Mr. King has returned home.

In the spring, the human body needs assistance to throw off the stagnation produced by winter diet. As the temperature rises under the growing heat the sun's rays we feel tired, half sick and low in spirits, because the blood is sluggish and full of impurities. Dr. J. H. Did You Ever Think That you cannot be well unless you have pure, rich blood? If you are weak, tired, languid and all run down, it is because your blood is impoverished and lacks vitality. These troubles may be overcome by Hood's Sarsaparilla because Hood's Sarsaparilla makes pure, rich blood. It is, in truth, the great blood purifier.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

A BEAUTIFUL PHENOMENON.—A beautiful phenomenon was witnessed by many people last Tuesday evening, and it is safe to say attracted a great deal of attention everywhere. The planet Venus appeared with great brilliancy very near the moon in its first quarter, and for quite awhile was within the circle, or quite hidden from sight by the intervention of the planet. Wednesday evening the planet was some distance from the moon and within a week they will, widely separated. This is said to occur about every four years, but that fact makes it once the less interesting.

PROUD OF HIS RECORD.—Hugh Medlock, the slippery horse thief who was chased all over Gilliam, Morrow and Umatilla counties last winter, but who was recently caught and convicted over in Umatilla county, is apparently proud of his record as a horse thief, according to the following which recently appeared in the E. O.: "Sheriff Houser was on the west-bound train June 15, on his way from Pendleton to Salem with two prisoners for the penitentiary. They were James Smith, convicted of watch stealing, and Hugh Medlock, a horse thief. The former is young and doesn't look like a bad man. Medlock is tough and seems to be proud of his record as a cunning horse thief. Much amusement was afforded the passengers by the conversation between these two criminals. Medlock, with great gusto, told of the different animals he had appropriated and ridden, how some of them had bucked him off and how some were no good while others proved to be fine roadsters. He told Houser that he had great difficulty in dodging him many times, and on several occasions he was close on his (Medlock's) heels. At one stage in the conversation Smith grew serious and said he never meant to steal the man's watch. 'Sure, you wouldn't steal anything you couldn't pack,' said Medlock. 'No, but you would,' replied Smith, and everybody in the car roared. Along about 12 p. m. the conversation lagged, and soon after the blighted outcasts were sleeping in their seats, their destinies and their hands bound together with a chain of iron."

\$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 cents.

A GUM.—We find the following going the rounds of the press, without credit, which is well worth publishing: "Be careful, this young man. Be careful what you say about a woman's character. Think how many years she has been building it, of the toils and privations endured, of wounds received, and let no suspicion follow her actions. The purity of the women is the salvation of the race, the hope of greatness and the redemption of man. Wipe out her purity and the man sinks beneath the wave of despair, without a star to guide his life into the channel of safety. Think then before you speak, and remember that any hog can root up the fairest flower that ever grew; so the vilest man can ruin the purest woman's character."

Marvelous results. From a letter written by Rev. J. Gundersman, of Diamonddale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible prostrations of coughing would last hours with little interruption and it seemed as if she could not survive. Then a friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at T. W. Ayers, Jr., drug store. Regular size 50c, and \$1.

BUSINESS CHANGES.—During the past week a number of business changes have been made in Heppner. Gene Campbell has bought a half interest in the May street grocery, which will soon be moved to the store room formerly occupied by Jerry Cohn, next door to the postoffice. Bob Wills, the May street merchant, bought out Ben Hunsaker last Tuesday, and shortly afterward entered into a partnership with E. J. Slocum. These gentlemen expect to remove the partition which was temporarily placed in the building formerly occupied by Henry Blackman, thus throwing it back into one room, and making space enough for the Wills, Hunsaker and Slocum stock. The new firm will be known as Slocum & Wills, and will doubtless make every effort to secure their portion of the trade.

The Value of a Friend. CORNELIA, La.—"For over six years I was badly troubled with Constipation and Biliousness, and was often unable to work. At the suggestion of a friend I tried Serravallo's Liver Regulator, and am now free of these troubles."—Harrison Turlington. Your druggist tells it in powder or liquid; the powder to be taken dry or made into a tea.

Have some good, young Short-horn bulls for sale; also fine poultry and eggs for hatching. Took first prize on my cattle and fowls at State fair last year. Call at the J. Q. Wilson place above Heppner. N. C. MARSH, 37-51.

A Great Blessing

My wife and I have found in Hood's Sarsaparilla: She had rheumatism very severely, with swollen ankles, and legs badly swollen, and hardly able to get up and down stairs without help. Many other remedies failed, but Hood's Sarsaparilla entirely cured her. It was only shortly after that I was taken with the same complaint, affecting my limbs and legs, so I just tried the same medicine with the same result. My wife and children take Hood's Sarsaparilla whenever they feel the need of a medicine and it immediately makes them feel better.

Hood's Sarsaparilla Saves me doctor's bills. I am an engineer, and well known in this locality. Q. W. WYATT, White Head Hill, Indian Ter.
