**ARBOR DAY.**

Exercises Held Out at the Edwards School in Sand Hollow.—An Interesting Programme Well Rendered.

Miss Mabel Glascock, who is teaching out at the Edwards school in Sand Hollow, assisted by her pupils, duly observed last Friday as "Arbor Day." The program had been carefully prepared and the teacher and pupils gave an excellent account of themselves.

Condon Globe: Atty. T. R. Lyons of Heppner is expected to arrive here today and will remain until after circuit court, in which he has several important cases. Tommy has many friends over here who are always glad to see him. Later—Mr. Lyons arrived in town yesterday, a day earlier than was expected.

Dufar Dispatch: Hon. E. B. Dufar, of the law firm of Dufar & Manfee, of The Dalles, was in town Tuesday on legal business, and paid this office a pleasant visit. The Senator is one of the few members of the late still-born legislature who demeaned themselves as become honest servants of the people. Under the trying circumstances his course was consistent and honorable.

Wasco News: Last Thursday, Adam, the nine-year-old son of Michael King, of Grass Valley, accidentally shot himself with a 22-calibre rifle. He was at the sheep camp, and was out with the gun. It is supposed he felt, retaining hold of the muzzle of the gun, which was discharged by the hammer striking on some rocks. The bullet passed through the heart and death was instantaneous.

"Not Exactly Right."

Thousands of people are in this condition. They are not sick and yet they are by no means well. A single bottle of Hood's Sassaaparilla would do them a world of good. It would tone the stomach, create an appetite, purify and enrich the blood and give wonderful vigor and vitality. Now is the time to take it.

Hood's Pills are the favorite family cathartic. Easy to take, gentle, mild. 25 cents.

"Excuse me" observed the man in spectacles "but I am a surgeon, and that is not where the liver is." Never your mind where the liver is," retorted the other. "If it was in his big toe or his left ear DeWitt's Little Early Risers would reach it and shake it for him. On that you can bet your gig-lamps." Conser & Brock.

The old way of delivering messages by postboys compared with the modern telephone, illustrates the old tedious methods of "breaking" colds compared with their almost instantaneous cure by One Minute Cough Cure. Conser & Brock.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakland, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels. For sale by Conser & Brock."

**RECKLESS SHOOTING.**

The Gazette Dog the Victim.—The Use of Firearms in the City Limits Should be Stopped.

The Gazette dog, Mado, is under repairs for a gunshot wound, some person having tried their 22 cal. squirrel gun on him. However, the wound is not serious, but the Gazette wants it distinctly understood that the first person caught shooting around the home ranch of the only Heppner Gazette is taking big chances of getting some of the medicine in return. No more cowardly trick can be perpetrated than the wanton shooting of a dog that injures no one, matters not whether it is the Gazette dog or some other person's.

The attention of the authorities of Heppner is called to the fact that many "air" guns are in use by the young element. These guns are dangerous. They are being used recklessly and the loss of an eye will be the substance of a prominent news item in the Gazette at no distant day.

The use of "squirrel guns" of small calibre within the city limits should be stopped. Some are using "extra long" cartridges and these are dangerous in some guns for a long distance. This promiscuous use of firearms in the town should be stopped before some person is killed. These small guns are good in their place, but the worst kind of nuisances in the hands of small boys.

The Elks Select Officers.

At the regular meeting of Heppner Lodge No. 358, B. P. O. Elks held last evening Deputy A. W. Patterson installed the following officers who immediately assumed their positions for the ensuing year:

Exalted Ruler, W. E. Brock; Esteemed Leading Knight, E. L. Freeland; Esteemed Loyal Knight, E. R. Swinburne; Esteemed Lecturing Knight, S. W. Spencer; secretary, R. F. Hynd; treasurer, Frank Gilliam; Tyler, J. J. Roberts and trustee, Geo. Conser.

On assuming his office Exalted Ruler Brock made the following appointments: Esquire, A. W. Patterson; inner guard, J. J. Harris; obseplain, Wm. Dunn; organist, Josef Mueller.

A. W. Patterson was elected as representative to the Grand lodge which convenes in Minneapolis next July, and D. Sells Cohen, of Portland, as alternate. Although but two months old, yet the annual report of the officers show the lodge to be in a flourishing condition financially. Five new members have already been added, making now a membership of forty.

The length of life may be increased by lessening dangers. The majority of people die from lung troubles. These may be avoided by promptly using One Minute Cough Cure. Conser & Brock.

Death of Grandma Ayers.

T. W. Ayers received a telegram last evening from his sister, Mrs. Emily S. Driskell, of Hollenberg, Kansas, announcing the death of Grandma Ayers, on the 11th inst., aged 97 years.

Grandma Ayers formerly lived in Heppner where she was greatly beloved by all who knew her. She leaves several children, Mr. T. W. Ayers, of Heppner, being the youngest, aged 56 years. The others are: Wm. and Alfred Ayers, the latter a resident of Pomery, Wash., the former a well-known resident of Morrow county; Mrs. Driskell, of Hollenberg, Kansas, Mrs. Prudy Basey, of Salem, Martha Cravens, of Washington Co., Iowa, Mrs. Rebecca Basey, of Keokuk Co., Iowa.

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by Conser & Brock.

**THE JUDGE IS CAREFUL.**

U. S. Com. Butler's Accounts Examined by Judge Bellinger.—They Were All Right.

Judge Bellinger is very particular in allowing costs in Indian whiskey cases. Recently the Oregonian said: "When the accounts of United States Commissioner Butler, of Pendleton, in connection with the late arrest of six persons charged with selling liquor to Indians, were presented to Judge Bellinger, yesterday, for approval, he asked that the accounts be passed up to him, and he examined them carefully, and finally approved them. Judge Bellinger is not inclined to have the government put to any more expense than is strictly necessary, on account of this whiskey-to-Indians business. Formerly, United States commissioners were appointed for a long, good behavior; but, under a law lately passed, the terms of all such commissioners will expire June 30, and new commissioners will be appointed by the United States district judges, for a return term of four years."

CHURCH ANNOUNCEMENTS.

The "Passion of our Lord" will be observed, on Thursday evening at the Methodist Episcopal church, by the administering of the Holy Sacrament.

JOHN W. FLESHER, Pastor.

The "long distance" is completed as far as O. E. Farnsworth's place on Rhea creek, while poles will have been set into Hardman by Saturday night. A force of men are working on the other end of the line out of Monument. The line will be complete and in good order into Monument by May 1st, and into Long Creek by June 1st. Heppner people are alive on the proposition of trade.

Paul and Frank Flannagan are down from Ritzville and have gone out to the Bartholomew ranches to shear. Paul is an all-round "Irish Poet" and circus combined, and is as full of bright things as a piece of fruit cake of ice raisins. Frank is as quiet as a Presbyterian proscriber, yet he knows a good many things mighty well. They were formerly residents of Morrow county and are a full team.

One E. J. Parker is said to have been traveling through Georgia, Tennessee, Texas, California, and now in Oregon, soliciting aid as a Knight of Pythias. All Knights are warned against him. He has no lodge connections whatever, having been suspended for 99 years by Washington Lodge, No. 115, Massachusetts, and deserves no help.

The Corbin crew of shears will soon tackle Asa Thompson's bands, down on Butter creek. This crew contains a number of local shears, all "hundred strikers" and not a "stonebreaker" in the gang.
