Rheumatism, Kidney Troubles and Sick Headache the Results—Doc-tored for Years Without Relief. "My blood was out of order, and I began taking Hood's Sarsaparilla. It has purified my blood and relieved me of rheumatism, kidney troubles and sick headaches. I have been afflicted with these difficulties for years. I am now able to do a good day's work. Rheumatism has troubled me since I was a child, but I am now entirely well." Mrs FREDERICK BAILEY, Box 445, Pasadena, California. "I have suffered from the effects of im-pure blood, boils, pimples, etc., for five years. I have tried various remedies with-out relief and finally purchased six bot-tles of Hood's Sarsaparilla. The boils and pimples have all disappeared since I began taking this medicine. I am now entirely cured." Louis THOMAS, 1412 11th Street, Oakland, California.

ABBREVIATED REMARKS.

From Sport's Last of Happenings—Things That Should Have Occurred but Didn't. The weather is of this sort calculated to make one think of the future—that climate where a foundry is in success-ful operation every twenty-four hours; where the smelting works with a full list of hands never shuts down for re-pairs; where strikes never occur among the operatives; where monopoly ruled high-handedly over the hosts without protest from the latter. That's nearly as bad as the Klondike climate. Low Tillard is much disturbed over the news of the sale of his horse, Sinner, by his jockey, Alva Boynton, up in Mon-tana. Low claims that no authority was given to sell the horse. Steps have been taken to recover the animal. Mike Roberts writes down from Butte that the races up there are a hard game to beat. He thinks of trying another hard game—Klondike. Wanted—Dogs for Alaska. Call on Fred Bartholomew at the Heppner Out-fitting Co.'s place, Herreu building. Canned dog was an article noticed down Main street last evening. A combination of flies and muck had taken all the bark off of him, and a tin can and a small boy knocked most of the bark out of the car. He was a well-barked dog. Fred Bartholomew is carrying a dis-graced nasal appendage. Sport had warned him not to tackle the fellow but to no use. Chas. M. Jones, the well known bar-ber of Heppner, a reputed citizen of many years' residence, and one of Sport's friends, departed last evening for Klondike, via St. Michael and the Yukon. Mr. Jones has a ticket to Daw-son and the company from whom this was purchased insure his safe arrival at the destination, together with 1500 pounds of baggage. He expects to re-ach Dawson by Sept. 15. Sport is not Klondike struck but Charley will make it all right. If digging gold is not up to his liking he will shave and shear the hoary Klondikers to a hand-some finish. For Sale—Two sheep, guaranteed to live on lace curtains, sheet music, Ga-zette editorials or any old thing. See Herb Bartholomew. The Trout lake party, consisting of Mr. and Mrs. Wm. Dunn and children and Mr. and Mrs. Herb Bartholomew and children, arrived from Trout lake on last Wednesday, all feeling jubilant except Miss Elise Bartholomew who unfortunately is suffering from an at-tack of fever. The party had a splendid time, enjoying fishing and excursions to Mount Adams and in the caves. It was the opinion of the party—the gen-tlemen members thereof—that nature had endowed that country with most everything necessary, including natural refrigerators, but that the wise Dame forgot that they were of little benefit without a brewery attached thereto. Dock Shipley desires Sport to say that the lower end of town possesses some very obnoxious members of the dog family that may meet a violent end. Sport suggests to Dock that a bad dog belongs to the other fellow, while to the latter the case is much different. Since stealing of water and waste of same has been stopped there is a sur-plus in the reservoir. If Heppner had sprinkling water she would be all right. Sinner is the only Oregon horse that has distinguished himself lately up at Butte. On the 17th he won a half mile dash in 0:49 1/2, Dixie Land second and Easter Lily third. Mutuals on Sinner paid \$135.50.

TO JUNEAU.

Heppner Loses One of Its Best Young Cit-izens and Professional Men. Mr. T. R. Lyons, who has been asso-ciated with Congressman Ellis in the practice of law at Heppner, under the firm name of Ellis & Lyons, departed Wednesday for Juneau, via Walla Walla. Some time ago Mr. Lyons was ap-pointed commissioner of the town site of Juneau, Alaska, but business here de-ferred him from taking his post at once. Mr. Lyons has made many friends here who feel that his leaving is a serious loss. His maintenance of business principles, though always fair and hon-orable, his frank and candid man-ner, his fealty to his friends, his impartial treatment of all, won him a place in our hearts that will not soon be filled. He was accompanied to the train by a large number of Heppner people. All wish him unbounded success. Mr. Lyons' successor will be Mr. G. W. Phelps, of The Dalles. Mr. Phelps is an energetic young lawyer who comes well recommended. He will undoubt-edly earn the confidence and esteem of our people.

Rockall, a desolate granite rock rising only 70 feet above the sea, between Iceland and the Hebrides, is to be made an English meteorological station. It lies 250 miles from land, the nearest point to it being the little island of St. Kilda, 150 miles away, and itself nearly 100 miles from the main group of the Hebrides.
