

A NERVE FOOD FOUND

You Must Feed the Nerves, Not Strain Them; Build Them up, not Stimulate Them; Coax Them, not Drive Them.

Ordinary Foods do not Supply Sufficient or Proper Nourishment for Wasted Nerves—They Must be Carefully Treated on Scientific Principles.

The Case of a Paralytic Whose Nerves Were so Nourished That he was Cured.

From the Courier-Herald, Saginaw, Mich.

Every reader of the Gazette will recognize the above as a good likeness of Hon. W. R. Ellis, the successful candidate for congress, opposed by Simon, Oregonian, strong corporation influence, more than two-thirds of the banks in Oregon, and a large following of pap-suckers and political leeches.

McKINLEY will get there all right.

The price of silver bullion is advancing.

It will take economy to pull Morrow county out of debt.

The Boltegonian's candidate for mayor, D. Solis Cohn, was third in the race down at Portland.

It is to be hoped that the projected Heppner-Mitchell road will be completed as soon as possible.

The latest from Grant county indicates the election of Chas Parrish, candidate for district attorney.

HURRAH for Tongue! He is supposed to be elected by a small plurality. He will make a good congressman.

The Minneapolis Journal wants McKinley for president and McAlpin for vice president. This is a good combination.

KENTUCKY democrats have come out for silver in convention assembled. Carlisle couldn't crack the whip over them any longer.

HON. T. J. VAUGHAN, father of our coroner-elect, was successful in the contest as one of the representatives from Lane county.

The republican party will have to be better united in Oregon than it is at present to carry the state in November. Just bear that in mind.

POPULISTS, democrats and republicans, even sorehead republicans, can rest assured that Bartholomew will do his full duty as county judge.

The Gazette regrets that Gen. Beebe was not elected mayor of Portland, but between Penneyism and Simonism, give us the first. Penney will give Portland an economical administration.

The Bolting Astorian and Oregonian are in mourning. They can no longer give advice to the republicans of Oregon because they have left the party. The disgrace, defeat and humiliation are well earned.

The question of economy in the administration of county affairs is first and foremost before the people and will be agitated until something is done for their relief. Too much money is being wasted and the people know it.

DESPITE the Northrup bolters Ellis is once more elected. The same clique that fought Ellis assisted to bring about the defeat of republican candidates in this county. Some people have good memories—others have better.

JOHN POWELL has again been elected clerk of Grant county. Chas. Parrish and Ed. Hall, respectively, candidates for prosecuting attorney and joint representative, residing in Grant county, have met defeat at the hands of Mel Dustin and Chas. Dustin.

IT HAS been said time and again during the recent campaign that the result in Oregon would have an effect upon shaping the financial plank to be adopted by the republican national convention. If this is true the platform will have a silver ring about it.—Times-Mountaineer.

DESPITE the Oregonian, the bolters, Joe Simon, the soreheads and a lot of odds and ends of "republicans" that the devil wouldn't take, Ellis is again re-elected to congress. The fight that was made upon him came from his own par-

Do you see those two men walking up the street? One has a vigorous, firm, elastic step, his head well up, his eyes bright—a picture of a sound and perfect man. The other is bent, his knees weak and unsteady, a listless air about his whole make-up. He has the appearance of one who is broken in health and who has to whip himself to every task. The difference between those two men is a difference of nerve power. With nerve power comes energy, enterprise, force, vigor—all things which make existence enjoyable; without it the muscles cannot act, the brain cannot think. Bear in mind that life is nerve power, and if you wish to keep it you must feed the nerves. Do not simply stimulate them, but coax them—feed them. Give them the food which will renew their life and make them sound and healthy, that they may ward off disease.

Probably paralysis is the nearest disease to nerve-death that we know, and we therefore cite a case of it below, to show what a certain famous nerve-building preparation can do to feed and absolutely restore almost hopelessly wasted nerves.

There are but few in the Saginaw Valley but who have known personally or heard the acquaintance indirectly of W. H. Dawson, 618 Union Avenue, Saginaw, Mich., West side. It is here that the hand of sickness has fallen heavily and caused a man to become widely known and extremely pined.

It is the hand of fate that often pinches in the bud that which nature has started with the greatest predilection for the future. Until three years ago W. H. Dawson has known but little of sickness and pain but the last few years have brought with them untold suffering. With many doctors taxing their brains for something that might benefit, all remedies known to the scientific medicine men were applied and without avail. The patient meanwhile faded and became worse but still lingered to fulfill a wonderful mission which will be the cause of less suffering among his fellow creatures. It was that unseen hand directing all things which permitted this one man to live in misery so that the world might become enlightened.

To hear the pitiful story of one who has suffered, who could not move a muscle for one whole year and who is now convalescent through the aid of a wonderful medicine might lead one to believe that miracles are performed in this day and age. They are, but not as in times of old. This time it is through the hand of man that life is restored. "Until the fall of '92," said Mr. Dawson, to a reporter, "I was as hearty and as full of life and vigor as any young man could hope to be, in fact sickness was then unknown to me. About this time I was taken sick with la grippe and after having two relapses my spine became affected. This trouble grew worse rapidly and in March of '93 I was completely paralyzed from my waist down, having taken everything my doctors could prescribe without any effect. I decided to go to the Indiana state institute at Indianapolis hoping to receive at least some benefit from their specialists. I was there for a period of ten months during which time I was taken sick with scarlet fever which left me in a worse condition than ever before.

"As soon as I was able I was removed to Saginaw for my friends could not see any improvement under this treatment and besides the expense was entirely too great for me to entertain thoughts of staying there longer. The most annoying, honestly and honorably nominated and elected by the best element of Oregon republicanism, it is a victory of which to be proud. The wealth of Oregon was against him, corporation power opposed him, but the common people rallied to his rescue. Ellis' friends would have rather lost a thousand local contests than to have met defeat in this congressional fight.

If it required an annual outlay of \$100 to insure a family against any serious consequences from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Anyone can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by Conner & Brook, Druggists.

NEW FRED YARD—Wm. Gordon has opened up the feed yard next door to the Gazette office, and now solicits a share of your patronage. Billy is right at home at the business, and your horses will be well looked after. Prices reasonable. Hay and grain for sale, if

ty. Honestly and honorably nominated and elected by the best element of Oregon republicanism, it is a victory of which to be proud. Danger Signals

More than half the victims of consumption do not know they have it. Here is a list of symptoms by which consumption can certainly be detected:— Cough, one or two slight efforts on rising, occurring during the day and frequently during the night. Tightness of the chest. Quick pulse, especially noticeable in the evening and after a full meal. Chills in the evening, followed by slight fever. Short breathing after morning and "Pain face and languid in the morning. Loss of vitality.

If you have these symptoms, or any of them, do not delay. There are many preparations which claim to be cures, but Dr. Riker's English Remedy for Consumption has the highest endorsements, and has stood the test of years. It will arrest consumption in its earlier stages, and drive away the symptoms named. It is manufactured by the Acker Medicine Co., 16 and 18 Chambers St., New York, and sold by all reputable druggists.

Encampment Grand Army of the Republic, St. Paul, Minn., September 14th.

RESOLUTIONS. At a recent meeting of A. Lincoln Corps, No. 5, of Walla Walla, the following resolutions were adopted in memory of Mrs. N. B. Gregg: WHEREAS, God in his supreme wisdom has called the first one of our beloved corps to the better land, be it Resolved, That it is with feelings of profound sorrow that we, the members of A. Lincoln Corps No. 5 show our heads to the infinite command which leaves a vacant chair in our corps and a void in our hearts that cannot be filled. One has left us whose heart and hands were ever ready to work for the "veterans and his depressed ones," and who loved the grand order to which she belonged. A charter member of A. Lincoln Corps No. 5, always at her post of duty, unless detained by sickness, and at the time of her death department secretary, a position of honor and trust. How much she will be missed is known only to her co-workers in the order to which she proved such a faithful member. Therefore be it Resolved, That we, the members of A. Lincoln Corps No. 5 extend to the family of our deceased sister our heartfelt sympathy in this their first and great bereavement, and pray that they may be strengthened and comforted by the Holy One, the Comforter. Furthermore, be it Resolved, That a copy of these resolutions be spread upon the records of this corps, also printed in the Daily Union, and last but not least, presented to the sorrowing family of our departed sister.
