Stick a Pin In here, and don't forget the nice line of laces being sold at very low figures.

Ladies Wanting The nicest, neatest and cheapest underwear should not pass that department, else they may regret it.

You Must Have shirts, men, and prices from 25 cents to \$3 are found. You can get what you want.

'Tis Warm To travel now, but those who must go should not fail to provide themselves with a trunk and valise of latest make. Sold very cheap.

The Feet Should be encased in comfortable shoes. Sloucum's line is extensive and deserves inspection. A new line of Eastern goods expected shortly.

See the Line Of latest styles in gloves. The best is to be found in this department. Call for prices and don't fail to see them.

Prices and Quality Are special features of Sloucum's store, and in this column he proposes to keep you posted on what he keeps.

I Expect To meet competition in any line kept by me, and invite an early inspection of stock.

E. J. SLOCUM, Old Blackman Stand, HEPPNER, OREGON

### Official Predictions!

PREDICTION FOR HEPPNER: A breezy time may be expected at Ben Hunsaker's, followed by a regular cyclone of low prices that will sweep all opposition before it. Showers of purchasers will follow, succeeded by a general clearing term.

Besides a general line of groceries, Hunsaker carries Tinware, Wood and Willow Ware, Glassware and Crockery, Cigars, Tobaccos, Confectionaries, Etc.

Old Blackman Stand (Successor to Jerry Cohn.)

B. A. HUNSAKER, Prop.

### You Should Prepare

For a "big feed" when you come to Heppner and stop at the CITY HOTEL.

Popular Prices! Comfortable Rooms! Mrs. Tom Bradley, Prop.

### Waverley Bicycles

Are the Highest of all High Grades. Warranted superior to any Bicycle built in the world, regardless of price. Do not be induced to pay more money for an inferior wheel. Insist on having the Waverley. Built and guaranteed by the Indiana Bicycle Co., a million dollar concern, whose bond is as good as gold. 21lb. SCORCHER \$85. 22lb. LADIES' \$75. INDIANA BICYCLE CO., INDIANAPOLIS, IND., U. S. A. HOMER H. HALLOCK, Gen. Agent for Eastern Oregon, Pendleton, Or.

### HENRY HEPPNER'S WAREHOUSE!

Storage and Forwarding. Pays all Charges on Wool, Merchandise, Etc.

Remember the Upper Warehouse. HENRY HEPPNER, Proprietor.

W. P. SCRIVNER. A NEW FIRM! MEADOWS & SCRIVNER, Have succeeded A. M. Gunn in the Blacksmithing Business and are prepared to do all kinds of BLACKSMITHING, REPAIRING AND HORSESHOEING.

A Wagon Shop run in connection. Satisfaction guaranteed. Call on them at the old Gunn shop. MAIN STREET. - 1st. - HEPPNER.

Do You Want a Rig? Don't You Want a Place to Put up Your Team? Are You in Need of a Saddle Horse? All these can be procured at Thompson & Binns, Lower Main Street, Heppner, Oregon.

These gentlemen are well acquainted with Grant, Harney, Crook, Gilliam and other counties, and can save money and time in making these sections with traveling men. Prices in keeping with the times. THOMPSON & BINNS, LIVERYMEN, HEPPNER.

How's Your Liver? This question is asked daily. If dormant you need exercise---need it badly. The Bicycle offers a remedy, and if you do not own one, call at Ike Ennis Bicycle Livery, Power House.

OTIS PATTERSON, NOTARY PUBLIC CALL AT CONVEYANCER
