

# CANCER CURED

—AND A—  
LIFE SAVED  
By the Persistent Use of  
**Ayer's Sarsaparilla**

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.

## A Builder Talks.

GREAT SUFFERER FOR YEARS  
CURED IN TWO WEEKS.

A. N. Tompkins, of Oregon City, Relates a Wonderful Story.

From the Enterprise, Oregon City, Oregon.  
A representative of the Oregon City Enterprise visited Mr. A. N. Tompkins, the well known carpenter and builder of Oregon City, and finding him hard at work, asked if he was the man who had been ill of rheumatism. Receiving an affirmative answer, the reporter asked if he would have any objections to making a statement of his case, how he was cured, etc., for the benefit of the public.

"No objections at all," said Mr. Tompkins. "I have suffered with lumbago for years. Having had spells of and on. Sometimes it would lay me up entirely. Whenever I did any heavy lifting, or got wet or caught cold, I would have a bad spell. Sometimes I would be so bad I could not straighten up. It was always looking for something on which I could count for certain relief, if not absolute cure. I tried many physicians, one nearly succeeded in making a morphia flood of me by injecting morphia into my body to relieve the pain he could not cure and was not honest enough to admit. All these medicines and doctors did me no good, some even as in this case, doing me harm.

"While working on the Barclay building some months ago, I had an attack. I immediately went to Charman & Co.'s drug store and told Mr. Charman to give me a box of the Pink Pills. Having bought them, I commenced taking them at once, and after the first day I experienced relief, and in two weeks I was entirely well. I had in that time used part of the second box. Being at the home of my daughter-in-law, Mrs. Lena Tompkins, and hearing her complain of rheumatism I gave her the balance.

"Now, I have worked right along, and in spite of the present wet weather and the fact that I have a heavy cold just now, I have no indication of the presence of my old disease, and any one of the three things (heavy work, wet weather, and a cold) which I now have combined would have given me a bad spell heretofore. I consider Dr. Williams' Pink Pills a great remedy and I believe they have absolutely cured me. At least, if they have not it is only a question of continuing the remedy long enough, and if I ever have a return of the pain I shall fly to Pink Pills."

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of a gripper, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female and all diseases resulting from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, (50 cents a box, or six boxes for \$2.50) by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.

**WELL GO TO YAKIMA.**—W. G. Sweetser, of Black Horse, was in town Saturday, though yet on crutches as the result of an accident which happened two or three weeks ago in which his left leg was severely injured below the knee by being struck by a horse. Mr. Sweetser and wife will leave in a very short time for the Yakima country and will probably locate there. The Gazette extends its well-wishes and hopes that they may like their proposed new location, and that success most importantly will be theirs. However, it is to be regretted that Morrow county must lose such estimable people.

**Now Bet Ayer's at the World's Fair.**  
Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rules forbidding the entry of patent medicines and nostrums. The decision of the World's Fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

**RACES ASSURED.**—On Saturday last a number of Heppner's citizens met at the recorder's office and proceeded to organize for the purpose of having a race meeting at Heppner some time during the latter part of October. Tom Morgan was chosen chairman and E. L. Freeland, secretary. The following committees were appointed: Finance, E. L. Mallock, G. B. Tedrowe and T. W. Ayers, Jr.; Program, E. L. Freeland, S. S. Horner and T. W. Ayers, Jr.; Arrangements, Jas. Jones, Otis Patterson and E. G. Sperry. The committee on finance canvassed the town yesterday and enough money was subscribed to assure prizes aggregating not less than \$500.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Bristol, Cal. "I was taken with it and suffered severely until someone called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all write in saying it is the best." For sale by Slemons-Johnson Drug Co.

**DREAMING.**—Mrs. M. LeBlister, assisted by Mrs. Wm. Warren, is now prepared to do all kinds of dreaming in the latest of styles. Perfect satisfaction guaranteed. Lightest building, east side Main street. 65t.

## A Builder Talks.

Overwork, either physical or mental, will produce weakness and loss of energy. Too many business or family cares, overwork in the harvest field, an excess of woman's work and worry will produce months of misery. To prevent this, the exhausted system should be renewed immediately. Dr. J. H. McLean's Strengthening Cordial, a Blood Purifier is an appropriate remedy. Price \$1.00 per bottle.

**BOOTS MONEY.**—Counterfeiters are doing business in this locality, or at least have been quite recently. One W. H. Lane was examined before Judge Bean at Pendleton recently and implicated J. E. Clark in passing bad money at Hardman and in Heppner. Lane, however, convicted himself in the mind of the judge, but Clark was released. The money was mostly silver half dollars, and very poorly executed.

**A WONDERFUL INVENTION.**—Yesterday afternoon fully 100 people witnessed an exhibition of Cunningham & Harter's horseboeing machine, down at Meadows & Scribner's. The machine is made to hold the wildest cayuse without injury to himself or those shoeing the horse. The trial was fully satisfactory to all. Meadows & Scribner have purchased the patent for the town of Heppner and will hereafter use it in their shoeing operations.

**LOST, STRAYED OR STOLEN.**—A red Shorthorn cow with slightly drooping horns and white marks on hind feet, right hind test dried up; and her winter calf, a red roan, blocky, short-legged bull calf, both dimly branded with circle on right hip. Both left the John Q. Wilson ranch about July 10th. Information leading to their recovery will be rewarded.

**GETTING A NAVY CHEAPLY.**  
Cash and Certain Monopolies Offered by Portugal to Shipbuilders.  
Of all strange proposals made lately to the builders of ships the strangest is that of Portugal, which desires to have a modern navy, but desires to get it on the lowest possible terms, says the St. Louis Globe-Democrat. The government intends to ask shipbuilders how many vessels of a stated type they will supply annually for twenty years or less for an annual payment of about five hundred and fifty-five thousand dollars, plus certain advantages in the way of monopolies. American, British, French and German builders of the first class are to be asked to bid, and the successful tenderer will be that firm giving the most in the least time and for the shortest period of monopoly. First, a yard is to be built at Lisbon and the government ship-building plant closed. The new firm will get the machinery and also the staff and operatives. Nothing is said about foreign workmen, but since the government hopes to educate the people in shipbuilding, it expects native labor to be employed. Machinery, material and fuel will be admitted to the establishment free of duty.

The new plant will have a monopoly of repairing work, not only in Portugal, but also in her colonies, Azores, Cape Verde and Angola, no other new establishments being permitted, although existing small works will continue. The new vessels which it is hoped to get for the annual payment of five hundred and fifty-five thousand dollars are all of fifty-five thousand tons. The cruizers are to be of wood and copper sheathed, of forty-two hundred tons displacement, twenty-three knots speed, with a protective deck and a steaming radius of ten thousand miles at ten knots. The new famous Japanese cruiser Yoshino is regarded as a pattern of the desired type. Then there are to be ten torpedo boat destroyers of the type of the speedy Havock, which are to be able to make twenty-eight knots and steam forty thousand miles at ten knots; ten first-class torpedo boats of seventy tons and of the greatest speed possible; several colonial gunboats of two hundred and eighty-nine tons and river gunboats of forty tons. This seems a pretty good navy for about eleven million two hundred thousand dollars, but perhaps some of the companies will find that the twenty-year use of a well-equipped shipyard with modern tools is an inducement worth considering.

HEAVEN DOETH WITH US AS WE WITH TORCHES DO; BUT LIGHT THEM FOR OURSELVES; FOR IF OUR VIRTUES DO NOT GO FORTH OF US, 'TWE'RE ALL LIKE AS IF WE HAD THEM NOT.—Shakespeare.
