THE FINANCE CRISIS

From the Corvallis Gazette.  
Those who feel themselves into a frenzy over the financial question lose sight of the fact that there is a great body of American citizens who have a decent regard for other matters that concern the nation of ours. The radical advocates and opponents of free silver have worked themselves into a mental state that allows them neither to reason nor to listen to reason. They have come to imagine that the prosperity of the nation and the salvation of the people depends upon the adoption of their money views by the government. They fill the air with their imbecilities and fairly succeed in drowning the cool voice of truth. With the supremest indifference to actuality, they have appropriated McKinley as the representative of this course. They make him the special object of their adoration or hate. "Hurrah for McKinley and the gold standard," shout one faction of these fanatics. "Anything to beat McKinley, the gold bug," cries the other. Yet, what little excuse they have for making McKinley their god or devil of finances!

It was the masses that nominated McKinley and it should be apparent to the craziest financialist that it was not as a representative of any peculiar financial views that he gained his popularity. In fact, his position on the money question was severely criticized before the convention, but it did not prevent his nomination. It is the principle of protection that McKinley chiefly represents, and his nomination proves that the return to that principle is the greatest concern of the great mass of American voters.

**For your Protection.**—Catarrh "Cures" or Tonics for Catarrh in liquid form to be taken internally usually contain either Mercury or Iodine of Potassium, or both, which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarrh will follow: severe pain in the head, a roaring sound in the ears, bad breath, and sometimes an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

**TO A CASH BASIS**  
Last spring the Gazette announced that it would abandon the credit system entirely on March 1st, which, to a certain extent, it has carried out except among our patrons here in Morrow county, where it was thought we might continue the old system. It has been demonstrated beyond all doubt that we cannot longer pursue the old credit system and pay our debts as we go. We shall carry out our former intentions, and from Aug. 1st next no papers will be sent out unless they have been paid for in advance. To this system we shall strictly adhere in the future, making favorites of none. There is nothing personal about this matter, but we desire to treat all alike, so do not ask us to send the paper as in the past, but call in and settle your account and make arrangements to continue receiving the paper.
