

THE NEXT SENATE.

However the case may stand with Senators Hanna and Gorman—whose fates now seem to be solvable only by the official counts in their states—it is not likely that the present situation in the senate, with independents holding the balance of power, will be materially changed as far as those two seats are concerned, says the Evening Star, of Washington City. That body now consists of eighty-nine members, there being one vacancy in Oregon, owing to the failure of the legislature to elect a successor to Mr. Mitchell. The governor has appointed a republican, but he has not been seated nor is it thought likely that he will be. Of these eighty-nine senators 43 are now straight republicans, 34 are democrats and 12 are independents. The independents thus classified are Allen, Butler, Harris, Heitfield, Kyle, Stewart, Jones, and Turner, populists, and Cannon, Mante, Pettigrew and Teller, silver republicans. Of these four Mante is nearer the republican organization than any other, and on some party questions he has voted with the plurality, although he is a pronounced free silver man. Should both Hanna and Gorman be defeated the situation will remain exactly unchanged, the parties merely swapping seats. If, however, Hanna should lose and Gorman win, the republican party strength would fall to 42 and the democratic rise to 35. If Hanna should win and Gorman lose the republicans would have 44 votes and the democrats 33. But 44 votes are not sufficient to give the republicans even a tie vote on the incomplete senate as it now stands, and to secure a control of the organization some other accession would be necessary. As regards the immediate present no such accession seems probable, though certain changes are imminent for the fifty-sixth congress that may materially aid the republicans. New Jersey has chosen a legislature with a republican majority of 21 on joint ballot. Part of these republicans will hold over to participate in the election of a successor to Senator Smith a year hence. Mr. Hanna's successor will be elected at once after the meeting of the legislature chosen recently and he will assume his seat in the senate this winter. Mr. Gorman's successor, however will not enter the senate until March, 1899, together with the senators succeeding Messrs. Smith, Murphy, Faulkner, Mitchell, Roach, Turpie and White, democrats on whose seats the republicans have cast envious eyes. The above coming from an independent paper, gives the prediction greater weight than it would have from a partisan standpoint. The Star is an influential paper and a close observer of affairs at the national capital, and as regards national politics it is considered a splendid authority. The republicans will have a good working majority in the senate by 1899.

THE CANADIAN proposition in favor of closer relations between the United States and Canada is another evidence that the protests against our tariff were merely a "bluff." CONGRESS, when it meets next week, will find a very gratifying showing for the first four months of the new tariff law. Its earnings during the first four months have exceeded by several millions of dollars the earnings of the corresponding four months of the Wilson law.

IN HONOR of the fiftieth anniversary of the Whitman massacre, thousands of people gathered at Walla Walla on Tuesday to attend the memorial services and visit the grave of the man who saved Oregon. All the business houses of the city were closed and the day was generally observed. This was a fitting observance in memory of a man who was a real hero and a martyr to the cause he loved. The monument to be erected over the grave arrived too late for the unveiling ceremonies to be given along with the other exercises of the day and they were dispensed with. Hereafter a beautiful marble column will mark the resting place of Dr. Whitman and his associates who were massacred by Cayuse Indians Nov. 29th and 30, 1847.

Mrs. NANCY ALLISON MCKINLEY, mother of the president, suffered a stroke of paralysis yesterday morning, and her physicians state that her death is only a matter of a short time.

THROUGH the efforts of Mrs. Lord, of Salem, wife of the governor, sufficient capital has been secured to start a linen factory at that place. This shows what a woman can do when she sets her head.

IT is reported that the president has offered the attorney-generalship to Judge Day, of Ohio, a man eminently fitted for the position. Judge McKenna will succeed Justice Field as a member of the supreme court. His resignation as attorney-general was sent in Wednesday.

THE president is considering the best method of bringing before the American people an appeal for food for the starving in Cuba. The distress caused by the long struggle of the Cubans for liberty is said to be something terrible and we are sure the president's appeals to aid these people will not be heard in vain.

THE prospective attitude of President McKinley on the Cuban question is now a matter of much interest. This anxiety is doubtless due to the fact that a war cloud would check, if not absolutely destroy, the business improvement among farmers, manufacturers, and merchants, which has been apparent since the republican success of 1896.

REPORTS of great suffering in the Klondike and other sections of Alaska are coming in daily. The government will doubtless take steps at once to relieve, as far as in its power, the distress of the people who were so foolish as to rush into that country just at the beginning of the long winter, without a sufficient supply of those things needful in the maintenance of life.

PORTLAND is steadily pushing to the front in her efforts to get the Alaska trade. The action of the Chamber of Commerce in soliciting government aid for the Klondikers is a move in the right direction and if heeded by congress, as it likely will be, it will make Portland the base of supplies and give the city a great advantage in securing and holding this valuable trade.

AND now they are going to manufacture gold. A man by the name of Brice has erected a factory in Chicago and put in the machinery for this purpose, claiming the precious metal is only a combination of lead and antimony and it can be produced by bringing these two elements together in proper proportions. If the theory proves to be correct the money problem ought soon to be solved, at least with Mr. Brice.

WHEN and why is it that our exportations to practically all of the countries which protested against the new law, instead of shutting out our goods in retaliation for the passage of this act, actually increased their purchases from us in August and September nearly \$25,000,000, as compared with the corresponding months of last year under the Wilson law? Here is a conundrum for those democrats who insisted that a high tariff meant destruction of our market abroad.

IN THE Cuban matter the administration has gained several great triumphs recently, but neither the president nor any member of the cabinet is boasting about it, or is even mentioning it. The country is finding out all about it, however. Weyer's removal, the abolition of the barbarous concentration policy and the release of the Competitor prisoners reveal the extent of the pressure which Washington has on Madrid. Spain may be brought before long to a place where she will be glad to ask the United States to help her let go of that live wire—Cuba.

ADVICE TO THE W. C. T. U. Physical Culture Lecturer Endorses Paine's Celery Compound.

Miss Lucy H. Hitchcock, lecturer, department of physical culture, Woman's Christian Temperance Union, Vermont, wrote on May 16, last:

"It affords me pleasure to add my testimony with others regarding the beneficial effects of Paine's celery compound upon an exhausted nervous system." On Aug. 12, 1897, she wrote: "As a rule I do not endorse medicines, but I believe Paine's celery is of a different order from the ordinary medicines. Facts cannot be disputed. I have derived so much benefit from the compound that I am glad to heartily recommend it, hoping others similarly afflicted may be relieved. Any medicine that will relieve suffering humanity is a blessing to the world."

Paine's celery compound has been proven to be the one great remedy that makes people well. This estimable woman, whose christian work is earnestly directed toward the betterment of others, and whose eminence in the W. C. T. U. makes her advice of great value, plainly endorses Paine's celery compound. The amount of poor health on every hand is something shocking to everyone who stops to think. Hundreds of men and women in every neighborhood are today carrying about with them a needless load of ailments that a thorough refreshing of their nerves, a purifying of their blood, more sleep and more regularity in the bodily functions would completely do away with. Paine's celery compound will do all this for sick and ailing men and women.

A "hear-ray" reputation may do for some fine look. Word has come over from Spanish Gulch that some ledges of gold-bearing quartz have been discovered in that vicinity. They have not been prospected extensively but the croppings are very rich. This is on the same lead that was found at the head of Willow creek and which can be traced through the country near Parker's mill and on over to the scene of the late discoveries.

How to Prevent Pneumonia. At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—Olga, Ind. Ter. Chief.

This is the only remedy that is known to be a certain preventative of pneumonia. Among the many thousands who have used it for colds and influenza, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by Conser & Brook.

IN THE COUNTY COURT OF THE STATE OF OREGON, for the County of Morrow. In the matter of the estate of Edna Sperry, deceased. To Hilda Edwards, and all unknown heirs and devisees, and any and all persons interested, greeting: The name of the State of Oregon, you are hereby cited and required to appear in the County Court of the State of Oregon, for the County of Morrow, at the court room thereof at Heppner, in the County of Morrow, on Tuesday the 4th day of January, 1898, at 10 o'clock in the forenoon of that day, then and there to show cause, if any exist, why an order for the sale of the following described property to-wit: Beginning at a stake 42x10 inches at a point 5.8 chains west of the south-east corner of the donation land claim of Charles Rice, Notification No. 2109 and claim No. 49, in Township 13, South of Range 31 three, West of the Willamette Meridian, and running thence North and parallel with the East line of said claim 47 forty-seven chains to a stake 2x10 1/4 inches, thence East 2.84 chains to the place of beginning, containing 18.34 acres, more or less, situated in the county of Linn and State of Oregon, be not made.

Witness the Hon. A. G. Bartholomew, Judge of the County Court of the State of Oregon, for the County of Morrow, with the seal of said court affixed, this 27th day of November, A. D. 1897.

Attest: J. W. MORROW, Clerk.

SHERIFF'S SALE. NOTICE IS HEREBY GIVEN THAT UNDER and by virtue of an execution and order of sale issued out of the Circuit Court of the State of Oregon for the County of Morrow and to me directed and delivered, upon a judgment rendered and entered in said court on the 5th day of October, 1897, in favor of W. J. and R. Kincaid, Phil Metcahan, as a board of commissioners for the sale of school and university lands and for the investment of the same therefrom, plaintiffs, and against Henrietta E. Decker, O. W. Decker and E. F. Hughes, defendants for the sum of Six hundred ninety dollars with interest thereon from the 5th day of October, 1897, at the rate of eight per cent annum, and fifty dollars attorney's fees, and the further sum of twenty-three and 50/100 dollars costs which judgment was entered and docketed in the clerk's office of said court in said county on the 5th day of October, 1897, and whereas it was further ordered and decreed by the court that the mortgaged property to-wit: The north-east quarter of section twelve (12) in township one (1) north range twenty-five (25) East W. M., in Morrow county, Oregon, be sold to satisfy said judgment costs and accruing costs. I will, on Wednesday, the 1st day of December, 1897, at 2 o'clock, p. m., of said day at the front door of the court house in Heppner, Morrow county, Oregon, sell all the right, title and interest of the said Henrietta E. Decker, O. W. Decker and E. F. Hughes, in and to the above described property at public auction to the highest bidder for cash in hand, the proceeds to be applied to the satisfaction of said execution and all costs and costs that may accrue.

And on Wednesday, the 29th day of December, 1897, at the hour of 2 o'clock p. m. of said day at the court house in said county and state, I will sell the above-described real estate at public auction to the highest bidder for cash, subject to redemption, to satisfy said warrants, costs and accruing costs.

E. L. MATLOCK, Sheriff of Morrow County, Oregon.

SHERIFF'S SALE. BY VIRTUE OF A WARRANT ISSUED OUT of the County Court of the State of Oregon for the County of Morrow, to me directed, commanding me to levy on the goods and chattels of the delinquent taxpayers named on the delinquent tax roll for said county for the years 1895, 1896, 1897, 1898, and 1898, thereunto attached, and none found thereon the real property as set forth and described in the said delinquent tax roll, and none found thereon that satisfy the amount of taxes charged thereon, together with costs and expenses, I have duly levied, having been unable to find any goods or chattels belonging to the respective delinquents heretofore named, upon the following described piece or pieces of land as set forth in said tax lists, lying and being in said Morrow county, State of Oregon, described and assessed as follows:
