

A SPECIFIC —FOR— La Grippe, for Colds, Coughs, AND LUNG TROUBLES, AYER'S CHERRY PECTORAL

"Two years ago, I had the grippe, and it left me with a cough which gave me no rest night or day. My family physician prescribed for me, changing the medicine as often as he found the things I had taken were not helping

me, but, in spite of his attendance, I got no better. Finally, my husband,—reading one day of a gentleman who had had the grippe and was cured by taking Ayer's Cherry Pectoral,—procured for me, a bottle of this medicine, and before I had taken half of it, I was cured. I have used the Pectoral for my children and in my family, whenever we have needed it, and have found it a specific for colds, coughs, and lung troubles."—EMILY WOOD, North St., Elkton, Md.

THE NAME OF "MURPHY."

An Irish Clergyman, Repudiates It in Favor of the O'MORCHOES.
England has done many wrongs to Ireland, but one of the worst of them has only just come to light. It seems, says London Truth, that we have stolen from the Irish the ancient name of O'Morchoe and substituted for it a base English counterfeit in the shape of "Murphy." At last one of the family, Rev. Thomas Arthur MacMurrough Murphy, rector of Kiltiernan, has determined to have back the ancient property. He now advertises through the press he has for and on behalf of himself, his children and descendants renounced, relinquished and abandoned "my said never or Anglicized, but hitherto always by me used, name of Murphy, and that instead thereof he revives his ancient and true name of O'Morchoe. Long may he live to rejoice in the recovery of his lost property! Probably when once they realize that they are only Anglicized O'Morchoes we shall have the whole of the great Murphy family throughout the United Kingdom, to say nothing of the colonies and the United States, following the lead of Rev. Thomas Arthur MacMurrough. There is a humble article of diet (also Anglicized) which I have heard spoken of as a "murphy." Ought we to talk of an O'Morchoe, too?
A Diplomatic Tutor.
From a French journal comes this little anecdote of a tutor and his royal pupil: The lesson was in Roman history and the prince was unprepared. "We come now to the Emperor Caligula. What do you know about him, Caligula?" The question was followed by a silence that was becoming awkward, when it was broken by the diplomatic tutor. "Your highness is right," he said, "perfectly right. The less said about this emperor the better."
Democratic County Convention.
A democratic county convention for the county of Morrow, state of Oregon, is called to meet in Heppner, in said county, on Saturday, April 4, 1896, at 10 o'clock a. m., for the purpose of nominating candidates for the following county officers: One county judge, county commissioner, county clerk, county sheriff, county representative, county treasurer, county assessor, county and superintendent, county coroner and county surveyor, and also present officers for the several precincts, and two delegates each to the state and second district congressional convention, and to transact such other business as may properly come before said convention. The convention will consist of 33 delegates, chosen by the several precincts; and the several precincts of the county will be entitled to representation in said convention as follows: Heppner..... 4 Alpine..... 2 Gentry..... 2 Pine City..... 2 Mt. Vernon..... 3 Mattoon..... 2 Cecil..... 2 Lexington..... 2 Dary..... 2 Wells Springs..... 2 Dry Creek..... 2 Lees..... 2 The same being one delegate at large from each precinct, and one delegate for every fifteen votes, and one for every fraction over one-half of fifteen votes for J. H. Bailey, the democratic candidate for congressman, at the election in June, 1894.
Primaries to elect the delegates in each of the several precincts will be held March 28, 1896. Polls will be open at 10 o'clock p. m., and will be conducted in the usual manner of the primary elections.
J. W. MORROW, Chairman. Democratic County Committee.

In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit. No other medicine ever possessed so much curative power, or reached such enormous sales, or made such wonderful cures, as Hood's Sarsaparilla. It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.
That is the secret of its success. Read this statement:
"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were Scrofula. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him."
"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a

Scrofula

half. He hadn't taken it a week before I saw that his appetite began to improve, and then he gained rapidly. I gave him five bottles, when the sores were all healed and they never broke out again. The crutches he had used for four years were laid aside, as he had no further use for them. I give all the credit to Hood's Sarsaparilla. Mrs. ADA L. MOODY, Fay Street, Lynn, Mass.
This and many similar cures prove that
