

THE BEST FAMILY MEDICINE

She Has Ever Known. Words of Praise from a New York Lady for

AYER'S PILLS

"I would like to add my testimony to that of others who have used Ayer's Pills, and to say that I have taken them for many years, and always derived the best results from their use. For stomach and liver troubles, and for the cure of headache caused by these derangements, Ayer's Pills cannot be equaled."

When my friends ask me what is the best remedy for disorders of the stomach, liver, or bowels, my invariable answer is, Ayer's Pills. Taken in season, they will break up a cold, prevent a gripe, check fever, and regulate the digestive organs. They are easy to take, and are, indeed, the best all-round family medicine I have ever known."

A Complete Wreck.

A STORY OF PECULIAR INTEREST TO WOMEN.

How the Life of a York State Woman was Wrecked—Life Lost its Joys—But the Clouds Passed and Happiness Came Again.

(From the Binghamton, N. Y., Republican.)

We have heard so much talk throughout the country of late concerning Mrs. Martha Gates of Maine, Broome county, N. Y., that yesterday a reporter of the Binghamton Republican, interviewed her for publication, and her story which will interest all women, is as follows:

"I was born in Hartford, Cortland County, New York, 42 years ago. I have been married 21 years and am the mother of eight children. About two years ago I was afflicted with trouble incidental to my sex and suffered agonizing pain. The trouble continued to grow worse, until last winter I was compelled to take to my bed, I called in a regular physician, but his treatment did not seem to do me much good, and only relieved me for a little time, after which my condition became worse than before. I was confined to my bed for three months and was absolutely unable to attend my household duties. I could hardly feed myself so weak had I become. I had to be waited upon day and night and was a physical wreck. There was very grave doubts about my ultimate recovery. The best hope my doctor could hold out to me was that I might be able to get around again and attend to my household duties after remaining in bed a few months longer. But instead of getting better I grew steadily worse. One day I happened to read in the paper about Dr. Williams' Pink Pills for pale people and decided to give them a trial. Immediately after them and before I had used half a box I saw a marked change for the better in my condition. All this time, however, I was confined to my bed. I continued taking the medicine until I had used four boxes and by that time I was able to be about and around again. The improvement has been steady ever since. I am still a little weak, but am growing stronger as fast as nature, aided by Dr. Williams' Pink Pills will let me. I have great faith in these pills and shall use them hereafter. My husband, who felt real miserable all the while, took them and they made a new man of him. I also used them for my daughter, aged 19 years, who has found them very beneficial for trouble incidental to her sex. So far as I am myself concerned I consider it a wonderful cure."

Mrs. Gates has lived in North Maine for many years, and is highly respected. Any statement she makes is cheerfully acquiesced in by her friends and acquaintances.

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Co., Schenectady, N. Y., for 50c. per box, or six boxes for \$2.50.

AN ENTERPRISING MAN—We have been reliably informed that H. V. Gates will be in Castle Rock in a short time and will make a proposition to put a system of water works in our town so cheaply that it would be folly to oppose an enterprise so beneficial to the town. We don't mean that the water works will be a cheap job affair, but that water will be furnished very cheaply for domestic and fire purposes. Mr. Gates and Mr. Forsythe have evinced their good faith, along with all others who have property in the town by investing their capital, and we are told that Mr. Gates will invest more capital in a water system for the town if the council will give him a little encouragement. Will it do this, if his proposition is far? Advocate.

None But Ayer's at the World's Fair. Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's Fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's Fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: "Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

Good Record—Baby Ruth, owned by Tom McFarley and Cass Matlock, did well in the first day's races at Salem, running second to All Hoped, three-quarters of a mile, in the fast time of 1:15, one-half second better than the Northwest record. The little mare held first place till near the outcome, and then was only beaten a half length. As she is a three-year-old, and has shown excellent speed in all her contests, winning easily last year, it is conceded that she is not company in any class of horses, and good results are expected.

There can be no pleasure or happiness for persons whose liver or kidneys are unhealthy. They are weak, and irritable, and find it burdensome to perform work of any kind. What they need is a thorough treatment with Dr. J. H. McLean's Liver and Kidney Balm. This remedy is recommended by many of the best medical authorities as without a peer for the cure of weakness of the kidneys or liver. It rapidly drives out diseased conditions, restores health and strength, gives and cheerful spirits. Price \$1.00 per bottle.

The editor of the Gazette has been making three months' use of them but few publications of the paper during that time so he must be excused if he should repeat some clipping or other going the rounds of the press.

The quarter race at Baker City, the first race, was won by Paddy Ryan, Johnson, second, and Jim Crow, third. Time, 0:54 1/2.

I Am Glad

To tell what Hood's Sarsaparilla has done for me. I had the grip and its ill effects settled all over me. I had cramps in my legs and frequently I had to get up at night and walk to relax the muscles. I also had stomach troubles. I then took Hood's Sarsaparilla. One bottle cured the cramps, and another has helped my stomach to get on its feet. I have taken 8 bottles and use Hood's Pills which are the best I ever took." H. A. MELVIN, Sisters, Oregon.

Purely Business.

The publisher of a newspaper has one thing to sell and one thing to rent. He has the newspaper to sell and the space in his columns to rent. Can anyone inform us why he should be expected to give away either one or the other? He can do so if he chooses, and he does, as a matter of practical fact, furnish a great deal of space rent free. But it does not follow that he ought to be expected to do so. It ought to be recognized as a contribution exactly as would be the giving away of sugar and coffee by the groceryman. But strange to say, it is not looked upon in that light at all, yet everybody knows that the existence of a newspaper depends as much on the rent of its space and the sale of the paper as a merchant's success depends on selling his goods instead of giving them away. —Astorian.

Mr. G. G. Strong, principal of the public schools at Anderson, Ore., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds." Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and is unexcelled. It affords almost immediate relief and in a short time effects a permanent cure. For sale by Slocum-Johnson Drug Co.

Globe: The Globe thankfully acknowledges receipt of a fine wedding card, announcing the marriage of the well-known merchant, Lester F. Coffin and Miss Nellie R. Levens at Mt. Tabor, Oregon, on the 18th inst. The contracting parties formerly resided at Arlington and have many friends in this county who tender congratulations. The happy couple will be "at home" at Lewiston, Idaho, after Oct. 1st.

"It is the best patent medicine in the world" is what Mr. E. M. Hartman, of Marquette, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy. "What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure." For sale by Slocum-Johnson Drug Co.

OPENDOHERM BECKS.—Doug. Belts, of Unadilla county, writes the Gazette that he will be at Heppner on Oct. 1st or 2nd with a lot of half and quarter blood Oxfordshire bucks, which he will offer for sale on very reasonable terms. Sheepmen should come early and select their rams before they are all gone. 74-75.

E. O.: James B. Eddy, of the railway commission, was a caller at the Commercial Association rooms Wednesday evening. He is on a tour of inspection with the commission and has been east to Huntington. Overwork, either physical or mental, will prove weakness and loss of energy. Too many business or family cares, overwork in the harvest field, an excess of woman's work and worry will produce months of misery. To prevent this, the exhausted system should be renewed. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier is an appropriate remedy. Price \$1.00 per bottle.

Fred Duran brought the Gazette a healthy specimen of Morrow county hops Saturday. It came from Rev. King's hopyard, down near the mouth of Rhea creek. Hermann, the Heppner race horse, ran fifth in the half mile race Thursday. As the time made was 0:48 1/2, Hermann or any other horse in the race not a winner did well to be in the neighborhood. Fast running time is no exception in the races this year.

G. B. Tedrows's stable of race horses is now under training. It consists of Daner, a two-year-old, and Queen, a three-year-old. "Ted" is full of expectation and enthusiasm over his "bracers." Queen is a full sister of Dottie Reed, an animal of reputation.
