

Almost Blind

Scrofula Affects the Eyes—Little Boy Treated by an Oculist Without Relief—But Now He Is Well.

"When my little boy was three months old his eyes became very sore and he was almost blind. I took him to an oculist who treated him for six months, and left him as bad as he was at the beginning. Finally Hood's Sarsaparilla was recommended and I began giving it to him. In less than three weeks he was able to go into the sun without covering his eyes, and today his eyes are perfectly well, and his ears and nose, which were badly affected, are also well. Hood's Sarsaparilla has certainly done wonders for my boy." MRS. JAMES H. PAINTER, Amador, California.

Hood's Sarsaparilla is the One True Blood Purifier. All druggists, \$1.50 for 50 Get Hood's Pills are the only pills to take with Hood's Sarsaparilla.

Late reports from the seat of war in Greece give the Greeks the best of it, the latter having won two decisive battles.

If you haven't paid your subscription and you are behind and your paper stops, you can guess the reason. We can't do business on promises.

T. A. Menzies and Peter McIntire are in town today looking after customers the former a well known traveling man, the latter a woolbuyer, also very well known in Heppner.

H. J. Strickfaden and family have moved into the Welch property, near the power house. Miss Emma Botsford, recently of Henrietta, Texas, is making her home with them.

The old lady was right when she said, the child might die if they waited for the doctor. She saved the little one's life with a few doses of One Minute Cough Cure. She had need it for croup before. Conser & Brock.

O. E. Ranous, the contractor, has sent down to Cottage Grove for John Nelson, who was for years the assistant foreman of the flume there, to assist in his work here in Heppner. He expects Mr. Nelson here on Tuesday of next week.

Pat Barry got back to the Heppner country on Wednesday of this week. Pat looks pretty badly scorched up, and says that this is the result of being in the street car accident at Portland recently. He might be taken for the indiscreet referee of a dog fight, for he has all of the symptoms thereof.

One of the best and neatest pieces of residence property in Heppner will be sold here on the 29th inst. It is known as the Nordyke place and is situated near Tom Morgan's—nearly every person in Heppner knows where to find it. There is an acre and one-third in fruit trees and garden, and the buildings are of excellent character. Go see it. If

Recently Dr. P. B. McSwain wounded a very fine specimen of the hawk family with his squirrel gun, capturing him without difficulty. This morning Harry Warren, of the City drug store, gave the bird a spray of hydrocyanic, or prussic acid, the most deadly poison in the known world, and he succumbed immediately. The doctor will mount this specimen at once.

Our enterprising friends, Joe Biber and Antone Ringe, are evidently very much encouraged with the success of the Orange Front, the leading fancy grocery house in town, and a credit to our locality. Mr. Antone Ringe left for a trip on the main line to make special arrangements for the prompt shipments of vegetables and fruits of the season to the end that they may be able to beat all competition.

SPORTING CIRCLES.

Sport on the Move to Catch a Few Good Items—He Finds Them.

Sport is no phrenologist, nor is he any great student of human nature, but he can see a few things as plain as any man who is not "up a tree."

Human nature is the same the world over, only there is a general cropping out in certain localities more numerous than in others.

For instance, there is the man who thinks that his home town ought to have better race horses. He spits tobacco juice on the sidewalk and whistles while his neighbor is trying to see that there are better horses, only he works a great deal and says little.

The former is a first cousin to the man who thinks the town ought to have a better newspaper and doesn't patronize it to the extent of a five cent piece in the course of a whole month. Papers are made like mushrooms; it doesn't cost a bean to keep one up.

The man who thinks he has a patent right on religion and that his brand is the only soul-saving article in the camp is a member of the same family.

The person who grows and grumbles and finds nothing at home that is as good as abroad, who is a faultfinder by profession, who becomes a pessimist, wears long whiskers and keeps from working, belongs to the gang above mentioned.

Sport learns that Gladys, who is being trained by Gid Hatt, and Nora, the Matlock mare, whose dam was Repetta, sired by Leon, are both entered in the Salem stake race. Hope our friends will be lucky.

If the state and district fairs are depending upon the appropriations made at the last attempt to have a session of legislature, or for the celebrity in which Secretary Kincaid is pushing out the state's promises to pay, the races will never be barred with cash.

Some person did some moonlight work out on the track the other night which was seen just as plainly as though it had been high noon. Awful inquisitive people in this world, "aint it?"

The Darktown stables have the well-earned honor of the best decorated quarters in the colony. The Darktown and other pictures are numerous.

Their horses are in good condition and the boys feel confident of "scoping the works."

Sport has been all 'round and finds that confidence abounds in profusion. It is of the McKinley variety. There are a good many sure winners for every race and the number is increasing.

Sport has two horses out on the range that have good breeding and good appetites. They were supposed to be lost but unfortunately they were seen near town last week. Sport remembers having paid hay and grain bills on them to the amount of \$225, and as the horses cost \$22 he has been busy for the past two years in figuring out the profits.

Matlock's stables show up some splendid horses this year. 'Tis true that the stable never had more better looking steeds at any one time. "But all that glitters is not gold."

Coras J. is getting to be good again and Jim Jones will put up the cash that she can win. Yesterday she became obstreperous and the rider, Widge Whetstone, got bluffed out and slid off to the ground. Widge, you must have more to do about it if you wish to win honors on the race course.

The Nevadewests have out a petition asking that the races be run on Main street so that the members thereof can preserve their dignity and membership in the order and yet enjoy the sport. A Nevadewest will never disgrace himself by walking in the sun a half mile even to see a horse race. Besides it is unconstitutional.

Several banks are said to be doing a general banking business in town besides the First National.

EDWARD SHIELDS TO-NIGHT.

His Concert at the Opera House Last Night Was Well Received.

The entertainment and concert given at the opera house last night by The Edward Shields Company, under the auspices of the public schools, was a very pleasing success. While the audience was not large, owing, no doubt, to the fact that people generally did not understand the merits of the entertainment, they were delighted and showed their hearty appreciation. Mr. Shields "Tour of the Columbia River and the Island Empire" was illustrated with a large number of very fine views and his description was interesting and instructive. He is an easy talker and keeps the audience in good humor. Mr. Chas. H. Whiting's singing was the finest that has been heard in Heppner in many a day. He has a rich baritone voice and handles it to perfection. Miss Ella Shields' poem, "Jane Conquest," illustrated with appropriate views was one of the best numbers on the program. The views were beautiful and her easy and unaffected rendition captured the audience from the beginning.

By special request Mr. Shields will give another entertainment to night under the same auspices. There will be an entire change of program; new songs, new poems and new views. Among the views to be shown are a number depicting scenes at the recent inaugural of President McKinley.

Mr. Shields is on his way east to boom the "Island Empire" and come here to get some views around Heppner. He is doing all this on his own responsibility and since he gives one-half of the profits to the our school library fund, his entertainment to-night should be well patronized. His stereopticon and views are the finest ever exhibited here.
