

NOTES AND COMMENT.

The Dispatch, a Portland newspaper which has been "dispatched" several times in its existence, to be resurrected again by Tony Noltner, publishes editorially in a recent issue an article in which Hon. Henry Blackman, Congressman Ellis and "the Pattersons" are strangely mixed.

The St. Helens Mist strikes the keynote when it observes that the editorial utterances of a certain newspaper not a thousand miles from Heppner, and not more than two thousand miles from Pendleton, are not worth noticing, and carry no weight in the community where the paper is published, much less away from home.

Irresolution frames a thousand horrors.—J. Martyn. This is reminding of the fact that Heppner has had a certain population who, while deprecating everything done for the good of the town, fail through lack of energy and resolution to do anything themselves.

Brother Cradlebaugh, in the Times-Mountaineer, refutes the statement that is going the rounds of the press that a young gentleman of his city had been arrested for kissing one of The Dalles girls against her will.

JAPAN and Russia are liable to have a tilt over Corea yet.

CORBETT announces that he will give up pugilism in the near future.

JOSH BILLINGS said: "The easiest man in any community is the hen pecked husband away from home."

PROF. ADAMS, who was tried for punishing a refractory pupil with a rawhide in the Stephens school, Portland, was acquitted.

AN ALABAMA railroad has been sued for \$10,000 damages because one of its conductors kissed a passenger against her will.

IN A long-winded article in the Pacific Christian Advocate H. K. Hines asks, "Who saved Oregon?" Roarick did it—by getting out of the state. Ask something easy.—Salem Statesman.

NOW is the time to test whether "the Monroe doctrine" has any legs to stand on. If they have been amputated, let the people know it, and the surgeon who did it put in evidence.—Inter-Ocean.

## Let Busy Men and Women Read How Paine's Celery Compound Made Him Well.

It was John Adams who described his working days as follows:

Seven hours to sleep.  
To Law's great study seven.  
Ten to the world allot.  
And all to Heaven.

Few busy men in these days sport their days so wisely.

These are the periods of intense mental and bodily strain that rack the nervous system and "age" men long before their time. Repeated headaches, an oppressed feeling at the back of the neck, troubled sleep, and loss of strength show that the nervous system is on the road to prostration.

For busy men threatened with failure of nerve force, able physicians all over the country are today prescribing Paine's Celery Compound. It never fails to bring back vigor to the shattered nerves and to restore health to the disordered system.

EX-GOVERNOR PENNOYER says he will not start his shingle mill till after "Clevelandism" is buried under an avalanche of votes.

SAN FRANCISCO proposes to put in a bid for the republican national convention. The three great newspapers, the Call, Chronicle and Examiner put up a combined sum of \$19,500. It will require \$100,000 to take care of the politicians.

JOHN L. RAND, the Baker City attorney, announces himself a candidate for congress. John has probably been emboldened to thus press his claims by the position taken by the Pendleton republican organ against Congressman Ellis.

A FEW days ago Lord and Lady Douglass created a scene on a Pico Heights, Los Angeles, car over the refusal of Lord Douglass to tie up his wife's shoes.

There can be no pleasure or happiness for persons whose liver or kidneys are unhealthy. They are weak, sick and irritable, and find it burdensome to perform work of any kind.

The languor that comes after too prolonged, or too hard work, is a sure sign that the nervous system is badly in need of nourishment—nourishment appropriate for building up the exhausted nervous tissues, and for this reason in the household of hard-worked men all over this country Paine's celery compound is used as a nerve regulator and invigorator.

It does away with the languor of ill-health and brings back strength and bodily vigor. It refreshes the blood and cures nervous weakness in its many forms by radically feeding every worn-out part and supplying it with fresh material for new, strong nerves.

Paine's celery compound drives out diseases of the liver, kidneys, the blood and the stomach. It has proved in thousands of cases a rapid and permanent cure for obstinate constipation, salt rheum, eczema and rheumatism. It cures every form of weakness, and as a consequence replaces depression and low spirits with the assurance of returning health.

GOOD SUGGESTIONS.

From The Dalles Chronicle. Congressman Ellis will arrive in The Dalles tomorrow morning from Heppner and spend the day in this city.

There are several questions of vital importance to the people of Eastern Oregon concerning which it would be well to consult informally with Mr. Ellis. The necessity of allowing sheepmen to pasture their flocks in the accustomed places is one of them and the matter of river improvements another.

Meadows & Serriner, the blacksmiths, horsehoers and wood botchers, at the old Gunn stand, Main street, Heppner. Call on the boys.

### Grand Bicycle Prize Given Away

WELLS & WARREN, Druggists.

To every person making a cash purchase of 25 cents we will give a coupon ticket which entitles the holder to an equal show in the grand prize. The person receiving the bicycle can exchange for other goods of same value.

OUR PRICES ARE LOW!

## Wells & Warren,

### THE RACES.

Continued Two Days Beyond the Regular Program, Sunday and Monday—Jobs Did Not Go.

The races continued good to the end of the program, and the association having some money left gave two races each on Sunday and Monday. The track was in fine condition and weather perfect throughout.

The summary of races is as follows: Friday opened with a one-fourth mile bicycle race, heats beat two in three. Entries, Geo. Noble, Jr., Frank Natter and Homer Harrington. First heat, Harrington won, Natter second; second heat, Natter first, Noble second; third heat, Natter first, Noble second. Natter won the race, Harrington second.

The five-eighths dash was exciting. Two or three accidents occurred before the horses could be gotten off. Andy Allen was kicked by Crocker Jack and severely bruised and Manny Smith was knocked off of Terressia by running against Hermann and laid up for the rest of the day.

The entries in the above race were: Coxy, Tampa, Terressia, Crocker Jack and Hermann. Tampa won, Coxy second; time 1:03. Mutuals paid \$2.25.

The entries in the half mile special saddle horse race were Rocky, Silver, Annie J., Milkwagon Dick, Chester and Leslie. Chester won, Rocky second; time 0:54. Mutuals paid \$3.50.

Saturday's races were as follows: Quarter-mile dash, 0:25 class—Skipper, by Donnelly & Davis; Susie, by Smith Bros.; Hot Stuff, by Boynton; Jubilee, by F. Patton; Dutch, by Sperry, entered. Dutch won, Skipper second; time 0:23. In this race Jubilee, Skipper and Hot Stuff sold in the pools at even money, with Susie and Dutch in the field. Mutuals paid 10 for 1.

1000-yrd dash—The entries were: Terressia, by Aiken; Lady Opal, by Swagart; Selam, by Ross; Chester, by Hatt. Selam won, Chester second; time, 1:50 3/4. This was a closely contested race. Mutuals paid \$2.25.

Sunday's contests were a 300 yard race and a half mile consolation. Three hundred yard—entries, Pin Ear, Black Prince, Steamboat Bill and Paddy Ryan. Paddy won, but it was plain that the thing was a job and that Paddy was the slow horse.

The entries in the consolation were Terressia, Rubberneck and Jubilee. Jubilee won in 0:51 3/4, Rubberneck second. No mutuals were sold on this race, though auctions were lively.

Yesterday concluded the meeting. It was as follows: One-half mile handicap—entries, Gray Dick, 115 pounds; Pin Ear, 115 pounds; Alder, 124 pounds; Selam, 108 pounds; Opal, 100 pounds. Alder came in first, Gray Dick second, but five pounds of weight having been stolen off of Alder, the fraud being detected in the endeavor to get it back to the rider before he got to the scales, gave Dick first place, Pin Ear second. Time, 0:54 1/2. Mutuals paid \$3.75.

Skipper, Dutch and Paddy ran a match race for a total of \$30, 400 yards, Paddy winning in 0:20 1/5. Mutuals paid \$3.50.

The half mile hurdle was contested by Herman, Alder and Crocker Jack, Hermann winning in 1:04 1/4.

This closed seven days' racing in which all were given an equal show. It is likely that the Heppner track will become a branch of the Northwest Racing Association and hold a spring meeting under the auspices of said association.

Bismarck's Runa Hint When there is lactic acid in the blood, liniments and lotions will be of no permanent benefit.

Hood's Pills act easily, yet promptly and effectively, on the liver and bowels.

## germ-life

The doctors tell us, now-a-days, that disease germs are everywhere; in the air, in the water, in our food, clothes, money; that they get into our bodies, live there, thrive and grow, if they find anything to thrive on.

Consumption is the destruction of lung-tissue by germs where the lung is too weak to conquer them. The remedy is strength—vital force. Scott's Emulsion, with hypophosphites, means the adjustment of lung strength to overcome germ-life.
