### UNTOLD MISERY

## RHEUMATISM Ayer's Sarsaparilla

"For five years, I suffered untold misery from muscular rhoumatism. I tried every known remedy, consulted the best physi-cians, visited Hot Springs, Ark., three times, spending \$1000 there, besides doctors' bills; but could obtain only temporary relief. My flesh was wasted away so that I weighed only ninety-three pounds; any left arm and leg were drawn out of shape, the muscles

being twisted up in knots. I was unable to dress myself, except with assistance, and could only hobble about by using a cane. I had no appetite, and was assured, by the doctors, that I could not live. The pains, at times, were so awful, that I could procure times, were so awful, that I could procure relief only by means of hypodermic injections of morphine. I had my limbs bandaged in clay, in sulphur, in poulfices; but these gave only temporary relief. After trying everything, and suffering the most awful tortures, I began to take Ayer's Sarsaparilla. Inside of two months, I was able to walk without a cane. In three months, my limbs becan to strengthen and in the cause of began to strengthen, and in the course of a year, I was cured. My weight has increased to 165 pounds, and I am now able to do my full day's work as a railroad blacksmith.
