### **CANCER CURED**

LIFE SAVED

## By the Persistent Use of Ayer's Sarsaparilla

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."-Mrs. S. A. FIELDS, Bloomfield, Ia.

I have often been asked how a cow can transform real estate into personal property. I don't know.

Speaking about cows reminds me of my intimate chum and partner, The Town Cow. She searches for handouts from hay wagons and hacks, while I search for news. We often stroll out together, as the back streets and alleys are good fields for the cow and me.

I tell you this cow is a great rustler, that's why I admire her so. She and the mayor are also great chums. She often assists him in welcoming visitors to town. She very cordially receives the venders of hay, cabbages, potatoes and the early corn. You ought to see how this announcement one sat down, and five more got up and began praying. The preacher saw his mistake, said nothstreet. The other day Harry Hayseed drove in with a load of choice wheat hay. She met him well out of the city and returned with him, bringing up the rear and I might add, occasionally sampling his product. When Harry arrived at the lower feed yard he had his hay frame left.
