A Woman Talks on Woman's Ills.
The Sex Shows Publicity on Their Own Weakness From Sense of False Modesty.
From the Times, Los Angeles, Cal.
Women suffer from certain diseases peculiar to their sex, and usually have great delicacy in speaking of such ills. Just why, we cannot say. There would seem to be no more reason for silence in such matters than there is about the ordinary every day ills. Occasionally, however, a woman of strong sense is found, and is an exception to the rule. Such a one is Mrs. Rosie E. Thompson, of 319 East First street, Los Angeles, Cal. This is what she says:
"For five or six years I was seriously ill with female complaint. I could not get about, I suffered intense pain, and at times I was hardly able to raise myself up in bed. I was then living in San Bernardino and I consulted a physician who thought he could cure me. For seven months I was under his care taking his prescriptions, but he did me no good at all, and I grew worse instead of better. Finally I tried another physician and I was under his care for several months, but he did me no more good than the first one. I tried all sorts of remedies without any beneficial effects."
"Finally I saw an advertisement of Dr. Williams' Pink Pills for Pale People, and I resolved to try them. I began taking the pills. The effect was wonderful. Almost immediately I began to improve. I have taken these pills now for six or seven months and I am entirely cured. I had previously tried every sort of remedy that I could think of, besides consulting many doctors, and nothing helped me until I took these pills. They are the best remedy I ever used, and the only one I would recommend. I am now as well as I ever was in my life and have had no return of my complaint."
"I make this statement voluntarily and in the hope that it may lead others now suffering as I suffered to try these pills."
"This statement is given solely with a view to helping others and directing their attention to the greatest medical discovery of the age—Dr. Williams' Pink Pills for Pale People."
(Signed) Mrs. Rosie E. Thompson, 319 East First street, Los Angeles, Cal.
Subscribed and sworn to before me this 11th day of August, 1896.
J. G. Oliver, Notary public, in and for Los Angeles county, state of California.
Dr. Williams' Pink Pills for Pale People contain in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent postpaid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the 100), by addressing Dr. Williams' Medicine Co., Schenectady, N. FREE silver was the chief plank of the Ohio platform, but it must have been either dropped out of the platform or else been dressed down from a regular inch plank to quarter-inch stuff.
THE calamity howlers should take off their smoked glasses and look around. They will find that the factory smoke in the sky will protect their orbs from the too dazzling beams of the McKinley prosperity.

It is about the time of year for "Professor" Wilson to make another "explanation" on the interesting question of tariff bills. He probably has not yet had time to examine the workings of the Dingley bill, nor to compare it with his own effort in that line.

The receipts under the new tariff law are steadily mounting upward. For the second half of August, the first half of September, and the second half of September they were, respectively, in round numbers, \$9,000,000, \$10,000,000, \$11,000,000.

EDITOR McLEAN is having various styles of announcement prepared for future use in stating his withdrawals from the Ohio Senatorial campaign. Complaint has been made that the last five announcements have all been worded practically the same.

A Young Woman Gains 20 Pounds.
Her Physician in Iowa Said She Was Going Down, and that Her Lungs were Affected. They Sent Her to Nevada.
That to Fight Lung Troubles or any Wasting Disease, Build up Your Flesh.
From the Empress, Los Angeles, Cal.
Two years ago, back in Eastern Iowa, Miss Maudie Lease began to go into a decline. She lost flesh rapidly. Her appetite failed. Fearful headaches nightly drove her frantic. She consulted local physicians—good, honest practitioners. They told her that her lungs were affected; that medicine might alleviate, but a change of climate was the only remedy that offered a prospect of cure.
Ill and despondent she delayed as long as possible her departure, but at last it became imperative, and she came to an aunt at Verdi, Nevada, in the hope of finding health and strength in the pure air and among the pines of the Sierra Nevada. But she continued to fail, and to add to her miseries, learned

to know the anguished sufferings which attend that complication of ills, that for want of better nomenclature, has been denominated female weakness. And now comes the miraculous part of the story, just as she told it to the interviewer last night.
"I ran down to 118 pounds," she said, "and suffered tortures from those terrible headaches and from sleeplessness. My aunt persuaded me to try Dr. Williams' Pink Pills for Pale People. I had used nearly every kind of prescription, could get no relief from them, and hoped for none from these pills. But to please auntie I began to take them. From the first day I noticed of beneficial effect. The headaches grew less severe; my appetite gradually returned. I could sleep nights and began to get good and strong. I used to take one of them three times a day. In two months I weighed 138 pounds, and now I weigh 160. We have been well ever since. The winters at Verdi were very cold and severe, besides, I had heard so much about Southern California that I came to Los Angeles."
"Dr. Williams' Pink Pills for Pale People have helped me more than anything I have ever taken. I thank them for my health and ability to enjoy life. I am living at No. 800 Hope street, Los Angeles, and shall be only too glad to repeat what I have just said to anybody, either in person or by letter."
So spoke young and attractive Maudie Lease, and no one who saw her big eyes and clear complexion could doubt the earnestness and sincerity of her statements. And this is why we say the story of a miracle is floating through the air, although now the miracle has become an established fact.

An Open Letter.
From the Herald, Sault Centre, Minn.
The following communication was recently received by the manufacturers of Dr. Williams' Pink Pills for Pale People: Dr. Williams' Medicine Company:
"I was born in Germany and am thirty-seven years old. I live with my husband on a farm. For ten years I suffered with leucorrhoea so that I was a burden to my friends and myself also. I had tried a great many doctors and different kinds of medicines without securing any benefit. My friends had become very deplorable that I had almost given up hope of recovery, when one day I saw in the Sault Centre Herald an advertisement of Dr. Williams' Pink Pills for Pale People, and as a drowning person catches a straw, so I grasped this chance and purchased from Hanson & Emerson a box of Pink Pills. I commenced taking them in March, 1896, and after taking one box I felt so much improved that I bought more.
After taking them for a time I found to my surprise that I was entirely well. Ever since then I have been as strong and well as I ever was, and am able to do the arduous duties which fall to the lot of a farmer's wife without feeling the least fatigue or inconvenience."
"I hope this will be the means of placing your wonderful pills in the hands of some sister sufferer, who may rejoice with me. I am satisfied that no woman need suffer as I did, when such a efficient remedy is so close at hand."
(Signed) Mrs. H. Stierengel.
Subscribed before me this 19th day of December, 1896.

RICH STRIKES.
Report Comes to Portland of Discoveries That Beat the Klondike.
From the E. O.
The East Oregonian is informed by a reliable party of some very rich strikes in the Cracker creek mining district. The gentleman knows personally whereof he speaks, and predicts a great future for Baker county, already celebrated for its gold production.

An strike occurred this summer in the North Pole. This mine has a sixty foot ledge of ore that runs from \$40 to \$200 to the ton. There was discovered in this ore body a small streak about eight inches wide, that pays the almost fabulous sum of \$12,000 to the ton. It is said now to have reached a width of over a foot.
The second exciting find was made at the Climax, and the East Oregonian informant was on the ground when the discovery was made known. The ore assays \$10,000 to the ton. The extent of the body he did not learn.
The Climax will build a first class mill and smelter this winter and it is the intention of the California owners to build a good mill at Cable Cove. A smaller one will be erected there also by a private party for his own use and custom work. There will be six or seven new mills in the Cracker county by next spring, according to report.
