Complete Recovery by the Use of  
**Ayer's Sarsaparilla**

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, and manifested all the symptoms of a decline. I took three bottles of Ayer's Sarsaparilla, began to improve at once,

increased my weight from twenty-five to two hundred pounds. Since then, I and my family use this medicine when we are all in the best of health, which we attribute to Ayer's Sarsaparilla. I believe my children have been fatherless today for Ayer's Sarsaparilla. I cannot say too much of it. H. HISSON, Postmaster and Owner, S. C.

M. E. Church, July 5.  
Morning subject, "The Human Christ." In the evening at 7 o'clock the League will hold a patriotic service, and at 8 the pastor will preach on "God in Government." The singing at this service will be of a patriotic nature and include a fine chorus. We urge a full attendance at these services. You will be especially interested in the treatment of the morning subject.

Mrs. Rhodie Noah, of this place, was taken in the night with cramping pains and the next day diarrhoea set in. She took half a bottle of blackberry cordial but got no relief. She then sent to me to see if I had anything that would help her. I sent her a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and the first dose relieved her. Another of our neighbors had been sick for about a week and had tried different remedies for diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Conser & Brock, druggists.

Prisoner for Vice-President.  
Mr. Martin Quinn, late populist nominee for congress, left Portland via the O. R. & N. and Union Pacific for Chicago, where he will argue the union of "reform forces" in a free-silver platform at the approaching democratic national convention. He goes as the representative of the populists of Oregon, and after the Chicago convention he will attend the populist convention at St. Louis, where he will handle a considerable number of proxies from this state. It is understood that he favors Teller or Sibley for the presidency, and Penroyer for the vice-presidency. Mr. Quinn will stop en route at Denver, to see Senator Teller.—Oregonian.

**Hood's**

Sarsaparilla as a blood purifier and building-up medicine leads everything ever produced. It is positively the best. Others may make the same claim. But there is this difference: We prove it. Not by antiquity, but by merit. Not by what we say, but by what Hood's Sarsaparilla does. It has a record of Cures unequalled in medical history. It positively, perfectly and permanently cures when all other medicines fail. That the keen discrimination of the people recognizes its merit and the cures by Hood's Sarsaparilla, is shown by the fact that they buy Hood's Sarsaparilla in preference to all others. Hood's Sarsaparilla has a larger sale than all other blood purifiers. It wins confidence everywhere because the statements in its advertising and testimonials are verified by all who take it. No other medicine has ever received such praise, or so many voluntary testimonials of wonderful cures. No other medicine possesses

**Sarsaparilla**

the peculiar combination, proportion and process used in preparing Hood's Sarsaparilla, and which give it merit peculiar to itself. This is the secret of its wonderful power, of its wonderful sales, of its wonderful hold upon the confidence of the people. This is why it cures Scrofula, Salt Rheum, Catarrh, Rheumatism, all Humors, Kidney and Liver troubles, Dyspepsia, That Tired Feeling, builds up the nerves, creates an appetite and strengthens the whole system. Its merit, its sales, its

Now the "Candidate" is out of date. The crops are looking bad, as if it is a treat to view the wheat. The melon on the vine. The horn of plenty in the land. But the horn for which we sigh is a winning lass and a brimming glass of Sperry's "Linwood Bye." Sold only at the Belvedere Saloon.

Burns Times: C. A. Sweck, assisted by Geo. W. Hayes, has been making an examination of the books of Sheriff Gittings during the week. Mr. Sweck's examination has resulted in finding a shortage of about \$5000, in the accounts of the sheriff. The shortage covers the years 1894, 1895 and 1896, and the three sets of bondsmen will be called upon to make good the deficiencies.

Sheriff Gittings has been gone about three weeks, and his bondsmen are becoming alarmed lest he may not return. He was last seen at East Portland on the 18th inst., says the Burns Times. Mr. Gittings has always been looked upon as a good, honorable man and the Gazette regrets to hear that he is likely to get in trouble.

Blood-purifiers, though gradual, are radical in their effect. Ayer's Sarsaparilla is intended as a medicine only and not as a stimulant, excitant, or beverage. Immediate results may not always follow its use; but after a reasonable time, permanent benefit is certain to be realized.

The Gazette has a one year's tuition in either the English, Commercial, Short-hand or Telegraphic departments of the Holmes Business College, of Portland, for sale. Any person desiring to take a thorough business course in a first class college should see the Gazette before going below.

"One of my sick headaches," you will hear people frequently say, as if the complaint was hopelessly incurable. As a matter of fact Ayer's Pills not only relieve sick headaches but effectually remove the cause of this distressing complaint, and so bring about a permanent cure.

Heppner's cross walks are too muddy for ladies to cross every day. The Gazette would suggest that they be cleaned occasionally, or that less water be put upon them, or both.

Ben Parker has recently recovered from his recent severe illness, and was a visitor to Heppner yesterday. "Uncle" Ben says that "the mill" will celebrate this year in good shape.

**SURPRISED HIM.**

Manager Fell Presented with a Locket by the Employees.

From the E. O.  
Saturday afternoon at 3:30 Manager T. E. Fell of the Pendleton Wool Scouring & Packing Company heard a couple of sharp whistles from the mill engine room. He hastened to the sorting room in which also are the tube, and he found all the employees of the mill assembled in a crowd as though something was wrong. The two sharp whistles meant trouble. He stepped up and asked the cause of the disturbance, and in reply, Jack Lyette, boss sorter, stepped up and said:

"Mr. Fell, there has been a little dispute and we will have to ask you to settle it by asking if you will accept this watch chain as an expression from the boys of their appreciation of your kindness and liberality toward them."

Mr. Fell was both surprised and pleased, quite naturally, and in fitting words responded, assuring them that it would be not only a pleasant pleasure, but constantly a source of satisfaction to remember this voluntary testimony from them. He said that the success of the mills had been due largely to the loyal manner in which "the boys" took hold of the work and showed such devotion to the interest of the company.

On the locket was inscribed: "T. E. F., From the employees of the Pendleton Wool Scouring & Packing Company."

Last summer one of our grand children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaint.—Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale by Conser & Brock, druggists.

OUR NEXT SENATOR.

From the Plaindealer.  
If Senator Mitchell by voting for free silver ruled himself off the republican platform and became a populist, what will his voting for other measures make him? Come, now, Mr. Oregonian, answer that. Mitchell is for protection, the Monroe doctrine, the Niskanen canal, favors restriction of foreign immigration, senators by popular vote, the army and navy, the coast defenses, etc., etc. Why, a republican who will stand for all these, and for liberal appropriations for all internal improvements will do it if he does want free silver, as well as free gold. We don't consider the free silver question paramount to all others in the platform. If Mr. Mitchell will stand on the platform firmly pointing himself upon the main plank, "protection," and concentrate his mind and influence on that and cognate measures, he will suit the Plaindealer and the people of Douglas county.

FAVORS BIMETALLISM  
From the Union Republican  
The republican party has always been and still is in favor of bimetalism. It believes in the largest use of the white metal possible to the keeping of its value on a parity with all the other forms of money issued by the government.

The platform of the republican party does not declare against silver as its opponents would have the country believe. It says nothing to lessen the value or deprive the half a billion dollars of silver money now in circulation of its full legal-tender powers. It believes in keeping this silver and all the silver it owns on a parity with all its money. It has always done this and will do so now with the largest amount of silver ever in circulation in this country.

Neither does the platform declare that gold shall be the only money of the country, but that all the money shall be as good as gold whether coin or paper, that is, the republican party is opposed to a depreciated currency.

No one, we believe, will contend that the question would not be definitely settled by an international agreement. This is the position always taken by the Republican; but there are those who honestly believe that this country is strong enough to maintain silver on a parity with gold on a free coinage basis at a ratio of 16 to 1. This of course is wholly speculation and largely theoretical as the financial conditions throughout the world have greatly changed during the past few years. There is an element of doubt in it; it would be experimental; and doubts and experiments are not conducive to stability in the currency of a country. The republican party has always stood for sound currency and opposed to fiat money and everything that tends or threatens to shake its stability, it therefore opposes the free coinage of silver by this country alone with its element of uncertainty and especially declares for the free coinage of silver by international agreement, which offers a positive, certain and safe solution of the whole question. It not only favors this but pledges itself to promote such international agreement. And a pledge of promotion made by a party which has redeemed every pledge it ever made, means something.

The best minds in other great civilized nations of the world recognize the necessity of returning to bimetalism and are setting systematically to bring about an international agreement. These nations are equally interested with the United States and if we join with them in promoting this agreement it will be

attained much sooner than it otherwise would. The position of the republican party will bring about the desired result with the least possible delay and without danger. The republican party is the friend of silver; it is the party of bimetalism.

None But Ayers at the World's Fair  
Ayer's Sarsaparilla enjoys the extraordinary distinction of having been the only blood purifier allowed an exhibit at the World's fair, Chicago. Manufacturers of other sarsaparillas sought by every means to obtain a showing of their goods, but they were all turned away under the application of the rule forbidding the entry of patent medicines and nostrums. The decision of the World's fair authorities in favor of Ayer's Sarsaparilla is in effect as follows: Ayer's Sarsaparilla is not a patent medicine. It does not belong to the list of nostrums. It is here on its merits."

She Knew the Combination.  
The next time Sergt. Willard and Detective Wells attempt to "josh" any little girls they will wait until no one else is around. The other afternoon Chief Rogers, Detectives Phillips, Wells and Philbrick, Jailer Peer and Clerk Reed were on the front porch of headquarters, when a little girl, not more than six years of age, stood on the sidewalk below listening to the conversation. "Hello, little one, what are you 'rubber-necking' there for?" said Willard. "Yes," added Wells, "take the rubber out of your neck and go along." With a look of scorn, mingled with one of amusement, the little one said, pointing first to Wells and then to Willard: "If I had the rubber out of your neck and the wheels out of that fellow's head I could make a bicycle and ride away." With this quick retort the young miss walked away with a self-satisfied grin on her pretty face, amid peals of laughter from the chief and other listeners.—Seattle Post-Intelligencer.

Catarth Cured.  
Health and sweet breath secured, by Shiloh's Catarth Remedy. Price 50c.

Charley Jones, the well-known "old-timer" in the tonorial line, has again located in Heppner, having purchased Green Mathews' shop. Minor building opposite the city hotel. Charley will appreciate a call when in town.

Mathews Bros. have moved across on the east side of Main street, in the building formerly occupied by the Grand station. They will be pleased to see their old customers.

For your Protection.—Catarth "C-c-o" or Tonic for Catarth in liquid form to be taken internally, usually contains either Mercury or Iodine of Potassa, or both, which are injurious if too long taken. Catarth is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarth will follow: severe pain in the head, a roaring sound in the ears, bad breath, and often times an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.
