

# A Modern Lazarus.

Inherited blood diseases are much more difficult to cure than those which are acquired. One of the most common hereditary diseases is Scrofula, which the medical profession admit is most obstinate and deep-seated, and their efforts to cure it meet with little success. A child afflicted with Scrofula is always puny and sickly, and can never grow into healthy manhood until the disease is eliminated. Scrofula leads into consumption nine times out of ten, so that it is important for this reason that immediate attention be given to all children who inherit the slightest taint.

Mrs. S. S. Mabry, 360 Elm St., Macon, Ga., writes:

"My boy, Charlie, inherited a scrofulous blood taint, and from infancy was covered with terrible sores, his sufferings being such that it was impossible to dress him for three years.

CHARLIE MABRY

His head and body were a mass of sores, and his nose was swollen to several times its natural size; to add to his misery he had catarrh, which made him almost deaf, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. A dozen blood remedies were given him by the whole sale, but they did not do the slightest good. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S.S.S. (Swift's Specific), and at first the inflammation seemed to increase, but as this is the way the remedy gets rid of the poison, by forcing it out of the system, we were encouraged and continued the medicine. A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health."

Mr. A. T. Morgan, one of the prominent druggists of Macon, and a member of the board of aldermen of that city, says: "I am familiar with the terrible condition of little Charlie Mabry, and the cure which S.S.S. effected in his case was remarkable, and proves it to be a wonderful blood remedy."

S.S.S. is the only cure for deep-seated blood diseases, such as Scrofula, Rheumatism, Cancer, Eczema, Catarrh, etc. It is the only blood remedy guaranteed

**HEPPNER'S FAMOUS LADIES' BAND.**

Leading Journals on Both the Pacific and Atlantic Give Our Band a Good "Send Off."

The San Francisco Examiner, in a recent issue, gives the famous Heppner Ladies' Cornet band a splendid write-up and the Washington (D. C.) Post reproduces it. That this band has been an excellent advertising medium for Heppner is a fact that no one can deny, and the Gazette hopes that the good ladies will continue to sustain the reputation they have acquired at home and abroad. Following is what appeared in the great journals above mentioned:

Heppner, Ore., has a unique musical novelty in the character of a ladies' brass band, made up of the maids and matrons of the most prominent families in the town whose social standing is pitched with the bon ton. The band was organized a year ago, with the following membership and distribution of instruments: E flat cornet, Mrs. E. W. Rhee; solo B flat cornet, Mrs. J. D. Brown; first B flat cornet, Mrs. R. C. Willis; second B flat cornet, Mrs. S. P. Garrigue; solo alto, Mrs. C. A. Minor; first alto, Miss Amy Curran; second alto, Miss Bertha Cates; first tenor, Mrs. S. W. Spencer; second alto, Miss Dot War-moth; baritone, Mrs. Geo. Conser; B flat base, Miss Lena Rhee; E flat tuba, Miss Maggie Adkins; snare drum, Miss Willa Minor; bass drum, Miss Cora Rhee.

It was to be a self-supporting organization entirely. As soon as organization was perfected ways and means were canvassed by which funds could be raised for uniforms and instruments. It was decided to give a concert, which proved a grand success financially, at which the band made its first appearance in public. The audience wildly enthused over their playing—it was so much better than was expected. The Ladies' Band was a success. Then when the presidential campaign opened they were at once in demand. The Ladies' Brass Band became the fashion, and no candidate ever thought of making a speech in their neighborhood without first having secured their services as an attraction. Their popularity led them into church societies, picnics, etc., until now they are famous throughout the entire Northwest.

**School Items.**

The debate last Friday was a great success. The affirmative side being the winners.

The school library was opened last week by the librarians, Bertha Cate and Mayme Farnsworth. We expect to add to our library, in the near future, a great many new books. We have also decided to have a flag which will be raised on holidays.

There will be rhetoricals again on Friday, Oct. 22, and another debate is to take place, but the question has not yet been decided.

**The Butter Creek Skeleton Mystery.**

James Nelson, of Butter creek, who is now serving upon the jury, says that the portions of a skeleton found near his house by Mr. Sullivan, about ten days ago, were part of the remains of an Indian which had been dug up some time ago by a young boy and carried to the place where Mr. Sullivan found them, says the Pendleton Tribune.

His "Royal Nibs"—our valuable Mr. Boss—Mrs. Boss and Miss Bossy, who compose the Gazette's household, were due to return from Portland this morning, but they didn't put in their appearance. This leaves the Gazette somewhat in the "soap" so far as editorial, local, state, foreign, domestic or general news is concerned. But the advertisements of our live business men are all there. Read them.

The hubs hoed in the potato patch, while another worked the kitchen latch; and the pot gang lived, as pot gangs do, on potato mash and back door stew; but the frost has come and they're getting few.

If a small bottle of Shaker Digestive Cordial does you no good, don't buy a large one.

"Prove all things; hold fast that which is good." It's not good for everybody only for the thin, pale, sick and weary. For those who are starving for want of digested food. For those who cannot get fat or strong, because their stomachs do not work as they ought to. These are the people, millions of them, whom Shaker Digestive Cordial will cure.

Food makes strength, muscle, brain, blood, energy—after it is digested. If not digested, it will do you no good at all.

Shaker Digestive Cordial helps your stomach to digest your food and cures indigestion permanently. When you're tried a small bottle, you can tell.

Sold by druggists. Trial bottle 10 cents.

Since 1876 Oregon has held a bronze medal awarded at the Centennial Exposition for the best fax fibre produced in the world, says the Eugene Register. After 20 years of lethargy some of our citizens have been aroused to the belief that the fax industry should be developed in Oregon. That medal and the untiring efforts of Mrs. Lord, of Salem, have promised to do a great deal for us. Let us go to Paris in 1900 and secure some more medals and find out how we really compare with the rest of the world.

**THE GRAND LODGE K. OF P.**

List of Officers Elected at the Annual Session at Portland.

The 17th annual convention of the Knights of Pythias grand lodge of the state, has closed its very interesting and profitable session and elected an enthusiastic corps of officers for the ensuing year. The Gazette editor who has held the office of Grand vice-chancellor the past year was promoted, without opposition, to the highest office within the gift of the order in the state, that of Grand Chancellor. The following is a list of grand officers for the current year: Supreme representative, E. E. Sharon, of Portland.

Grand chancellor, Otis Patterson, of Heppner.

Grand vice-chancellor, William M. Cate, of Portland.

Grand prelate, J. P. Kennedy, of Portland.

Grand keeper of records and seal, L. R. Stinson, of Salem.

Grand master of the exchequer, E. M. Sergeant, of East Portland.

Grand master at arms, John R. Beagle, of St. Helens.

**Training for the Klondike.**

Chilkoot pass is not going to daunt a barber of Ellsworth, Me., when he strikes it next spring. He has gone into training for it, and if he survives the training he will probably be able to haul his pack into the Klondike.

His course of training is somewhat novel. He takes a castron cogwheel weighing nearly 90 pounds and tries to carry it to Mount Desert bridge, nine miles distance. When he is able to carry the wheel to the bridge and back before breakfast he will consider himself in condition for the Klondike. So far he and his wheel have been carried home from various points along the road by an early milkman going in that direction.

**They Are the "Mustard."**

Meadows & Hatten, the pioneer blacksmiths, have made some elegant improvements in their establishment and added a large stock of iron, horseshoes and other materials essential to the happiness of those who need quick repairs on their wagons, buggies or any kind of machinery. They have extended their room so as to accommodate everybody in the country who is in need of repairs. When you want a horse shod, machine repaired, tire set or anything else in their line, you will find Meadows & Hatten to be the boys that can do it—and do it right—in short order.

**Something to Know.**

It may be worth something to know that the very best medicine for restoring that tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Conser & Brock's drug store.

W. D. Frazee will deliver a free lecture at the Christian church tonight. Subject: "The divinity of the bible shown by the fulfillment of prophecy according to infidel testimony." He will also lecture at the same place tomorrow night. These lectures are to be illustrated from a long chart and promise to be very interesting.
