TURNING GRAY AND THREATENED

WITH BALDNESS The Danger is Averted by Using

VICOR

"Nearly forty years ago, after some weeks of sickness, my hair turned gray and began falling out so rapidly that I was threatened with immediate baldness. Hearing Ayer's Hair Vigor highly spoken of, I commenced using this prepara-

tion, and was so well satisfied with the result that I have never tried any other kind of dressing. It stopped the hair from falling out, stimulated a new growth of hair, and kept the scalp free from dandruff. Only an occasional application is now needed to keep my hair of good, natural color. I never hesitate to recommend any of Ayer's medicines to my friends,"-Mrs. H. M. HAIGHT,

Maoris of New Zealand Embrace and Rub

There is one habit which the Europeans have not been able to introduce among the Maoris, that of kissing; and when one looks at the mouth of a native woman it is evident, says Demorest's Magazine, that an osculatory caress might not be pleasant, for the lower lip is covered with tattooing on the inside, which must be a very painful operation. But what will not a woman do to be in the fashion? In New Zealand a native woman would as soon think of dispensing with her tattooed under lip as an American belle would think of wearing an unfashion-

TO USE THE EARTH'S HEAT. One of the Schemes of the Future Is Highly Alluring.

One of the schemes for future engineers to work at, says an article in Current Literature, will be the sinking of a shaft twelve thousand to fifteen thousand feet into the earth for the purpose of utilizing the central heat of the globe. It is said that such a depth is by no means impossible, with the improved machinery and advanced methods of the coming engineer. Water at a temperature of two hundred degrees centigrade, which can, it is said, be obtained from these deep borings, would not only heat houses and public buildings, but would furnish power that could be utilized for many purposes. Hot water already at hand is necessarily much cheaper than that which must be taken when cold and brought up to the required temperature. Once the shaft in sunk all cost in the item of the hot water supply ceases. The pipes, if good, will last indefinitely, and, as nature's stokers never allow the fire to go out, there would come in the train of this arrangement many advantages. When, by sinking a shaft in the earth, we can secure a perpetual heating apparatus which we can regulate by the turning of a key, one trial of life will fade into nothingne

VISIT HEPPNER.

For a Limited Time Only: June 20 to July 13.

Through the earnest request of many in this vicinity, as we learn, one of the celebrated Drs. Darrin of Portland, bas been prevailed upon to visit Heppner, Or., and will have his offices at the Palace Hotel for a limited time only, June Those wishing to consult the doctor

will find it to their advantage to call on testimonials throughout the whole Northhis cures seem nothing short of the miraculous. There are few ills to which human flesh is heir that cannot be relieved and permanently cured by Dr. Darrin's Electro-Magnetic treatment, and cases that have resisted the efforts of ordinary physicians have yielded to his power.

The cases embrace almost every kind of disease, and, as said before, no man, woman, nor child need despair of relief and oure while Dr. Darrin offers his invaluable services.

Unlike most physicians who have become eminent in their profession, the doctor's charges are extremely moderate and reasonable, according to circumstances and ability to pay-He will not undertake any cases that he cannot cure or benefit. Consultation is free, for should there be any cases that are incurable, he will immediately discover them, thus saving his patients any further expenditure of time and money, which they might otherwise squander.

For the benefit of those who are not already acquainted with the doctor's mode of operating with electro-magnetism, and who may be seeking aid, though distrustful, after many failures of everybody and everything, Dr. Darrin makes the extraordinary and most generous offer to treat the worthy poor free, between the hours of 9 and 10 s. m., daily, to prove to the community at large, his ability and skill.

All peculiar female troubles, irregular menstruction, lucorrhoes, displacement. etc., are confidentially treated, as well as acute, chronic, private and nervous discases of whatever nature, if curable; no cases if not curable. Consultation free. Office hours are 9 a. m. to 8 p. m.

Charges for treatment low and reasonable according to ability to pay. Most cases can be treated at home af ter one visit to the doctor's office. All business relations with Dr. Darrin are strictly confidential.
