Calendar for July with days of the week and dates.

Here and There.

Millions ride the Rambler. Ike Ennis has bicycles to rent. Fireworks at Boyd & McDowell's. Ayers guarantees his poison. C. T. Smith was up from the Lone country Saturday. The Niles-Vinson, Marble Works, Walla Walla, Wash. F. V. Dingman, the tobacco man, was in Heppner over Sunday. Geo. Harrington returned home from below last Friday evening. We learn that W. A. Johnson has embarked in business at the Dalles. The Weekly Sun and the Gazette \$2.75 per year, both strictly in advance. Wm. Dunn, our genial conductor, is quite ill at his home in this city. La Grande Marble Works, La Grande Ore. S. O. Smith, salesman, Heppner. Now is the time to kill squirrels; and Swaggart's 'Sure Shot' is the stuff to do it with. Try Ayers' squirrel poison before buying any other. Only \$2.50 per dozen. For Sale—A lot of household furniture and an organ. Call at the M. E. parsonage. A. Andrews was down from the Alpine country yesterday. The Gazette acknowledges a call. Engineer Patterson and Fireman Durham took the engine down to The Dalles for repairs last Sunday. Wanted—Plain or fancy sewing. Will go to the house or take sewing at home. Mrs. Mary Henderson. Mrs. B. F. Vaughan departed on yesterday morning's stage for Long Creek, where she will join her husband. If you want to rent a bicycle or get repairs for same, call on Ike Ennis at his bicycle livery, power house. Emil Scarr arrived from Hamilton last Friday on a brief business trip to Heppner. He returned home yesterday. Gilhousen Bros. will soon go to the inner country to be absent until the latter part of this month. Await their return. Green Mathews for shaving, hair-cutting, shampooing and all other work in that line. Baths at any time during business hours. John Gottwald made final proof on his homestead last Friday before Clerk Morrow, with Jim Brown and T. A. Moore as witnesses. Captain Seweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50c. T. W. Ayers, Jr. Lo Tilard departed for a brief visit at The Dalles the latter part of last week, and was expected home Saturday evening, but at last reports he was sidetracked at Rufus. The G. A. R. will have a grand camp fire and reunion at Lexington on the 3rd and 4th of July. All are cordially invited to attend. Come prepared to camp on ground. Wm. Ayers and wife are enjoying at McDuff's springs. "Uncle" Clark Adkins and son Tice, as well as other Morrow county folks, are also spending a brief season at that resort. On July 2, 3 and 4 the O. R. & N. will sell tickets to any point within 300 miles one fare for round trip. Tickets expire at midnight of the 5th prox. This is a splendid opportunity to travel on business or pleasure. Fireman Durham and family departed yesterday for a month's visit with valley friends and relatives. During their absence Tom's job will be held down by Joe McCrary, familiarly known as "Notorious Joe," of The Dalles. Several enthusiasts went up to the race track last Friday afternoon to witness a bicycle race by Frank Nutter against time, the bet being that he couldn't run 100 yards in ten seconds and a half. Frank won, making it in ten seconds. J. W. Hillton came down from Parker's mill Monday, returning yesterday afternoon. He reports arrangements about all completed for a jolly good celebration on air on the Fourth. Cool shade, mountain air and water are a cool of the attractions. Frank Engleman, of the Jordan Fork country, gave the Gazette office a brief call Saturday. He reports prospects for a crop down in that country not the best in the world. He and several others from that section expect soon to leave for the upper country, where they will spend the harvest season. G. B. Tedrows returned home last Friday night from Portland, where he had been attending the races. Ted's horse evidently did not win or else he would have remained over until after the Fourth. However, he got home all right, excepting the fact that he lost his best friend, his umbrella, at The Dalles.

Felix Bodam came down from Upper Willow creek Sunday last and created considerable excitement when he exhibited what looked to be some fine specimens of gold taken from a placer mine which he has discovered up near the mill. He reported that he had secured this exhibit amounting to about \$2.50 from four pans which he washed. He returned yesterday accompanied by several enthusiasts, among whom were Dave McAtee and Mike Roberts. But they returned last evening apparently minus their enthusiasm, and from their report we are reminded of the old adage that "all is not gold that glitters."

Freighters, wool haulers and teamsters make great complaint about the rocks in that portion of the Canyon City Heppner road from the edge of the timber to Heppner. Others insist that the road is in excellent condition, in fact much better than any Pendleton road. If this is the case, and we believe it is as we have heard considerable complaint relative to same, the supervisors' attention should be called to this matter and they directed to remove the rocks. Why not take hold of this matter at once?

A grand Fourth of July ball will be given at the opera house on Thursday evening, under the management of Boyd & McDowell. One of the special features of the occasion will be a grand and brilliant display of fire works, flash-light exercises, concluding with a flashlight photograph of those participating in the dance. Excellent music provided and a royal good time assured. Admission \$1.00. Refreshments will be served at the hall and also at the popular Main street ice cream parlor.

There are many accidents to live stock which cause delay and loss to the farmer in his work. In a large number of instances the delay would be but trifling if a remedy was promptly applied. Dr. J. H. McLean's Volcanic Oil Liniment has for many years been regarded as the farmer's friend. Its healing influence on the flesh of domestic animals is immediate and permanent. Price 25c, 50c and \$1.00 per bottle.

Bob Gilmore brought in 100 head of cattle from Grant county for T. A. Rhea last Saturday. They were disposed of to the Union Meat company and were shipped below yesterday. In this band was one cow that attracted unusual attention on account of her size, and on weighing her yesterday she tipped the beam at 1630 pounds. It is claimed that this cow is the largest ever shipped from this point.

Harry Warren and John McCarty returned Saturday last from a tour of the great mining and agricultural belt of Eastern Washington. While away they traveled over a great deal of country surrounding Umatilla, Ellensburg, Yakima, Okanogan river, Virginia City and as far east as Wilbur, Wash. They report an enjoyable trip and some good prospects. John will probably return to some part of that country this fall.

There comes a time to all of us, when we feel weak and "out of sorts" and in a condition to invite disease. It is then we need such a remedy as Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. To persons exhausted by sickness or over-work its invigorating influence is surprising, promptly restoring health, energy and cheerful spirits. Price \$1.00 per bottle.

The Fourth of July sermon announced for Sunday morning by Rev. Denison at the M. E. church, was deferred until Sunday evening, when it was delivered to a fair sized audience. Rev. Denison was in good form and delivered a sermon replete with thought, eloquence and patriotism.

Ike Ennis has a stock of bicycle repairs and fix your wheel up at reasonable rates. It is his intention to make a specialty in this line, and as the number of wheels is rapidly increasing, this will certainly be pleasing news to those who are so fortunate as to own a bike.

O. D. Logan, of the Galloway country, was in Heppner Saturday last. He informed our pencil pusher that he had disposed of his Galloway possessions, and was now moving up above Wm. Penland's place on Balm Fork, on the Road to Dutch creek.

B. F. Swaggart is prepared to furnish his "Sure Shot" squirrel poison in wholesale lots. He has already received a large order from Washington and Idaho. Every where it has been used, it has not failed to exterminate the little pests.

Fossil Journal: M. V. Rork, who adopted an original way to make popularists at Heppner, is lecturing in Keenutsky on "Hard times and their causes." The people there don't seem to appreciate him any more than they did in Oregon.

The wool market was very strong last week, having raised about 2 cents in price. A number of sales were made in The Dalles at prices ranging from 10 to 12 cents, and some few in Heppner last Friday as high as 10 cents.

J. B. Harrington, of Burns, returned from Salem on Saturday night's train, accompanied by his daughter who has been attending school at that place. Both departed for their interior home yesterday morning.

Karl's Clover Root will purify your blood, clear your complexion, regulate your bowels and make your head clear as a bell. 25c, 50c, and \$1.00. Sold by T. W. Ayers Jr.

Atty. T. R. Lyons departed last Friday for Condon to look after business and where he will also be joined by his brother, John. They expect to go from there to Walla Walla for a brief vacation with home folks.

Wilson place above Heppner. N. C. Mann, 37-51.

Shiloh's Cure, the great Cough and Croup Cure, is in great demand. For sale in quantities of five dollars only \$25. Children love it. Sold by T. W. Ayers Jr.

A VERY CLOSE CALL.—Bert Simons, who has long since won the reputation of being able to shoe any broncho that ever grazed on the bunch grass hills of Eastern Oregon, had an extremely close call yesterday, and had it not been for the prompt arrival and action of Dr. Shipley, it is generally conceded that he would never have recovered. Judd Rogers brought in rather a fine specimen of the broncho tribe of a sorrel complexion yesterday afternoon to have him shod and informed the boys in the shop that the animal was very wild. But they hastened to assure him that none were too wild for that shop, thinking perhaps that the horse was not as wild as reported, and in fact many a wilder and meaner one has been mastered by them. Joe Masterson, the heavy-weight of the shop, was dispatched to hold the horse, while Bert hastily prepared for the operation, and walking around the horse attempted to pick up his front foot, when the animal lunged by him, and as he did so Bert struck him on the hip. Instantly the broncho kicked with great force, striking Bert with one foot just over the heart. However, he was not knocked down, but staggered a short distance and with a groan fell to the floor. Doc Shipley, who was sitting out in front of the shop was at once called, and when he arrived neither breathing or pulse beat were perceptible, and his eyes and mouth were both set. In this condition he remained for fully four minutes, but by prompt action life was partially restored, though the breathing was apparently by great effort, and the heart beat irregular. It was fully thirty minutes before Bert regained consciousness and sometime before he was able to stand. As soon as able he was helped into a back and driven home, where, we are pleased to say, he is beginning to feel like himself once more. We congratulate Bert on his successful escape from so close a call, and trust that in the future he will not be too friendly with any horse of the cayuse or broncho variety.

The Discovery Saved His Life. Mr. Callonette, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at T. W. Ayers Jr., drug store.

MISS BERGER ACQUITTED.—The trial of Miss May Berger, the Eugene dressmaker, who was recently indicted by the U. S. grand jury, at Portland, on seven different counts for sending obscene letters through the mail, an account of which appeared in the Gazette at that time, was called up last Wednesday in the U. S. circuit court at Portland. The case created intense interest in Eugene, and a very large delegation from that place was present as witnesses. Among them were 25 or 30 ladies, comprising some of the leading women of that city. The court room was gay with handsome toilets and pretty faces, and one gallant court official remarked aloud that Eugene could produce more pretty women to the square mile than any other town on the coast. The greater portion of the first day was taken up by the examination of the government's witnesses, and at almost the beginning of the examination for the defense, Judge Bellinger said he was not disposed to prolong the case and requested the jury to render a verdict of not guilty. They complied with his request and when the verdict was read there was an outburst of applause, which was quickly and sternly repressed by the court, who expressed his abhorrence at such a demonstration. Ten Miss Berger's friends gathered around her, and there was much innocent and enthusiastic kissing, and a few tears, and the trial was over. The result of the trial gave general satisfaction in Eugene, though some regret was expressed that the guilty party has not been apprehended.

Cure for Headache. As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headache yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. It cures all cases of habitual constipation. Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try once. Large bottles only fifty cents at T. W. Ayers, Jr., drug store.

A WOMAN ORATOR.—Mrs. Katie Kehm Smith, of Oregon City, arrived Saturday evening en route to Wagner where she delivers the oration for the Fourth of July celebration. She was met here by Ferd Hunt and departed for that section Sunday morning. Mrs. Smith is an enthusiastic member of the Secular Union and while over there her admirers have arranged for a series of discussions or debates between her and Rev. Moore, formerly of this city. During the last legislature a bill was introduced to release church property from taxation, which was referred to an appropriate committee. Mrs. Smith appeared before this committee against the bill, and soon established the reputation of being one of the greatest talkers among all the lobbyists, in fact some even asserted that "her tongue was looser at both ends."

However, she is a pleasing, forcible and interesting talker, and will doubtless deliver a typical oration, and also probably entertain Rev. Moore in logical discussion.
