NEW TELEPHONE LINE TO BE BUILT.
Arlington and Heppner Will Soon be Connected by Telephone.
Spokane Spokesman-Review.
Manager C. B. Hopkins, of the Inland Telephone and Telegraph Company, returned yesterday from a trip over the 50 miles of country that separates Arlington and Heppner, Oregon. It is the intention of the company to immediately construct a telephone line connecting those two places. "We will put two big gangs of men into the field at once," said Mr. Hopkins yesterday. "We expect to have the line completed within 30 days. The country through which it will pass is a prosperous and rich region, and is well settled."

Come to Oregon.
A wagon passed through Northern Kansas, recently bearing this inscription: "Colorado and irrigation; Kansas and stagnation; Populistic administration and damnation. I'm going to my wife's relation and make a demonstration." They ought to come to Oregon, where apples, pears and prunes do grow, and a man with education can engage in speculation, bring along his wife's relation, have good times and free salvation, with no danger of starvation. This is worth consideration.

What an Editor says.
Lives of poor men oft remind us honest toil don't stand a chance; more we work we leave behind us bigger patches on our pants—on our pants once new and glossy, now patched up of different hue, all because subscribers linger and won't pay us what is due. Then let all be up and doing; send your mite however small, or when the snows of winter strike us we shall have no pants at all—After Longfellow—a long ways after.

I don't mind meetin' Molly in heaven, but I'll be darned if I want her to resume business on earth."

WHAT IS RHEUMATISM?
More Prevalent than for Many Years.

Sudden Change of Temperature
An Immediate Cause.

A Dartmouth Professor
Finds an Unfailing Cure for the Ailment.

Rheumatism is more prevalent in Heppner than for many years. When this disease fastens on an individual, he generally knows what is the trouble. The inflammation, soreness, and pain, in combination with chills, coated tongue, loss of appetite and swelling of the joints, tell plainly that this is rheumatism. To quote the Medical World, "the patient becomes a pitiful object of suffering, helpless and incapable of movement; and possibly an eventual martyr to a chronic state of the disease, which will shatter his usefulness, though it spares his life. Perhaps, though, the heart and its belongings are fatally involved, as not infrequently happens." But what is rheumatism? Physicians' opinions vary. Some say one thing, and some another. Yet all agree that a poison gets into the system, and rheumatism results.

The immediate causes are cold and moisture, and sudden changes of temperature, acting upon those who are weak or especially disposed to the disease. It should be regarded as a warning indication of a low state of health, and the first twinge of pain or stiffness of the muscles ought to be carefully placed under treatment. Rheumatism can be relieved by Paine's celery compound, a pure vegetable extract whose efficacy in rheumatism was discovered by Prof. Phelps of Dartmouth. This compound strengthens the system, restores vigorous nerve power, and regulates the circulation, thus driving out the rheumatic poison. The best proof of its value is the speed it has done. Though known for a comparatively short time, there probably is not a city or town in this state where it has not effected a cure. That it is all that is claimed for it, is being daily demonstrated. Many have thrown away their crutches, and now walk briskly and erect, without pain or suffering, solely through the use of this celery compound. All lovers of the good of humanity will rejoice that at last there is a positive and reliable way to cure rheumatism and relieve suffering.

What reason then has one for suffering with rheumatism or neuralgia, or allowing a friend to limp with pain?

School Items.
The question for debate last Friday was "Resolved that the Barbarian is more happy than the civilized race." Miss Hastings has resumed her position in the school, having been absent for the past week on account of ill health. It is our earnest desire that the rocks will be cleared off the grounds in front of the school building, and that the grounds will also be fenced, which would improve the appearance of the surroundings a great deal. The monthly examinations will take place on Thursday and Friday of this week. We are very much pleased with the work which has been done the past two months.

Andrew Allen, of Portland; W. H. Humphrey, of Salem, and Geo. C. Round, of Walla Walla, were among the arrivals on this morning's train.

James C. Keithly, of Hardman, was in town yesterday and made final proof before County Clerk Morrow on his timber culture claim.

E. H. Thompson, A. J. Peiffer, Geo. A. Sheppard, Mat Musgrove, Loyd Cochran and J. S. Short were arrivals on this morning's train.

Distinctioned Guests.
A special train came in over the O. R. & N. at 8:30 last night, carrying several distinguished gentlemen. The train was in charge of Gen. Supt. J. P. O'Brien, who, with the three railroad commissioners are making their semi-annual tour of inspection over the road. They looked into the affairs of the road here and from what we can learn everything had been conducted in a satisfactory way, although some improvements along the line will probably be ordered as the road bed is said to be in very unsatisfactory condition. They left this morning and will continue their journey over the main line.

T. W. Ayers has bought the Fell residences now occupied by Gene Gillman and H. J. Strickfaden. Consideration \$3,500.

The True Remedy.
W. M. Repine, editor Tuskila, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, Coughs and Colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, so in it we have a certain and sure cure for Coughs, Colds, Whooping Cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at Conser & Brook's drug store.
