The Danger is Averted by Using AYER'S HAIR VICOR

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out. so rapidly that I was threatened. with immediate balaness. Hearing Aver's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good; natural color. I never hesitate to recommend any of Ayer's medicines to my friends."-Mrs. H. M. HAIGHT, Avoca, Neb.

ON-SMALL INVESTMENTS

Returning prosperity will make many rich, but rowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock. Systematic Plan of Speculation Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$10,000 to \$100,000 or more by those a he invests a tew thousand. It is also a fact that those who make the largest profits from comparatively small investments on this place are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or fails it brings a sleady profit that piles up enormously in a short time.
