

IT WAS "A CORKER."

If the readers of the Gazette will take the trouble to look up last issue they will see that the paper in its prophecies was not far off in any particular. If anything it has been a greater landslide than the most sanguine republican predicted.

While the republicans have gained Maryland and Kentucky, it only places these states in the doubtful list, with the chances favoring the democrats. This year they were torn up over local issues, but had Cleveland kept his bull neck and his lacky, Carlisle, out of the fight there but little doubt today that there would be a democratic victory in each of these states instead of decisive republican pluralities.

Even Utah have gone republican, and "the faithful" have sought left but Mississippi and New York city as a solace. However, there might have been a few democratic constables elected down in Maryland.

But the republicans should look well to their ranks next year, for that which hath sowed discord in the forces of Jackson and Jefferson, bossism, may be visited upon the followers of Lincoln and Garfield. Then there is a certain kid-gloved contingency, a lot of camp-followers and papsuckers who propose, it appears, to foist upon the republican party that which is in opposition to the best interests of the people.

COL. BRADLEY, of Kentucky, is now in line for vice president.

THE president has set apart Nov. 28th as a day of thanksgiving.

THE Oregonian's Sunday "Exposition Number" was a grand success.

CAPT. W. W. SAUNDERS has been restored to full citizenship by Gov. Lord.

THE multi-murderer, Holmes, has been convicted of murder in the first degree by a Philadelphia jury.

THE one-horse English dude and Miss Vanderbilt are married. The people are glad of it. Un-American girls should go where royalty reigns.

THE best exposition ever held in Portland closed this week. It was a financial success. One drawing card was home-made music by a house band.

A FRIEND of ours suggests that Kentucky should not forget in the midst of wonderful republican victories that it is strictly necessary that they should go on manufacturing good, old democratic whiskey, and that Maryland, the home of peach brandy, should not entirely cast over that great

democratic concomitant. We are not saying that this represents the Gazette force in any particular, but from what a man up a tree gathered from our republican friend, he was rejoiced over the grand republican victories, but he wanted the democrats to still live on earth and go on as of yore making stout planks for democratic platforms.

THE Marlborough-Vanderbilt people make one sick. If the English coxcomb and the foolish American with money will get married at once and hide themselves away to the country of dukes and lords, they will be favoring a large majority of the American people. It is absolutely disgusting.

THE republican victory is even greater than first supposed. Utah gives 2,482 majority and Kentucky 15,000. This election has settled the hash of at least three democratic senators.

When the Chill Mists of the Morning Hang like a pall over the surface of the earth, it will be well for you before venturing into the raw vaporous air, charged, perhaps, with the seeds of malaria or provocative of rheumatic twinges, to take a wineglassful of Hostetter's Stomach Bitters, and thus shield yourself from atmospheric influences threatening to health. If you happen to get moved, seated or rained upon, use the same preventive, and avoid the rheumatism or a dangerous cold. The agreeable warmth infused into the circulation by this genial stomachic, its invigorating and regulating properties commended it to all appreciators of the fact that prevention is better than cure. Use the Bitters for dyspepsia, biliousness, nervousness and kidney trouble, sick headache and debility.

WILD GOOSE AND GOSLINGS. The Mother Bird Carries Her Young in Her Bill.

I had to make a trip from our claim on a link near Spokane falls. It was much nearer to go through the mountains on a cayuse than around by Davenport on the stage, says a writer in Forest and Stream. I started quite early one morning and was along up the Spokane river when, as I came over a small rocky point, I noticed a very large bird soar down from a tree and carry something in its mouth. At first I thought it was an eagle, but as soon as I climbed a little higher I could see it was an old gray goose, and that it had deposited its burden in the water, where I could see several small ones swimming around.

I stopped, got off from my cayuse and watched the performance. I had waited but a few moments when one of the young ones came flying straight to a cottonwood tree, alighted a few steps toward the nest, and reaching over into the nest took a young gosling out and sailed down to her companions. When she let the youngster touch the water it cut all kinds of capers.

She again returned to the nest and got another, which was the last. After watching them for quite awhile I mounted my cayuse and rode on. When I came into plain view of the family the old ones fluttered away and the youngsters disappeared. There were seven little ones, as near as I could count. I have watched the wood duck carry her young from a tree, but this was the only time I ever saw a goose make the transfer.

FOR LONDON CHILDREN. Parks Are Provided with Out-of-Door Gymnasiums.

The county council of London has been kind to the children. Thousands of poor little creatures from slums and overcrowded dwellings are better in health for its considerate action. The parks are the great playgrounds of the London child, its only change from the crowded home and the dirty street. Here it has its only taste of a rural life—the pleasures of trees and flowers and birds. The parks, however, are for the whole people, and unless some special means are taken to attend to the wants of the children they are likely to be elbowed out by others. So the parks committee established children's gymnasiums in Victoria, Battersea, Finsbury and Brockwell parks and made arrangements at other parks where only one gymnasium exists that it shall be set apart exclusively for children at certain hours. Special attention is paid to physical exercises for girls, and in every case a woman attendant is in charge of the children's gymnasium. The most notable innovation, however, has been the introduction of sand pits in Victoria park, which are a great source of amusement to many children who have never had an opportunity of visiting the seaside. Anyone who knows children knows that the amusement little ones can obtain playing in the sand is incalculable.

Course of the Missouri. Michael Vincent, a professional engineer and draughtsman of Onawa, Ia., has had the happy thought to plot the course of the Missouri in 1804, as laid down in the manuscript journals of Lewis and Clark, at least for the Iowa portion of the river. A few blue prints of this map are in private circulation. The plotting possesses an extraordinary interest and no small hydrographic value, inasmuch as it includes the United States survey of 1802 and the county survey of April, 1803, and thus exhibits the changes in the stream at two intervals of approximately forty-five years. The nature of this mighty river in alluvial soil is almost incredible, one who should attempt to follow literally in the track of Lewis and Clark in their ascent of the Missouri would have frequently to convert his tendency of the river on the whole at this particular point has been to straighten itself, and Iowa has been the gainer of the operation at the expense of Nebraska.

Edicts so much enjoyment as the reading of financial books full of dry statistics.

The hospitality Senator Brice dispensed from the old Coburn house in Washington is said to cost him \$150,000 a year.

ANOTHER LANDSLIDE.

Republicans Sweep Everything in the North and take Maryland and Kentucky from the "Solid South."

YES, AND UTAH GOES THAT WAY TOO.

Briecism and the Administration Rebuked in Ohio by the Election of the Republicans.

CHICAGO, Nov. 6.—The Torrens land bill has been carried by a majority in the county of 77,257. The vote in the city for it was 75,319, and against, only 487. The country towns were fully as strong for the measure.

IT WAS AN AVALANCHE.

The Courier-Journal's Comments on the Returns.

LOUISVILLE, Nov. 6.—The Courier-Journal this morning says: "The democrats of Kentucky are asking where they stand today. It was an avalanche. The governor's race is in doubt. The legislature is in doubt. The democratic majorities in democratic strongholds have been shaved to almost nothing. As it stands, with reports from about 80 counties, Bradley has a lead of about 4000 for governor. The same ratio of democratic losses will land Mr. Bradley in the executive mansion at Frankfort."

Later returns show that the legislature is republican without doubt.

IN OHIO.

Estimates Differ as to the Republican Plurality.

COLUMBUS, O., Nov. 6.—Chairman Anderson, of the democratic state committee, says the reports up to 12 p. m. show a republican plurality from 80,000 to 90,000. Chairman Kirtz, of the republican committee, says the plurality will be 95,000.

Young Jas. R. Garfield was elected state senator from the 24th and 25th districts.

NEW YORK.

Political Complexion of the Empire State's Next Legislature.

NEW YORK, Nov. 6.—Corrected returns from nearly all the election districts show the state senate consists of 35 republicans, 14 democrats and 1 independent, the assembly of 99 republicans and 51 democrats.

In this city the majority for the democratic state ticket is approximated at 10,000 greater than the average majority of Tammany local candidates, which are from 25,000 for Sognin, for recorder, to 17,000 for Purroy, for county clerk.

MARYLAND.

Incomplete Returns Indicate Lowndes' Election by 15,000 Majority.

BALTIMORE, Nov. 6.—The Baltimore vote for governor is complete, and as follows: Lowndes, rep., 55,110; Hurst, dem., 43,327; Levering, rep., 20,377; Andrews, pro, and soc., 433. The republicans have a majority of 10 in the city council and elect the entire city and county tickets. Incomplete returns from the state, including Baltimore, indicate the election of Lowndes, republican candidate for governor, by at least 15,000 to 16,000 majority, carrying with him the controller and attorney-general. The house of delegates will perhaps have more than 60 republicans. The senate will be close, with chances in favor of a republican majority. On joint ballot the republicans will have a safe majority.

UTAH.

Net Republican Gain, for Governor So Far as Reported, 1017.

SALT LAKE, Nov. 6.—The Tribune's extra edition gives the returns from 145 voting precincts as follows: Wells, rep., for governor, 13,028; Cane, dem., 11,850; net republican gain, 1017. The same precincts last year gave Cannon, rep., 12,213; Rawlins, dem., 12,022. The same precincts give Allen, for congress, a majority of 686. In this judicial district the indications point to the defeat of all republican nominees. The legislature will be republican.

Griggs' Large Plurality.

TRENTON, N. J., Nov. 6.—The estimated plurality of Griggs, republican candidate for governor, is 24,300.

IN MASSACHUSETTS.

BOSTON, Nov. 6.—The Massachusetts legislature stands Senate, 33 republicans, 7 democrats, a democratic gain of 1; house of representatives, 174 republicans, 53 democrats, a democratic gain of three.

Governor Greenhalgh is re-elected by 62,444 plurality, 1933 less than his plurality last year. Municipal suffrage for women was defeated by about 75,000.

As Important Offer.

To properly fill the office and functions, it is important that the blood be pure. When it is in such a condition, the body is almost certain to be healthy. A complaint at this time is etarrh in its various forms. A slight cold develops the disease in the head. Droppings of corruption passing into the lungs bring on consumption. The only way to cure this disease is to purify the blood. The most obstinate cases of etarrh yield to the medicinal powers of Hood's Sarsaparilla as if by magic, simply because it reaches the seat of the disease, and by purifying and vitalizing the blood, removes the cause. Not only does Hood's Sarsaparilla do this but it gives renewed vigor to the whole system, making it possible for good health to reign supreme.

Now is the time to get the Weekly Oregonian, the greatest newspaper of the West. With the Gazette, both strictly in advance, for one year, \$5. No better combination of newspapers can be made in the state. Besides we will give you a premium on addition of Journal, the West Portlander, an agricultural paper, Come in now and subscribe.

nothing lost

Scott's Emulsion makes cod-liver oil taking next thing to a pleasure. You hardly taste it. The stomach knows nothing about it—it does not trouble you there. You feel it first in the strength that it brings: it shows in the color of the cheek, the rounding of the angles, the smoothing of the wrinkles.

It is cod-liver oil digested for you, slipping as easily into the blood and losing itself there as rain-drops lose themselves in the ocean.

What a satisfactory thing this is—to hide the odious taste of cod-liver oil, evade the tax on the stomach, take health by surprise.

There is no secret of what it is made of—the fish-fat taste is lost, but nothing is lost but the taste.

Perhaps your druggist has a substitute for Scott's Emulsion. Isn't the standard all others try to equal the best for you?

50 cents and 50c. All Druggists SCOTT & BOWNE Chemists - New York

Michigan's Benefactor.

An Oft Repeated Story of True Philanthropy.

What Chas. H. Hackley has Done for Western Michigan.

(From Grand Rapids, Mich., Evening Press.) The most beautiful spot in all this city is inseparably associated with the name of Hackley. Chas. H. Hackley has been in the lumber business here continuously since 1856 and in that time has amassed a fortune which gives him a rating among the wealthiest men of the nation. But with wealth there did not come that tightening of the purse strings which is generally a marked characteristic of wealthy men.

It is no wonder then that the name of Charles H. Hackley is known at home and abroad. His munificence to Michigan alone represents an outlay of nearly half a million. For the past twenty years he has been a constant sufferer from neuralgia and rheumatism, and also numbness of the lower limbs, so much so that it has seriously interfered with his pleasure in life. For some time past his friends have noticed that he has seemed to grow young again and to have recovered the health which he had in youth.

To a reporter for the Press Mr. Hackley explained the secret of this transformation. "I have suffered for over 20 years," he said "with pain in my lower limbs so severely that the only relief I could get at night was by putting cold water compresses on my limbs. I was bothered more at night than in the day time. The neuralgia and rheumatic pains in my limbs, which had been growing in intensity for years, finally became chronic. I made three trips to the Hot Springs with only partial relief and then fell back to my original state. I couldn't sit still and my suffering began to make life long very blue. Two years ago last September I noticed an account of Dr. Williams' Pink Pills for pale people and what they had done for others, and some cases so nearly resembled mine that I was interested, so I wrote to one who had given a testimonial, an eminent professor of music in Canada. The reply I received was even stronger than the printed testimonial and it gave me faith in the medicine.

"I began taking the pills and found them to be all that the professor had told me they would be. It was two or three months before I experienced any perceptible betterment of my condition. My disease was of such long standing that I did not expect speedy recovery and was thankful even to be relieved. I progressed rapidly, however, towards recovery and for the last six months have felt myself a perfectly well man. I have recommended the pills to many people and am only too glad to assist others to benefit through the medium of this wonderful medicine. I cannot say too much for what it has done for me."

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 50c. per box, or six boxes for \$2.50.

A DIRTY TRICK.—Some mischievous boy or skunk of a man, threw a rock as big as a goose egg through the front door of the Gazette building, last Tuesday evening, just as the shop was getting to press. The darkness prevented the perpetrator from being seen. If the miscreant is some thoughtless boy, he should have the seat of his pants padded about fifteen rounds to give him more power of thought. If perchance he be a grown man, and is caught at such a trick again, we'll promise him faithfully to pitch back something hotter and swifter than rocks. The joke of all druggists, to dig up to push broken glass windows and doors is not appreciated. Besides some person is liable to get hurt.

Some throat. Any ordinary case may be cured in one night by applying Chamberlain's Pain Balm as directed with each bottle. This medicine is also famous for its cures of rheumatism, lame back and deep-seated and muscular pain. For sale by Slocum Johnson Drug Co.

NOTICE IS HEREBY GIVEN THAT THE following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the county clerk of Morrow county, at Heppner, Oregon, on December 3, 1905, viz: JAMES S.
