A CLOSE TRADE.

One of the coins current in those days was the old Spanish silver-piece, which passed for twelve and a half cents, and was variously called "ninepence," "York shilling" and "bit." It was the existence of this coin that enabled Mr. Putterby to achieve his crowning triumph in the way of a close

A farm-boy came along one day with a load of pumpkins, which he was ped-some paidling about the village at a cent and face. apiece. Mr. Putterby looked at them, concluded to buy, but wanted only half a pumpkin. "But a whole one is only a cent,"

said the boy. "How are you going to pay me for half a one?" "Easiest thing in the world," said Mr. Putterby. The pumpkin was cut, he took one-

half under his arm, and handed the boy a shilling. "Now give me the twelve cents change," he said; and taking the twelve coppers from the astonished boy, he walked away with his pur-

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumpling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarre, which is nothing but an inflam-ed condition of the mucous surfaces. We will give One Hundred Dollars for

any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
