The American Protective Tariff League is a national organization advocating "Protection to American Labor and Industry" as explained by its constitution, as follows:

"The object of this Langue shall be to protect American labor by a tariff on imports, which shall adequately secure American industrial products against the competition of foreign labor."

There are no personal or private profits in connection with the organization and it is sustained by memberships, contributions and the distribution of its publications.

FIRBT: Correspondence is solicited regarding "Membership" and "Official Correspondents." SCOND: We need and welcome contributions, whether small or large, to our sause.

THIRD: We publish a large line of documents covering all phases of the Tariff question. Complete set will be mailed to any address for BO cents. FOURTH: Send posted card request for free sample page of the "American Economist." Address Wilbur F. Waksman, General Secretary, 185 West 23d Street, New York.

\$1800.00 GIVEN AWAY TO INVENTORS.

Bryn no every month given away to any one who ap-then through us for the most mentionious passet during plies through us for the most increment parties the mosts percenting.

We secure the heat patents for our ellects, and the edgest of this offer is to encourage inventors to keep track of their bright ideas. At the same time we wish to impress upon the public the fact that IT'S THE SIMPLE, TRIVIAL INVENTIONS

THAT YIELD FORTUNES, eith at the "cor-window" which can be easily slid up and down without breaking the possenger's back, "assure pan," "coller-buston," "nut-back," "hortle-singue," and a thousand other fells things that assist any one can find a way of improving; and those singula inventions are the once that being leggest returns to the suchor. Try to think of contribing to invent

IT IS NOT SO HARD AS IT SEEMS. Persons taken our though us tensive ground notice in the "Notional Recorder," published at Washingston, D. C., which is the protesse werpaper published in America in the interests of inventors. We furtuals a year's subscription to this journal, first of goal, to all one cleans. We also advertise, for of cost, to all one cleans. We also advertise, for of cost, to all one cleans, of the "National Recorder," contrasting a substitute of the winteres, and handwise of thougands of copies of the "National Recorder," contrasting a should of the winters, and a demonstration of his inventors, will be treatment throughout the United States among expetitions and manufacturers, these longing to their accuracy of the inventors.

All commences to the inventors.

All commences to the inventors.
