

## LOSS OF VOICE After Acute Bronchitis CURED BY USING **AYER'S Cherry Pectoral** A PREACHER'S EXPERIENCE.

"Three months ago, I took a violent cold which resulted in an attack of acute bronchitis. I put myself under medical treatment, and at the end of two months was no better. I found it very difficult to preach, and concluded to try Ayer's Cherry

Pectoral. The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRADLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

C. F. Walker, the Portland stock buyer, well-known in Heppner, came up on Friday evening's train, returning yesterday. He hoped to get a shipment of hogs from this place, but failed. Mary will remember Mr. Walker as the gentleman who met with a very serious accident in Portland about two months since, from which it was several times reported that he could not recover. He was thrown from a cart and striking on his head a blood vessel was broken, which shortly after necessitated several painful and dangerous operations. Mr. Walker, however, has now almost completely recovered, though this is his first trip out since leaving the hospital.

Hon. W. R. Ellis, wife and son Eddie returned Saturday evening from a month's stay at Newport, or rather at Monterey, a coast resort about two miles above the former place. Mr. Ellis and family all appear to have enjoyed the stay at the coast, and come home with the usual sea-sickness complaint. Congressman Ellis expects soon to visit a number of the counties in this district to confer with his constituents and acquaint himself with the needs and demands of every section of his district. It is safe to say that when Mr. Ellis returns to Washington he will be thoroughly in touch with his people.

Ralston & Lacey's shipment of stock, which was recently spoken of in the Gazette, left Heppner last Saturday for Chicago. The shipment consisted of six acres of cattle, four of sheep and one of hogs. The shipment was made by the also departed with the stock train, Mitt returned to his home, and Frank to spend the coming winter with him. The boys took Champagne, the well-known running horse with them, and expect to win some races with the horse during the fall.

The fourth quarterly conference services were held at the M. E. church last Sunday. Rev. Motor, of Arlington, the presiding elder, was present and preached an interesting sermon at both the morning and evening services. At the close of the evening service Rev. Denison briefly reviewed his work here during the past two years, and spoke of his efforts in behalf of the church. The services closed with a general handshaking. This concludes Rev. Denison's year's work at this place.

Sometime ago I was taken sick with a complaint which was followed by diarrhoea. I took a couple of doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was immediately relieved. I consider it the best medicine in the market for all such complaints. I have used the remedy to others and everyone who uses it speaks highly of it. J. W. Strickler, Valley Center, Cal. For sale by Slocum-Johnson Drug Co.

Henry Vanderpool who left Heppner last spring to go over the trail with a band of sheep, returned home a short time since, having left the boys at Idaho Falls. He reported no bad luck up to the time of his leaving, as of this band of 8000, only about 150 had been lost. Henry left last week for Yamhill county, where he will visit his mother. He also expects to spend a short vacation at the coast before returning home.

T. W. Ayers, Jr., disposed of his drug business, known as the City Drug Store, to Harry Johnson and Geo. Wells last week. The invoice has been taken and the new firm, to be known as Wells & Warren, have taken possession. Tommy has been in the drug business here for several years, and has many friends, who will regret to see his going out of business in Heppner.

W. B. Lacy returned home a short time since from Corvallis where he has been attending the Agricultural College. This is his first visit home for two years, as he spent last season's vacation in the valley. Mr. Lacy completed the agricultural course this year, though he may return this fall and take up the post graduate course.

O. Wells, Albert Rea and Ed Driscoll, who were members of a crew that left Heppner late this season to take a band of sheep over the trail, threw up their positions when Huntington was reached and returned to Tual spring, where they are now so enjoying the cool air and baths during the warm weather.

A. E. Smith and wife, relatives of Joe Luckman, who left Morrow county about a year ago for their old home in England, where they expected in the future to reside, have returned to this county, arriving last evening. They will again take up their residence in Morrow county.

The Ennis has a stock of bicycle repairs and will fix your wheel up at reasonable rates. It is his intention to make a specialty in this line, and as the number of wheels is rapidly increasing, this will certainly be pleasing news to those who are so fortunate as to own a bike.

"Canst thou minister to a mind diseased?" asks Macbeth. Certainly, my lord; the condition of the mind depends largely, if not solely, on the condition of the stomach, liver, and bowels, for all of which complaints Ayer's Pills are "the sovereignest thing on earth."

Wm. Doran returned last week from Tual spring, where he went with the hope of improving his health. However, he does not speak very highly of this place as a health resort, in fact he comes home no better than when he departed several weeks ago.

Nervous debility is a common complaint, especially among women. The best medical treatment for this disorder is a consistent course of Ayer's Sarsaparilla to cleanse and invigorate the blood. This being accomplished, nature will do the rest.

Ben Mathews is now sole proprietor of the cattle market where he keeps a fresh supply of beef, pork, mutton, veal, sausage, bacon and lard, which he sells for the lowest market price. Fred Block the Portland butcher, is still with him.

Captain Swenson, U. S. A. San Diego, Cal. says: "Shilo's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50c. T. W. Ayers, Jr.

Gov. Rea, Nels Magnusson and Uncle Jack Morrow got home last Friday from McDuffie springs, where they have spent the past month. All come back looking well.

**A HEPPNER BOY ARRESTED.**—In connection with an account of the Pendleton fire, the E. O. says: "Late Thursday evening, Frank Whetstone and a young man called 'Kid' Moore were arrested for larceny of a chunk of gold from the premises of the destroyed buildings. They were allowed by the city authorities, along with dozens of others, to go over the ruins and dig among the debris. All day people were searching for things of value, and it is supposed some precious metal was found and carried away. The chunk of melted gold these young men are charged with taking was estimated at \$30 value. They were to be examined before Justice Parke this afternoon, but the state was unprepared to bring in testimony, and the case was postponed." We regret to hear this and hope Frank may be able to clear himself. Since the above was written word has been received in this city that Frank has been arrested and is now held on a charge of murder. No particulars were learned, though it is believed to be in connection with the fire. A lady in escaping from the Transfer House, saw in the hallway the body of a man lying in a pool of blood, but was so badly frightened by the fire that she could give but little account of it. However, the report convinced many that the hotel was set on fire to cover up a murder. Investigation was at once begun, and this arrest, it is thought, is the result of the same. N. S. Whetstone received a telegram yesterday to the effect that his son had been arrested on the charge mentioned, when he left at once for Pendleton to be present at the preliminary hearing which occurs today. This charge is much more serious than that of larceny of the chunk of metal, for if any one is guilty of murder, they are also probably guilty of setting fire to the hotel which resulted in the loss of four more human lives. Heppner people, however, are slow to believe Frank guilty of this charge, and await with interest the result of the preliminary hearing.

**Excellent Blood Purifier.**  
"I have used Hood's Sarsaparilla in my family for several years and have found it an excellent blood purifier. Two of my boys are using it and it is benefiting them and we regard it as the best medicine that we can find." Ferd Balsiger, Lone, Or.

**Hood's Pills cure all liver ills.**

**Runaway.**—Heppner experienced another exciting runaway last Saturday J. A. Burdell, who lives a short distance below town, had driven up to the flouring mill and loaded a few sacks of flour in his wagon and had stepped into the office a short time when his team became frightened and started at a very rapid gait down Court street. At the corner of May street, in front of the court house, the team ran into the water hydrant, breaking it off a short distance below the ground, completely demolishing the wagon and scattering the flour around in a promiscuous manner. Considerable water was wasted before word reached the power house, when the water was shut off and the break temporarily plugged. A new hydrant, however, will be necessary to make a permanent repair. The team ran on up to the race track where they were caught by the owner and driven down town, when, while talking about the incident on Main street, the team jerked away from him again, and this time did not stop until they reached home. In the matter of runaways Mr. Burdell certainly takes the "bakery," for hardly a week passes but what he has such an experience. In fact this team seems to have a mania for such sport.

**A Household Treasure.**  
D. W. Fuller, of Canajoharie, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family have always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested? Trial bottles free at T. W. Ayers, Jr., Drug Store. Regular size 50c. and \$1.

**AN INNOCENT JOHNER.**—Wm. Ingram, commonly known as "Windy Bill," of Eight Mile, was seen on our streets last Saturday, when he informed our reporter that his dwelling was blown completely over by a cyclone (?) and was now standing on the roof. This small sized cyclone, he said, occurred last week, fortunately at a time when himself and family were out in the mountains, consequently no one was injured. William told this story in a manner that aroused the suspicion of the writer, who shortly afterward met his adopted son, Grant Worden, from whom it was learned that this was only one of Ingram's jokes, for which he is notorious, and that it was not his residence, but a small "two by four chicken coop" that a whirlwind had upset, and that not even a chicken was injured. The Gazette has never before had cause to doubt Mr. Ingram, but now believes him fully entitled to the name of "Windy Bill."

## PENDLETON FIRE

One Block of Property Burned and Four Lives Lost in the Flames.  
Pendleton was visited by a fire last Wednesday night which burned all the frame buildings from Railroad street to Webb, the next street above. The Transfer house, which was located in this block, was burned and three guests of the same lost their lives. A night sleeper at Allison's saloon was also burned to death, making in all four victims of the flames. They were as follows: Frank Breding, in the Allison saloon; Old Wolf, the veteran reclamation jailer and policeman; G. Clacking and William Stevenson.

Clacking, a young man of about 22 years, had just arrived from Cascade Locks, his old home, the previous evening, in quest of a location. He was well and favorably known at Cascade Locks, being a prominent K. P., and also secretary of the Elks lodge at that place. Several others narrowly escaped from the burning buildings. The loss is estimated at \$15,000, which is about half covered by insurance. Prompt and heroic action on the part of the firemen checked the flames and doubtless saved considerable adjoining property. The fire started in the Transfer house, and is supposed to have been caused by a burning match being carelessly dropped by a drunken man in a waste room containing gasoline and other inflammable material. This is the statement of the night clerk, though he does not know who this party was. The coroner's jury makes no statement beyond the bare verdict of "death by burning." While the loss of property by this fire was considerable, yet, much sadder was the loss of human life.

**None But Ayer's at the World's Fair.**  
Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums.

The decision of the World's fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Hank Putnam, who recently purchased a cow for this country for the Pacific Dressed Meat Co., of Tacoma, is now buying hogs in the Walla Walla country for the same establishment.

Prof. W. A. Westfall, one of the most popular educators of the state, favorably known to the teachers of Grant county, has promised to be present and assist with the work of the annual institute at Canyon City, Aug. 28, 29 and 30.

A timber fire has been raging on the mountain south of Long Creek for the past week. Much property was in danger, but through the efforts of ranchers residing in that locality, the fire was kept confined to the timber. Some little fencing was destroyed.

Disorders in the liver and kidneys are responsible for many of the ailments of humanity, which, when neglected, develop into serious and often fatal maladies. Physicians would suggest, the prominent use of Dr. J. H. McLean's Liver and Kidney Balm to remove the disorder as soon as possible, and restore the diseased organs to healthy and vigorous action. Price \$1.00 per bottle.

C. M. Grimes, the stock buyer, came up from Portland last Friday, and departed yesterday with 12 carloads of cattle, consigned to the Union Meat company at Troutdale.
