

Poor and Weak

Catarrh and Bronchial Trouble—
Had no Appetite—Now Better in
Every Way—A Delicate Child.
 "Some time since I took a sudden cold and could not get rid of it. Being subject to catarrh and bronchial trouble I coughed terribly. I lost my appetite and grew poor and weak and I did not feel like work. I began taking Hood's Sarsaparilla. In a short time the cough disappeared, I slept well, had a good appetite and I was better in every way. Last spring I was not feeling well, I had no appetite and no strength. I resorted to Hood's Sarsaparilla and soon felt more like work. My little nephew was a delicate child and had a humor which troubled him so he could not rest at night. He has taken a few bottles of Hood's Sarsaparilla and now he has a good appetite and is able to sleep." Mrs. Annie J. Freeman, South Duxbury, Mass.

THE WILLOW CREEK MINES.
 Work Going on Rapidly and Prospects Flattering—Still Free Milling.
 Development work goes steadily on at the Willow creek diggings, regardless of the absence of the foreman, Mr. La Forge. The mine is now in 55 feet, with a force of men working night and day, and they have recently built a house 20x30, which is used as a bunk and cook house. It is the intention also to erect a blacksmith shop, so that all tools used in working the mine can be sharpened and repaired at the mine, saving thereby a trip to Heppner when anything in this line is needed.
 Prospects are still flattering, and so far the ore found is of free milling variety, and will pay well should further developments prove that there is large quantities of it. Just as soon as the company become satisfied on this point, a mill will be put in and the permanency of the enterprise will be insured. All the indications at present point in this direction, and we sincerely hope that the Willow creek mines will come up to the expectations of the most sanguine.

PROSPERITY IS HERE.

American markets are reserved for Americans. Prices are advancing; peace and plenty are watchwords. The people are prosperous and the children are happy.
 The people of Morrow county are enjoying the benefits of these booming times and can perpetuate them by raising sheep and growing wool. Every farmer in the county can keep with profit a small flock of sheep. "The Wool Record" will tell him how to do it, and how to market his wool. It is the only National wool organ and is absolutely non-partisan and independent; is readable newsy and bright. We will send it for one year, post paid, with the Gazette for \$3.00. "The Wool Record" should be in the hands of every farmer in this section.

THEY ARE THE "MUSTARD."

Meadows & Hatten, the pioneer blacksmiths, have made some elegant improvements in their establishment and added a large stock of iron, horsehoes and other materials essential to the happiness of those who need quick repairs on their wagons, buggies or any kind of machinery. They have extended their room so as to accommodate everybody in the country who is in need of repairs. When you want a horse shoe, machine repaired, tire set or anything else in their line, you will find Meadows & Hatten to be the boys that can do it—and do it right—in short order.
 The Marquis Grand, on Morrison street in the Marquis building, is under excellent management and the public will be royally entertained this winter. New companies and new faces will appear from time to time at this popular, first-class theatre of Portland, and when in Portland our decisions should not fail to take in some of the fine dramas that will be presented.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation, Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2525 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a headache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50 cents and \$1.00. Get a bottle at Cosser & Brook's drug store.

A Fearful Experience.

A Postmaster Loses the Use of His Legs and Arms.

Edwin R. Tripp, of Middlefield Center, Meets with a Hazardous Encounter Which Renders Him Helpless.

From Otago Republican, Cooperstown, N. Y.
 Mr. Edwin R. Tripp, postmaster at Middlefield Center, N. Y., recently had a dangerous experience which left him in a helpless state. His system was so much shattered that it was feared he might never recover.
 In an interview with a reporter of the Republican, regarding this experience which had attracted considerable attention Mr. Tripp stated:
 "In March, 1892, I was taken with what I afterwards learned was locomotor ataxia, and was unable to walk, and I kept getting worse until I lost the use of my arms. I doctored with two skillful doctors but received no benefit, and also used a galvanic battery but kept getting worse and the doctors told me they could do no more. This was in May and June, 1892. I gave up all hope of ever having the use of my limbs again, and did not expect to live very long. I was unable to dress or undress myself, and could not get around the house unless I was moved to a chair.
 "I think it was in June that I read of the case of a man in Saratoga Co., N. Y., who was taken very much as myself. He had taken Dr. Williams' Pink Pills for Pale People which contained in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves, and had been cured by their use.
 "I learned that the pills were prepared by the Dr. Williams' Medicine Company, Schenectady, N. Y., and only cost 50 cents a box or six boxes for \$2.50 at any drugstore, and sent for two boxes. I used the pills faithfully and they gave me an appetite. I then sent for four more boxes, and before I had taken all of them my feet and legs which had been cold began to get warm.
 "I was a member of the town board that summer and had to be carried and put into a wagon to go to the meetings, and in fact was helpless, as my neighbors know. In August I could walk around the house by pushing a chair. I kept getting better and managed to move around more, until at election time that year, I walked with a cane to the polls, a short distance from my home. I continued to take Dr. Williams' Pink Pills for Pale People until I had taken eighteen boxes. I could then get around, and today walk to the postoffice and back, a distance of one quarter of a mile, three times a day, and attend to my duties as postmaster.
 "In the spring of 1893 I was elected town clerk which office I held for three years. I had previously been a justice of the peace for thirty-two years. I am now 70 years of age, and have lived in this town for about forty-six years. For nearly fifty years I worked at the blacksmith's trade. I am able to do work in my garden now, and saw some of my wood. I consider that my restoration to health is due to the use of Dr. Williams' Pink Pills for Pale People.
 Edwin R. Tripp."
 Subscribed and sworn to before me this 23rd day of June, 1897.
