CANCER CURED
—AND A—
LIFE SAVED
By the Persistent Use of
Ayer's Sarsaparilla

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.

Plenty of Fossils in Oregon.

Speaking of an article which appeared in the Oregonian a few days since in regard to the wonderful fossils to be found in Colorado and the far interior of the country, a gentleman, who takes an interest in geology, said yesterday: "It is not necessary to go so far to find wonderful fossils. Some of the most interesting ever found have been collected in Oregon. Huge bones and teeth of extinct animals, remains of the prehistoric horse, and other wonderful fossils have been collected in Eastern Oregon by Professor Condon and others." A tooth in the possession of H. T. Hudson, of this city, weighs 14 pounds, and he has a bone as big around as a water bucket, from what animal no one knows. These were found near Heppner, and all over that country fossil remains of great interest are to be found.—Oregonian. This 14 pound tooth must be the one found down on E. L. Matlock's horse ranch.

In combination, proportion and process Hood's Sarsaparilla is peculiar to itself, and unequalled in true merit.

No other medicine ever possessed so much curative power, or reached such enormous sales, or made such wonderful cures, as Hood's Sarsaparilla.

It is undoubtedly the best medicine ever made to purify, vitalize and enrich the blood.

That is the secret of its success.

Read this statement:

"When my son was 7 years of age, he had rheumatic fever and acute rheumatism, which settled in his left hip. He was so sick that no one thought there was any help for him. Five sores broke out on his thigh, which the doctor said were

Scrofula

sores. We had three different doctors. Pieces of bone came out of the sores. The last doctor said the leg would have to be cut open and the bone scraped, before he could get well. Howard became so low that he would eat nothing, and one doctor said there was no chance for him.

"One day, a newspaper recommending Hood's Sarsaparilla was left at our door. We decided to try this medicine. Howard commenced taking it the last of February, after having been sick for a year and a

half. He hadn't taken it a week before I saw that his appetite began to improve, and then he gained rapidly. I gave him five bottles, when the sores were all healed and they never broke out again. The crutches he had used for four years were laid aside, as he had no further use for them. I give all the credit to Hood's Sarsaparilla." MRS. ADA L. MOODY, Fay Street, Lynn, Mass.

FROM THE STRIKE.

EDITOR HEPPNER GAZETTE:

The 1st Regt., Infantry, O. N. G., arrived in pursuance to orders, at Astoria, on Tuesday morning last. Contrary to all expectations we found everything quiet. Before leaving it was reported that the foreign element of the striking fishermen had set fire to two or three canneries and had possession of Astoria. The strikers are peaceable during the day and night, but all night fishing is attended with risk of death. Strikers thoroughly armed steal upon a fishing boat and kill their occupants, leaving no clue to their identity. Strikers have been more or less disagreeable to the troops, constantly muttering threats, etc. They have furnished the troops with fresh salmon, but this is for policy's sake. Most of the troops cook their own rations, but two or three have cooks. All are well and a better disciplined or behaved set of men is not to be found—no drinking nor carousing.

The strike is still on. Cannerymen will make no further concessions. In fact they have made a very fair offer, but the ignorant foreign element so damnable to American interests, refuse to fish or allow others to do so. Fishermen clear from $2,500 to $5,000 a year at 5c per pound and at 4½c it will be almost as much.

The South Coast R'y. project is going ahead, piling are being driven and if the foreigners would go to work Astoria would be 'way ahead. Business men are afraid to do anything but stand by and see their business failing each day. They say if there was no strike there would be at least a half a million dollars more in circulation than there is. We are patrolling the river and bays as well as the canneries. May have to kill off a 100 or 200, but it is doubtful. We came here to fight and if need be die. But am afraid we will go back without having achieved "glory." We will stay for a few days longer at least and then we will probably leave a detachment for duty, All is serene today.

Will keep you posted. TROOPER.

AND NOW KINCAID.

From the Corvallis Gazette.

The Oregonian must certainly be aware that it deceives no one when it attempts to make Mr. Mitchell's financial views appear the reason of its opposition to his re-election. The real reason of that opposition is no secret and needs no explanation.

It is now attacking Oregon's secretary of state, and claims in justification that he is a silver man. The Oregonian is guilty of another transparent fraud. Mr. Kincaid's financial views have nothing whatever to do with the management of his office. Oregon has never had a better, more economical secretary of state. The state has now a novelty, an auditing board that audits. The system of compensation for the secretary of state cannot be commended, it is true, but this is the fault of the legislature. Mr. Kincaid is not the lawmaker.

The Oregonian is offended with Mr. Kincaid because Mr. Kincaid is independent of the Oregonian and the political ring that speaks through the Oregonian. It dislikes him especially because he refused to use his official influence in behalf of Mr. Dolph during the last legislature. It can find nothing in the management of his office to criticise and so it tries to read him out of the republican party. A self acknowledged "professional boiler," its assurance is breezy. It read itself out of the party in nominating and supporting Northup. "By their fruits ye shall know them," and judging by its intents and by its results, the Oregonian is nothing more than a populist organ. Mr. Kincaid's peace of mind will hardly be disturbed by its choleric denunciation.

Dr. Darrin Has Arrived.

IS STOPPING AT THE PALACE HOTEL UNTIL JULY 3.

And is Ready to Treat all Chronic Cases.

CURES BY ELECTRICITY.

How They are Affected by Mysterious Power.

Electricity is the wonder of the age, and the mode of treatment is the acme of perfection. It penetrates the secret ambush of disease and exterminates it, root and branch, forever. It removes the wretched symptoms of loathsome maladies and averts its dreadful effects. It cures many of the most hopeless cases and relieves pains that every known remedy has failed in, and can be substantiated by the evidence of hundreds who have been cured by Dr. Darrin throughout the country.

The following are the names and addresses of a few cases that may be referred to:

J. A. Lindsley, news agent on the U. P. R. R., residence, Albany, Or., consumption, bronchitis and catarrh; cured and gained fifteen pounds.

Ed Hynes, Albina, Ore., catarrhal deafness; restored.

J. R. Cunningham, Wapinitia, Wasco county, Ore., total deafness two years in one ear and partially so in the other, cured.

F. C. McFarlane, Vancouver, Wash., sciatica rheumatism; cured.

Thomas Buff, Mocksburg, Ore., dizziness, kidney and liver complaint; restored.

Mrs. J. E. Smith, Prineville, Ore., nervous debility and general weakness, almost bordering on insanity; restored.

Henson McCoy, The Dalles, Ore., deafness and terrible pain in the ear and head for six months, until he was nearly crazy; restlessness and insomnia. Restored to health by electricity after all other treatments had failed.

No cures published only by permission of the patient. The cures of male and female complaints withheld from publication in professional confidence. Secret vices of youth, blood taints, loss of manhood, and all curable chronic diseases, treated successfully. Circulars sent free.

The Doctor makes a specialty of Diseases of Women, Deafness and Catarrh, Throat and Nose troubles, Piles and Consumption, by the newly discovered process of rectal injection.

Dr. Darrin can be consulted free from 10 a. m. to 8 p. m.

Those who contemplate calling on the doctor should do so at once as his time is limited here and you may need more than one treatment.

For your Protection.—Catarrh "Cures" or Tonics for Catarrh in liquid form to be taken internally, usually contain either Mercury or Iodide of Potassa, or both, which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarrh will follow; severe pain in the head, a roaring sound in the ears, bad breath, and oftentimes an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

Supposed Horsethief Arrested.

Yesterday Sheriff Harrington arrested one Clint Church, of Crook county, on the charge of larceny of a horse. The arrest was made down in P. C. Thompson's store, on information given by an old gentleman who is a resident of Crook county and who traveled part of the journey over in company with Church.

Church rode a gray horse into town but this is not thought to be the one stolen, as when he was being placed in jail Mr. Harrington remarked that "You had better let other people's horses alone," and was answered by "Which horse?"

Church is a young man about 21 or 22 years of age, about six feet tall, weighs about 140 to 150 pounds, has white fuzz on face, light hair. Was cool and collected when arrested. Sheriff Combs, of Prineville has been notified.

Broke Jail.

On Sunday night Marshal Roberts arrested Lee French for disorderly conduct and shooting off his pistol in the streets of Heppner. The marshal took possession of the pistol, but then it required assistance to take the young man to the city bastile. He was kept in jail Sunday but on Sunday night broke out and is supposed to have left the country.

It is very unfortunate that young men will do, in defiance of law, what they know will not be tolerated. Young French, if he returns, will have to face not less than five distinct charges. Certainly there can be no satisfaction in this.
