Bad!

It is news to you, perhaps, that baking powder can be bad for the insides. Good baking powder, however, is not bad for the insides.

True, it costs more than baking powder at 25 cents or 30 cents a pound; but it does better work, and more work for the money, than "cheap" baking powder does, and it does no harm.

Of the right-price baking powders Schilling's Best is the best-your money back if you don't like it-at will speedily digest with ease and eat your grocer's.
