QUEEN VICTORIA'S THRONE.

Composed of Very Ordinary Materials, It Is Still Worth Sitting On. The throne of England, so splendid in its rich trappings of silk, velvet and gold wire lace and tassels, is simply an old-fashioned, high-backed chair. It has been in use for more than 600 years, but the early history of the old oaken relie and the name of its maker are both unknown. The wood which composes this "throne" is very hard and solid, as may be imagined when it is known that the chair has been "kept in the dry" and well covered with rich in the dry" and well covered with rich cloth of various kinds since the days of Edward I. The back and sides of the chair were formerly painted in various colors. The seat is made of a rough sandstone. This stone, which is believed to possess talismanic powers, is 26 inches inlength, 17 inches in breadth and 19½ inches in thickness. Number-Gestler of the stone well as the stone of the stone with the stone of the stone less legends are told in connection with price, \$2.5 to \$1.75; new this wonderful stone, but the truth Gents underwar, all wool old arts. probably is that it was originally used in Scotland as a "coronation stone" upon which the Scottish kings were seated while undergoing the ceremonies connected with being crowned

"king of the realm of Scotland." How They Did a Mile. It is said that a burrleane holds the best time record for one mile, covering the distance in half a minute. Then a balloon has done the mile in 40 seconds The third piace is held by a railroad engine in \$3.57 seconds. Then we have in their order the following performances: A 2-year-old horse in 1 minute 36:40 seconds: a torpedo host in 1 minute 37:00 seconds; a cyclist on the track, in 1 minute 44.20 accords; an American pacing horse, in 2 minutes 1.5 seconds; an American trotting horse, in 2 minutes 3.75 seconds; a Fey country skater, with a flying start, in 3 minutes; a professional runner, in minutes 12.75 seconds; a single soul rower, in 5 minutes; a walker, in t minutes 22 seconds; a punter, in t minutes, 25 secondu; a fresh water ewimmer, in 25 minutes 8 seconds; while the same muc took nearly 2 minutes. longer to swim a mile in the sea (2"
