

TURNING GRAY AND THREATENED WITH BALDNESS
The Danger is Averted by Using
AYER'S HAIR VIGOR

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends."—Mrs. H. M. HAIGHT, Avoca, Neb.

LITERARY NOTES—The literary which held its regular session at the court house Saturday evening, was well attended and enthusiasm prevailed. The subject for discussion, "Resolved, That brutes are endowed with reason," was well contested and the decision rendered in favor of the affirmative. The judges chosen were Clyde Saling, Wm. Another feature of the program deserving of special praise was the vocal solo rendered by Elbra Swagart. James Hart, ex-president, presided, owing to the absence of Pres. Robt. Hynd, and to the fact that the present vice, Mr. Kelly, was busily engaged in interposing objections during the debate. Catarrh in the Head
Is due to impure blood and cannot be cured with local applications. Hood's Sarsaparilla has cured hundreds of cases of catarrh because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attacks of pneumonia, diphtheria and typhoid fever.
Hood's Pills become the favorite cathartic with every one who tries them.
LITERARY NOTES—The literary which held its regular session at the court house Saturday evening, was well attended and enthusiasm prevailed. The subject for discussion, "Resolved, That brutes are endowed with reason," was well contested and the decision rendered in favor of the affirmative. The judges chosen were Clyde Saling, Wm. Barratt and Lena Behne. The society paper, under the direction of Clay Folson and Floss Farnsworth, surpassed our fondest expectations. Another feature of the program deserving of special praise was the vocal solo rendered by Elbra Swagart. James Hart, ex-president, presided, owing to the absence of Pres. Robt. Hynd, and to the fact that the present vice, Mr. Kelly, was busily engaged in interposing objections during the debate. The subject for discussion next Saturday is, "Resolved, That the fear of punishment has more to do with regulating the human conduct than the hope of reward." The speakers will be John Hornor and H. T. Bagley for the affirmative, Bruce Kelley and Robt. Hynd for the negative. We expect the H. L. & D. Heppner, on Monday and leaving every day except Sunday. Shortest and cheapest route to the interior. P. Cohn, agent.
