THIRD—For information, call on your neighbor and friend—the nearest ticket agent—and ask for a ticket reading via the Wisconsin Central lines, or address Jas. C. Pond, Milwaukee, Wis.

FOOTBALL AND BLOOMERS.

College Girls Upped Vermont Priority—Shocked the Village.

One after another, the staid old New England institutions have fallen into innocuous desuetude, and now a Vermont female seminary has been invaded by the bloomer and the football.

So it was that the statement that a member of the seminary's contingent had looked seriously upon bloomers and that talk of a football club had really been heard created the same sort of an atmosphere about the town that the finding of an old witch did in the old days of Salem. It was all true, however, both the statement and the look.

There is Nothing so Good. There is nothing just as good as Dr. King's New Discovery for Consumption, Coughs and Colds, so demand it and do not permit the dealer to sell you some substitute.

It is said that the congressional delegates who have been at the Perkins in Portland a fortnight trying to parcel out public patronage and please everybody, have gone away after settling the matter to their own satisfaction.

TINY LITTLE BRAINS. They Are Scattered Throughout the Human Body. Dr. William A. Hammond, the celebrated neurologist, says the ganglia, which run like little threads of silk throughout the body, are tiny little brains, largely made up of the same kind of gray matter that composes the thinking part of the brain.

GRANT COUNTY MATTERS.

From the Eagle. J. B. Boyd, formerly foreman of this office, is at present foreman of the Baker City Republican. His wife also has a position on the same paper.

The Brannon-Shelton foot race was run at Baker City on the 22nd ult., Shelton winning by about 25 feet. The Grant county contingent of the sports staked their money on the wrong animal.

Jack Chambers, of Canyon City, and Frank Foster, of John Day, were out hunting this week on the head of Beech creek. They lunched a band of elk and chased them north over the summit into the thickets on the head of Long creek.

Governor Budd, of California, and party are camped at Harshbargers, on Klamath lake. The governor has been afflicted with rheumatism for a week or more so as to keep him in bed much of the time. He is much pleased with the locality as an outing place, and it is reported he does not expect it will be his last visit to Klamath. During Gov. Budd's absence from California the affairs of state are being looked after by Lieutenant-Governor Jester.

Has Helped Mother. "My mother has been afflicted with catarrh and stomach trouble. She has taken a number of bottles of Hood's Sarsaparilla and has derived great benefit from it. We always take Hood's Sarsaparilla when we need a blood purifier and we find Hood's Pills a remedy for sick headache." Mrs. Minnie Spriggs, Oakland, Or.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

An inhabitant of the Sicily Islands, says an exchange, was struck by the fact that the rats there seemed to prosper greatly, although the place is very barren. He resolved to investigate the cause of this, and digging up some of the nests by the seashore, found that the rats had dragged crabs into their holes, and in order to prevent their escape, had bitten off their legs. No doubt the prey had been seized at low tide and brought home, to be stored up there by the original device just described.

CATARRH LOCAL DISEASE is the result of colds and sudden climatic changes. It can be cured by a pleasant remedy which is applied directly into the nostrils. Being quickly absorbed it gives relief at once. Ely's Cream Balm
