

Almost Blind

Scorfula Affects the Eyes—Little Boy Treated by an Oculist Without Relief—But Now He Is Well.

"When my little boy was three months old his eyes became very sore and he was almost blind. I took him to an oculist who treated him for six months, and left him as bad as he was at the beginning. Finally Hood's Sarsaparilla was recommended and I began giving it to him. In less than three weeks he was able to go into the sun without covering his eyes, and today his eyes are perfectly well, and his ears and nose, which were badly affected, are also well. Hood's Sarsaparilla has certainly done wonders for my boy." MRS. JAMES H. PAINTER, Amador, California. Remember

Hood's Sarsaparilla is the One True Blood Purifier. All druggists, \$1.50 for \$5. Get Hood's Hood's Pills are the only pills to take with Hood's Sarsaparilla.

SPORT APPOINTS A DEPUTY.

Old Sport Not Being Able to be an Deak, Appoints a Deputy—A Few Items that will Probably Cost the Deputy's "Up-holstered Seat."

His Royal Greatness, Sport, having had an accident happen to his important carcase, it is but natural for him to appoint a receiver until his recovery. But it is feared he won't survive. He was engaged in writing an article about a certain individual and when he had about finished the sentence, "He was a man of honor and integrity, always administering to the wants of suffering humanity, a great philanthropist, a christian gentleman and always paid his debts—" Right here is where he began to get weak and nervous. He happened to think that the fellow he was trying to eulogize owed him an account, and a just account, and before he could quite finish the word "debts," some strange and unknown power came along, "snatched" his pencil from his hand and broke—his conscience. So you can readily see what dire calamities oftentimes befall writers of the press for attempting to magnify a man's little virtues into big ones and pull up their big faults by the roots.

Deputy is not capable of filling Old Sport's number seventeen, but when it comes to making a "bad stand or a good run," the Deputy can lay it over his superior by great odds. But that isn't what's worrying the newly installed deputy as much as the fact that when Old Sport recovers from his ailments (but it is hardly probable that he will) his appointee is likely to suffer the loss of the "last rose of summer," or whatever it is called. In that case a good piece of sole-leather and an artist would be necessary to repair the loss, and all this costs money and—heartaches, etc. But Deputy will chance it and if you should ever see him come down Main street minus his purse or other important appendages, just pour out a few rays of compressed sympathy from your heart's cold-storage, and pass on.

Deputy is informed that Herb Bartholomew who has been sojourning with a party of Heppnerites at Trout Lake the past few weeks had quite a misfortune happen to the most important part of his external anatomy one day while descending Mt. Adams. Some of the boys say they think Herb has lost his reason, but that isn't it. Worse than that! Unless some kind friend will send him a guano sack, he is likely to carress a big tree with his back until everybody else has left the camp.

The sprinkling wagon seems to be on the sick list, as it has not been seen wetting the streets for some time. Of course when there is no water you can't wet, but it seems that there is more than one way to do the same thing, and for the past few days some of our good citizens, bent on a mission of humanity, have taken a section of hose from the hose cart and are doing it the old-fashioned way.

Marshal Roberts informs Deputy that the street car drivers of Heppner are going to have a grand picnic and barbecue on the 31st of next February.

HOLOCAUST AT ARLINGTON.

Mrs. Shurte and Two Children Are Suffocated in a Burning House.

Our neighboring town of Arlington is draped in mourning. On Tuesday night a fire broke out in the residence of C. A. Shurte and ere the family could be rescued from the burning building, Mrs. Shurte and two children were suffocated. Mr. and Mrs. Shurte were residents of Heppner about 10 years ago and have many friends and acquaintances here who were pained to hear of the terrible misfortune. Mr. Shurte was a number of years ago one of the teachers of the Heppner public schools. The East Oregonian gives the following account of the holocaust:

"Mrs. C. A. Shurte and two children, a boy of two and another of eight years, lost their lives in a fire last night at Arlington. They have relatives at Weston, and Rev. G. W. Barnhart, pastor of the M. E. church at Arlington, passed through this forenoon on his way to that place. It is his mission to break the sad news to the relatives, who are Mrs. Wisard, mother of Mrs. Shurte, and her son and daughter.

Last night about 10 o'clock Mrs. Shurte and children retired, her husband remaining up until a half hour later. All slept up stairs. When he went to bed he put out all the lights. In about an hour he awoke, for what reason he does not know, and detected the smell of smoke. He ran down stairs and found the sitting room ablaze. He hurried to the kitchen and turned on the hydrant. Going outside, he secured the hose and kicking in the window in front of the house, he played upon the flames and succeeded, he thought, in putting out the fire. He continued to throw water on the stairway until he was sure no fire remained. All the time Mr. Shurte wondered why his wife and sons did not come down stairs, as he had awakened them when he discovered the fire. He looked up the stairway and noticed that the upper part of the house was full of smoke. He ran to the rear of the house and saw that it was afire. He climbed upon the kitchen shed and kicked in the window at the room where his son was sleeping. Black smoke poured out, and he could not enter. Frantically he rushed to the front of the house and endeavored in vain to climb upon the portico. At this time a hired girl, Miss Nellie France, jumped from a window and saved her life.

The fire department and citizens now arrived, and found Mr. Shurte nearly crazed from a realization that his family was lost. Ladders were placed upon the portico, and as soon as possible firemen entered the sleeping rooms occupied by Mrs. Shurte and children. Both the latter were found to be dead from suffocation and the mother lived but a few minutes after being brought outside.

Mrs. Shurte was held in most esteem, and the awful death of herself and children is a sad blow to the community. The husband is nearly insane from grief. He is a prominent man at Arlington, being manager of the J. W. Smith mercantile house."

R. F. Colthar, of Denver, Colorado, an old-time friend of the Gazette's foreman, arrived in Heppner this morning enroute to Long Creek, where he has accepted the foremanship of the Eagle office. Mr. Colthar is an all-around newspaper man of unlimited experience and has owned and edited several first-class weekly journals and will, no doubt, prove a valuable acquisition to the newspaper and job department of that office.

The Southern Pacific railroad company has decided to sell tickets from all stations on its lines in Oregon, at one fare for the round trip. In view of the fact that our people have been favored with abundant crops, it is confidently expected that the state fair at Salem will have a better attendance than ever before, and in order to give all an opportunity to visit this great institution of which the people of the entire state have reason to be proud, this popular line of railroads has reduced the fare so as to enable all to see one of the grandest displays ever exhibited at Salem. The Fair opens Sept. 30th, and closes Oct. 8th.

E. O. James Hager, one of Morrow county's successful sheepgrowers, was in town Wednesday. Mr. Hager resides in Heppner, but has a large ranch on Willow creek, where his sheep and wool bring him wealth. He brings the usual report of good feeling in Morrow county on account of better prices. He has interests in this county also, near Adams, where he owns two farms, and grows a wheat crop alternately upon each. The quarrel section cropped this year will bring him 6000 bushels of good grain.
