

**CANCER CURED**

—AND A—  
**LIFE SAVED**  
By the Persistent Use of  
**Ayer's Sarsaparilla**

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.

**WE CALL THE ATTENTION**  
OF THE PUBLIC  
TO THE FACT that when a merchant advertises that he or she can undersell anyone else, he is talking through his hat; or, in other words, he is a liar and the truth is not in his aim. We do not claim to undersell every one else, but we defy any man to undersell us: that is an advantage that no man has over another providing they be truthful to their brother merchants (which we are sure to say is not the case with Heppner merchants.)

We invite the public to inspect our stock, and believe you will find it a clean, fresh, first-class stock and well selected, and our prices are as cheap as any store in Eastern Oregon. Call and see us and you will find we mean just what we say. Very Respectfully Yours,  
**HORNER & RHEA.**

A. P. Bradbury, the cracker man, was in town yesterday. He was suffering from a sprained ankle, received down at The Dalles by falling down a flight of steps. "Brad" said that it was very dark at the time. His friends are indeed thankful for the explanation for it. He believes them of a very difficult and disagreeable task, for had this accident occurred in broad daylight, there could have been but one conclusion. In further justification of the claims of Mr. Bradbury, the Gazette is pleased to state that he drinks nothing stronger than Heppner water.

There can be no pleasure or happiness for persons whose liver or kidneys are unhealthy. They are weak, sick and irritable, and find it burdensome to perform work of any kind. What they need is a thorough treatment with Dr. J. H. McLean's Liver and Kidney Balm. It rapidly drives out diseased conditions, restores heat and strength, vigor and cheerful spirits. Price \$1.00 per bottle.

Self-denial is the one thing most difficult to inculcate and always hard to practice, especially when there are good things to eat within reach. But there is no self-denial necessary if you take Simmons' Liver Regulator. It promotes digestion, prevents Dyspepsia and a loose after a hearty meal of delicacies will prevent any discomfort. It's the best good-night toddy.

Morrow county cannot boast of a growing population. In 1890 there were 5,200 people within its borders, while the census of this year shows but 3,400. It is likely, however, that this would be raised a few, taking into consideration the number of residents away, but it is practically correct and is not a flattering showing.

Paul Boulton, the well known showman, accompanied by Mr. Geo. Gonner, arrived at Heppner on Wednesday's train and will give show tonight and tomorrow eve. Everybody knows Paul Boulton, and we are assured that his company is a first class artist. A good 'b'ise is expected.

Overwork, either physical or mental, will produce weakness and loss of energy. BITTEN BY A DOG.—While playing with a dog and cart, near the First National Bank building, Tuesday Maurice Hansbrough was bitten severely by J. A. Patterson's dog. The latter dog attacked the one hitched to the vehicle and the little boy protested, endeavoring to save his property, during which he received a severe bite in the arm and face. Dr. Shipley dressed the wounds and Maurice will soon be all right. (The Gazette learns since that it was Maurice's dog that did the biting.)

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Bricefield, Cal. Nose Bat Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's Fair authorities in favor of Ayer's Sarsaparilla was in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

**AMONG THE POULTRY.**

Don't trust the hired man or boy to look after the chickens. They will neglect them. If you want the poultry attended to properly do it yourself. Do not let the chicks roost on small roosts while they are young. If they roost before their breasts become firm and hardened, they will be sure to have crooked breast bones.

EXPERIENCE is a great school in poultry raising, and the mistakes are guidesposts to keep every one in line. Get all the experience you can and avoid making the same mistakes twice, and then you will be on the road to a profitable success.

At this season of the year, when there is an unlimited range, care will be necessary to observe, by liberal feeders, not to overfeed the fowls. There will be little or no danger of overfeeding the chicks, as it takes all they can get to furnish them bone, muscle, feathers and flesh.

The success of many a man in the poultry business, both commercially and from a fancier's standpoint in show records, is due to women, who get no credit. They have been the power behind the throne many a time when men have received the honors.—Prairie Farmer.

**Why Farmers Should Keep Books.** Farmers do not have that knowledge of their affairs that they should, as many of them keep no books. When the census is being taken they can give but very little information in regard to the number of bushels of grain in their stock, or the value of their live stock; hence much must be derived from estimates rather than from facts presented. Every farmer should keep books and set down all the items of receipts and expenses.

The churn should not be more than half full of cream when beginning to churn. Green Mathews for shaving, hair-cutting, shampooing and all other work in that line. Baths at any time during business hours.

**BIG PROFITS ON SMALL INVESTMENTS**  
Investing properly will make many rich, but how often can they make as much within a short time as by successful speculation in grain, provisions and stock.

**\$10.00 FOR EACH DOLLAR INVESTED**  
Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system. It is a well known fact that there are thousands of speculators in the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few hundred dollars for the man who invests a hundred or two hundred dollars up to \$50,000 or \$100,000 or more by those who invest a few thousand.

It is a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that gives up successfully in a short time.
