

TURNING GRAY AND THREATENED WITH BALDNESS

The Danger is Averted by Using

AYER'S HAIR VIGOR

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HARRIS, Ayova, Neb.

Overwork, either physical or mental, will produce weakness and loss of energy. Too many business or family cares, overwork in the harvest field, an excess of woman's work and worry will produce months of misery. To prevent this, the exhausted system should be reinforced immediately. Dr. J. H. McLess's Strengthening Cordial and Blood Purifier is an appropriate remedy. Price \$1.00 per bottle.

Some time since while in The Dalles G. B. Tedrow came away, leaving an old friend, in the form of an umbrella that he had carried for many years past. Low Tillard at once departed in search of the lost, but was sidetracked in a sand storm at Rufus, from which point he returned home. This necessitated another trip by Mr. Tedrow last week. However, he gave up search and returned home on last evening's train.

The chronic grumbler still lives, but there are less cases of chronic indigestion and dyspepsia than formerly. The fact is so many people in the past have taken Simmons' Liver Regulator that they are now cured of these ills. And a great multitude are now taking Simmons' Liver Regulator for the same troubles and they'll soon be cured. "It is the best medicine."—Mrs. E. Raine, Baltimore, Md.

One advantage of taking Ayer's Sarsaparilla to purify the blood is that you need not infringe upon your hours of labor or deny yourself any food that you agree with you. In a word, you are not compelled to starve or loaf, while taking it. These are recommendations worth considering.

ACCIDENT AND DEATH.—The death of Archie Huston, as mentioned in the Eight Mile items in this issue, occurred over at his father's Gilliam county farm near Condon last Friday a week ago, and was the result of a very serious accident which he met with the previous Monday. While riding over the pasture trying to catch a horse, the animal which he was riding was attacked by a stallion when both horses fell on him badly crushing his body. Archie was not conscious from the time of the accident till the hour of his death, 10 a. m. Friday. The remains were taken to his home at Eight Mile the following day and were interred Sunday, September 9th, at the Old Fellows cemetery at Hardman. Archie Huston was the second son of Mr. and Mrs. Huston, of Eight Mile. He was a bright young man, 17 years of age, and well liked by all who knew him. The Gazette extends heart felt sympathies to the family and friends.

LARGE CATTLE SHIPMENT.—The large shipment of Crook county cattle by W. F. and J. G. Courtney, of Tacoma, as mentioned in last Tuesday's Gazette, is now being made from this point. Last Saturday 346 head were shipped late in the evening on a special train consisting of 17 carsloads, and yesterday another special of 25 cars with 535 head departed, while this afternoon's special of 22 cars will carry away about 460 head. These cattle now go to feeding grounds at Ellensburg and Yakima and later to Tacoma and Seattle markets. It was first intended that Saturday's shipment should be taken out by the regular train, but the program was changed late in the afternoon when the train departed and a special was ordered up from The Dalles. As a result the shipment did not get away until about 11:30 p. m.

FAREWELL SURPRISE PARTY.—A very pleasant party in the form of a farewell surprise was given Miss Anna Brown on the eve of her departure from this city at the home of Dr. P. B. McSwards last evening. The evening was spent in social conversation and in listening to the rendition of a number of vocal and instrumental selections, and in all, was a very pleasant affair, of which an appropriate lunch of ice cream, cake and fruit was one of the features. The following is a list of those present: Frank Kellogg and wife, S. P. Garignon and wife, W. P. Dutton and wife, C. S. Van Dava and wife, Mesdames E. J. Slocum, Wm. Dunn and S. E. The price of access to the three tables will be respectively, 10, 25 and 50 cents. This supper will be served from 5:30 to 10:00 p. m. next Saturday evening. Remember the date and also the supper.

AN IMPORTANT OFFICE.

An Amusing Anecdote of the Edinburgh General Assembly.
Among the many anecdotes relating to the celebrated Dr. Chalmers, an amusing one was once told by a gentleman on his return from his first visit to Edinburgh.

He had heard a great deal about the wonderful oratorical powers possessed by some of the members of the general assembly, and, being anxious to hear and judge for himself, paid an early visit to it.

Next to him, relates the Youth's Companion, sat an elderly, hard-featured, solemn-faced man, who was leaning with both hands on a heavy stick, which he eyed with great concentration of gaze scarcely lifting his eyes from his absorbed contemplation of it.

Soon the stranger's attention was riveted upon the speaker who had opened the day's discourse. The wonderful command of language which he possessed, combined with his eloquence of style and the peculiarity of his manner, excited the listener's curiosity to a great degree.

Each season forces upon our consideration its own peculiar perils to health. The advent of fall finds many reduced in strength and vigor, poorly prepared to continue the business of life. The stomach and bowels, the great highway of animal economy, is especially liable to disorder in the fall. The nervous system has also suffered in the struggle. Typhoid fever and malaria in particular find in the fall that combination of earth, air and water that mark this season as especially dangerous. The falling leaves, the decaying vegetables contribute their share of contamination. Hood's Sarsaparilla furnishes a most valuable safeguard at these important points, and should be used in the fall before serious sickness has laid you low.

HOW IT HAPPENED.
A story was recently told of how a preacher tested the hard times upon his congregation. At the conclusion of one sermon of his he said:
"Let everybody in the house who pays their debts stand up."
Instantly every man, woman and child, with one exception, rose to their feet. He seated the crowd and then said:
"Let every man who is not paying his debts stand up."
The exception noted a careworn, hungry individual clothed in his last summer's suit, and leaning upon the back of the seat in front of him.

"How is it, my friend," inquired the minister, "that you are the only man in this large congregation who is unable to meet his obligations?"
"I publish a newspaper," he meekly replied, "and my brethren here who have just stood up are my subscribers, and—"
"Let us pray!" exclaimed the minister.

None But Ayer's at the World's Fair.
Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

There will be a meeting of the G. A. R. Post and Woman's Relief Corps the last Saturday of this month, Sept. 28th, at 1 o'clock p. m., in the town of Heppner. All members are requested to be present. By order of the commander, T. J. LEASOR.

Makes the Blood Pure

This is the secret of the cure by Hood's Sarsaparilla. Read this:
"I am so glad to write that I am now in perfect health and it all because Hood's Sarsaparilla made my blood pure. My health broke down with troubles peculiar to women, my nervous system was shattered and I had to take my bed. The physician said there was little hope for me. A neighbor told of wonderful cures by Hood's Sarsaparilla and I decided to try it. When I had taken 3 bottles, I could sit up and now I am perfectly well and strong."

EIGHT MILE NOTES.
Farmers are busy sowing summer fallow. Mr. and Mrs. Stanton, who have been visiting at Milton, returned home yesterday.

Yesterday we had a rainy day and last night a heavy frost and ice in some localities. We are pleased to hear such a favorable report of the Hardman W. C. T. U., and to know that their monthly gospel meeting is a grand success.

Mr. C. Royce, who buried his wife a few days ago, has the sympathy of this neighborhood. It is a great trial for him, and we hope he may be able to go to Him for comfort who never turns away from those who seek His face.

It is not an easy matter to discourage an Eight Mile farmer, for, although crops were a failure through drought, and the ravages of the grasshoppers, the farmer goes cheerfully about his task of sowing grain as though he was sure of an abundant crop next year, and another thing the Eight Mile farmer is noted for, is his willingness to pay his debts as far as he is able. When they talk of their future prospects they will end by saying, "and then I intend to pay my debts, even if I don't have much left."

Yesterday was a sad day for Eight Mile. Every family felt sorry for, and sympathized with, Mr. and Mrs. Huston and family in their bereavement caused by the death of their son Archie. As the young people had associated with him, who had seen him a short time ago so full of life and hopes of a long life as any of them, gathered around his grave they felt serious, and quietly they left the graveyard where he is resting in the quiet tomb until the morning of the resurrection. His death was sudden and unexpected. "In the midst of life we are in death." Archie will be sadly missed at home, for how often it has been said by those who knew all about him, "that he was so good to his mother."

Archie, peaceful be thy slumber. Peaceful in the grave so low: Thou no more will join our number. Thou no more our songs shalt know. We commend the bereaved to Him who alone can give them comfort. E. M. C. Eight Mile, Or., Sept. 9, 1895.

This remedy is recognized by many of the best medical authorities as without a peer for the cure of diseases of the kidneys or liver. It rapidly drives out diseased conditions, restores health and strength, vigor and cheerful spirits. Price \$1.00 per bottle.
