

Scrofula Swelling

On the Neck and Great Weakness Caused by Impure Blood—Was Constantly Growing Worse.

"When my son was 5 years old he was in very poor health and we could get nothing to relieve him. At the age of 7 years he began to complain of soreness on both sides of his neck and soon lumps began to gather on one side and grew to half the size of an egg. We then became more uneasy and began to doctor him for scrofula. He gradually grew worse, however, until at the age of twelve years we had lost all hope of his recovery. He became so weak he could sit up but a few minutes at a time. My wife saw Hood's Sarsaparilla recommended as a great blood purifier and we sent and got a bottle. We began giving our boy the medicine according to directions and it was not long before we saw he was improving. He continued taking it until he was in very good health. He is now 13 years old and is well. We recommend Hood's Sarsaparilla for all troubles caused by impure blood." S. M. SILVER, Grouse, Oregon.

Hood's Sarsaparilla is sold by all druggists. \$1; six for \$5. Get only Hood's.

CELERY KOLA GIVES REST AND SLEEP

A Thrilling Incident Which Occurred in Heppner Yesterday—No Arrests.
Yesterday morning as the Long Creek stage was approaching the outskirts of Heppner, near Albert Wright's place, the driver's attention was called to the actions of a rather large man—short but heavy set—who made straight for the stage waving something in his hand which looked not unlike a Winchester. Coming up the large man demanded that the stage be stopped at once. The driver being at his mercy obeyed instantly. The whole affair occurred in less time than one could tell the story, and when the large man was through with the outfit, the driver was very glad to turn around and come back to town where he took on another passenger, proceeding on to Monument without further molestation.
The passenger had been left in some manner. Hayman 'phoned up to Tim Bibbee to stop the stage and have them return. Tim shouted and wildly waved his arms to attract attention but all to no purpose. Seizing a club he was more successful in his efforts, and this is the whole story of yesterday's holdup.

SOME NEWS NOTES.

Gathered by Sport in His Rounds This Week.
Sport wants to impress the editor of the Gazette that he will get mightily licked some day not far distant. This will be a case that will admit of no argument.
We have fine prospects for good times. No one doubts that. There are big crops and big prices; good prices for everything, in fact. There is also an immense crop of fine ten-pound babies just being harvested. Now if the editor gives McKinley credit for this there will be trouble from more than one source.
Eli Keeney will lose his membership in the Neverswants if he doesn't cease worrying about horse-carts and things that are out of his line. A Neverswant who does more than breathe now is a disgrace to the order.
Pap Simons will have a whole lot of trouble in explaining to the same order why he went 250 miles through the hot sun for recreation.
Heppner's streets are being dampened in the middle of the Main street, while a whole lot of less privileged people are enduring the dust at both ends of the thoroughfare. Sport was always out of luck. Often he has had to take water when he didn't want it; now when it is desired it can't be had. May be we will have better luck on the water question in the next world.
Montana isn't doing a thing to the Heppner horse. No winnings of importance have been made lately.

A BAD ACCIDENT.

A. N. Foster gets His Arm Crushed While Handling a Tractor Engine.
A. N. Foster was the victim of a bad accident yesterday, out on Eight Mile, while handling a tractor engine of the Aultman-Miller make.
Mr. Foster recently bought this engine, a second-hand affair, from C. H. Dodd & Co., through Alva Leach, of Lexington, the agent. It was not in good repair nor was it up to contract, yet Mr. Foster was compelled according to the terms of that instrument to give it one day's trial. In bringing it from the depot it ran off the Tom Morgan bridge, damaging it considerably, necessitating repairs. Yesterday morning Mr. Foster started with his outfit for Eight Mile, using a team of horses to guide the engine. He was accompanied by F. M. Breeding, of Haystack. About four miles this side of Cliff Jones', where Foster expected to thresh, the "blow-off" pipe burst. Foster at once threw off the steam, but the horses became frightened and in endeavoring to get off the engine, the full force of 90 pounds of steam was thrown on, breaking the drive chain, one end striking Foster on the right arm, near the elbow, crushing it terribly. He was brought to town at once and Drs. McSwain and McFall called to attend him. The elbow joint was found to be badly mangled, numerous large pieces of bone being taken from the wound. It is doubtful if the arm can be saved. At present the patient is resting as well as could be expected at the Palace hotel.

A New Firm.

Sam Meadows has taken in a partner in the blacksmithing business in the person of W. T. Hatten, who was formerly in the employ of W. P. Sorenson, of this city. Mr. Hatten has many friends in Heppner and surrounding country who will bestow their patronage upon him in his new quarters. Meadows & Hatten will be a strong team in the blacksmithing and horse-shoeing business and they respectfully solicit a liberal share of public patronage. This firm guarantees all work to be strictly first class. Give them a call. 5714t

Sept. 1st, 1897, C. C. Sargent will open the Model restaurant.

FOR YOU!

Now Prepared to do Any Kind of Printing—Don't Send Your Orders Away 'Till You Get the Gazette's Estimates
Heretofore the Gazette's job department has tried to do no work other than plain printing. However, this shop is now prepared to tackle anything in any line and will meet prices of any person under the sun in the line of druggists' supplies, blank books, bank work, county work, or any sort of book binding—work that you have heretofore sent away to get done.
The Gazette shop is not a charity concern but if you will give us a chance we will see that you are satisfied in every particular.
Buy your goods at home. Remember that Abe Lincoln said that when one bought goods away from home the foreigner got the money and we got the goods. But when the goods were bought at home we had both money and goods. This is good doctrine. We are willing to abide by it. When the printing drummer comes to town, remember it and call up 'phone No. 3. 569-4t
