A PLEDGE.
In accordance with the general demand on the part of the voters of Morrow county for the repeal of the bill creating deputies for the sheriff and clerk with salaries at \$1000, I hereby pledge that if elected clerk I will urge the representative elect to use his influence towards securing the repeal of the law providing for a deputy clerk in this county. WITH THE POPULISTS.
"Quinn is the candidate of the only party that is openly, avowedly and unambiguously for free coinage of silver. Free coinage is the fundamental tenet of his party. From this point of view Quinn is the only logical silver candidate. If silver is to win, its success must come through the principles and the courage of the populist party."
The above is from the Oregonian of yesterday. That paper advises all the voters of the second district who favor the free coinage of silver to vote for the populist nominee for congress, Mr. Quinn, instead of either Mr. Ellis, the republican nominee, or Mr. Bennett, the democratic nominee.
The Oregonian would rule or ruin. If it cannot have its candidate, who is in favor of contraction and of the policy calculated to play into the hands of the Rothschilds and Wall street, it would advise the voters of its district to elect a populist.
The Oregonian knows that while the populist party is "openly and avowedly" for free silver coinage, it is at heart not in favor of this measure. It is only a temporary subterfuge. Its leaders are all for fiat money. Not one of them expects to remain with the free silver issue. The advice of the Oregonian is, therefore, not sincere. It is not to be trusted as a populist newspaper, any more than it was a republican newspaper before it kicked itself out of the party of progress.—Salem Statesman.
The above shows up the Oregonian's position exactly, and coming, as it does, from the leading republican paper of this state, it carries much weight. Just now it is anything but that paper that defeat Mr. Ellis, and it cares little about who is successful aside from this.
THE Chilean nitrate king, Col. North, is dead.
THE "golden rule" works in politics as well as in other things.
INDIANA endorses McKinley. He will be nominated for president.
WHY did not Judge McGinn, Joe Simon and others of that ilk sign the petition for Judge North's candidacy? Smart boys! They stood in the background and are using Harvey Scott and others as their tools.
OREGON is the only state in the Union that is endeavoring to make the financial issue the leading one in the republican ranks. These bolters are assisted by a few bolting democrats, but their efforts will avail nothing. Ellis is a protectionist and as such will be elected. He is a silver man, however, and has no apologies to make for it, but that is not the main issue of the republican party.
STATE after state endorses McKinley, the great protectionist. Protection is the watchword of the

A SHORT TALK ON MEDICINE OF GREAT INTEREST TO WOMEN.

Pale Cheeks and Nervous Hands are no Longer Admired. To be Strictly Correct you must have Rosy Cheeks and Good Health.

Men Admire Wholesome-looking Women, and now Seek their Wives from that Class.

A FEW POINTS FOR THE GIRLS OF THE PERIOD.

Pure blood is the secret of health and beauty. The features may be regular, the form perfect, but no woman can be beautiful in the full sense of the word while suffering from any of the peculiar ailments of her sex. Disease destroys the complexion, is productive of wrinkles and premature old age. Regular monthly uterine action is necessary to every woman's health, and if this function of life is checked, disease, a pale and sallow complexion, and a feeling of exhaustion, are the result. The monthly secretion must continue from puberty to the turn of life without unnatural obstruction. Any breach of this law of nature will result in the distressing symptoms which make the lives of seven-tenths of the women of this country miserable, almost unbearable. A few of these symptoms are severe headache, loss of appetite, pale or sallow complexion, palpitation of the heart, swollen ankles or legs, nervousness, offensive breath, etc., etc. The sufferer may exhibit one or more of these symptoms, or may have all. They simply indicate the ravages disease has made upon the system, and the more of the symptoms the patient shows the greater the necessity for prompt and persistent treatment, until they have been banished and the bloom of health restored. To accomplish this end Dr. Williams' Pink Pills are the only unfailing remedy. They positively cure all suppressions and irregularities, which, if neglected, inevitably entail sickness and trouble. By taking these pills for a week or ten days before the expected return of each period, the prompt return of "the visitor" is insured. For suppressions, the pills must be taken steadily until the re-appearance takes place—generally in a month's time, sometimes less. Follow the directions on the pamphlet about each box. Nursing women will find their milk improved in quality and quantity by taking these pills, and also obtain relief from pain in the back and general dragged-out feeling. All displacements from weakness of the uterine ligaments are speedily relieved and ultimately cured by the use of these pills. Leucorrhoea, bearing down, weight in the pelvis, and all female weaknesses, find speedy relief and cure in the administration of the Pink Pills for Pale People. The most critical period in the life of a woman is that attending the cessation of menstruation, or, as it is most generally termed, the change or turn of life. The symptoms attending this period are fainting spells or attacks of dizziness, nervousness, general debility, exhaustion, a feeling of melancholy, hysteria, pain in the loins, or limbs, hypochondria, etc. The change is a gradual one—for better or worse—before the former if the patient is wise enough to fortify the system against the ravages of the symptoms attending the change. For this purpose no remedy ever discovered equals Dr. Williams' Pink Pills. They purify the blood by acting directly upon the sexual system, lessen the severity of this critical period, and finally leave the patient in the enjoyment of robust health. All ladies approaching this critical period should take Dr. Williams' Pink Pills.
Pale and Sallow Girls.
What can be more distressing than to see a girl drooping and fading in the springtime of youth? Instead of bright eyes, glowing rosy cheeks, and an elastic step, there are dull eyes, pale, sallow, or greenish complexion, and a languidness of step that bespeaks disease and an early death if proper treatment is not promptly resorted to and persisted in until the impoverished blood is enriched, and the functions of life become regular. Upon parents rests a great responsibility at the time their daughters are budding into womanhood. If your

HOLMES PAYS THE PENALTY.

Hanged in Prison in Philadelphia for His Numerous Crimes.

PHILADELPHIA, May 7.—H. H. Holmes was hanged in Moyamensing prison this morning. Even on the scaffold he was probably the coolest person in the solemn assemblage. In a few chosen words he proclaimed his innocence of any murder, including that of which he was convicted and for which he was hanged. He declared that the only wrong to which he held responsible consisted in the death of two women who died as the result of criminal operations at his hands. He did not name these victims.

The Biggest Fool at Large

Is the individual who persistently neglects his health, and the means of preserving and restoring it. Many persons who are not constitutional idiots do this. They are genuine objects of compassion as well as of censure. A failure of appetite, loss of sleep and flesh, impaired digestion, an uncertain state of the bowels and symptoms of biliousness are so many warnings of the approach of disease. To disregard them is about folly, which offends nature in due time punishes severely, if not fatally. That genial and reliable remedy, Hostetter's Stomach Bitters, will, if resorted to in time, avert those disorders, to the removal of which it is also fully adequate. Among these are chronic indigestion, liver complaint, kidney troubles, constipation, nervousness, rheumatism and malaria.

M. E. CHURCH.

Sunday promises to be a big day at the M. E. church. At 11 o'clock an "old people's service" will be held. Every person, whether christian or non-christian, 60 years of age or over, is especially invited to attend this service. Subject of sermon, "Life's Western Slope." In the evening the choir, assisted by other singers, will give a sacred concert. The admittance is free. Tickets are invited to bring one or two bits along for use at the close of the concert. The following is the program:
Organ voluntary.
Gloria Patri.
Hymn—"Old Hundred."
Reading—"66th Psalm."

The J. M. RUSSELL Co.

The Dalles, Portland, Heppner.
PORTLAND, Oregon, April 20, 1896.
TO THE PUBLIC:
The following facts have decided us to open up an office at The Dalles, and we believe the wool growers will feel an interest in our proposition to handle their wool.

THE DALLES MARKET.

—In 1895 six million pounds of wool was marketed there, which brought extreme prices. The present outlook is that not less than eight million pounds will be marketed there this season, and we believe wool sold in The Dalles will bring full value for the following reasons:
1st. The large amount of wool handled not only attracts buyers, and the most of them make The Dalles their headquarters for the season, causing a brisk competition. The Oregon mills use not less than two million pounds, so wool in The Dalles has the benefit of this competition, as well as for the East and California markets.
2d. The location of The Dalles is such that five transcontinental railroads compete for freight, guaranteeing the shipper a low rate; in 1895 wool from The Dalles to the East were taken at a rate of 90 cents per hundred pounds.
3d. Arrangements have been made with the railroad companies whereby local freight to The Dalles when added to the freight from The Dalles East, will not be higher than the freight from local points direct East, and in many cases less. These facts alone assure the growers the highest possible price.

CONSIGNMENTS.

—While we fully realize consigning wool is a thing of the past, we believe growers will do well to consider our proposition, especially this season as there is every reason to believe it will be a slow, drizzly year.
Our business in the past has been buying for Oregon and Eastern mills and dealers. Realizing how slow the mills and dealers will be in placing their orders this year, we think our method of handling will be an advantage to the grower, and considering the wool will not be moved from the home market nor under your control without consent; you must not look upon our proposition in the light of shipping on consignment.
For ten years past, "excepting 1893, the year of the panic," wool has brought better prices in the home markets, as the season advanced, than at the opening, and we believe this will be especially so this season.
When growers are not in a position to hold their wool, or feel inclined to sell to pay their bills, we make an advance at a liberal rate of interest; will take charge of the wool, pay the transporter's and other charges when required to do so, and when wool is to be shipped to The Dalles by rail, we will have care of the railway freights from point of shipment to The Dalles, and at such points as Heppner and Arlington, we will have a representative who will take charge of the wool and forward it.
You will keep in mind that when shipping to The Dalles there will be no extra expense to you, and considering the low price of wool, we have concluded to do this work at 1 cent per pound requested.
We will be pleased to hear from you, and send regular accounts of eastern and local markets when requested.
