

BABY'S SMOOTH, FAIR SKIN

A Grateful Mother Writes this Letter— Tells all about Her Troubles when Baby Broke out with Scrofulous Sores. "At the age of two months, my baby began to have sores break out on his right cheek. We used all the external applications that we could think or hear of, to no avail. The sores spread all over one side of his face. We consulted a physician and tried his medicine, and in a week the sores were gone. But to my surprise in two weeks more another scrofulous looking sore appeared on baby's arm. It grew worse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofulous sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health and smooth, fair skin to this great medicine." Mrs. S. S. WROXEN, Farmington, Delaware. Get only Hood's.

Hood's Pills are prompt, efficient and easy in effect. 25 cents.

FROM SKAGWAY.

A Skagway Man. Late of Seattle, in Heppner for Horses—Mining News. Mr. V. D. Maddocks, of Skagway, late of Seattle, is in Heppner looking after some horses for the Alaskan country. He wants large horses and no doubt will be able to secure them here. Mr. Maddocks thinks that the Alaskan section is the greatest mineral belt ever discovered, tells of claims paying \$500, \$800 and \$1,000 to the pan. He says in places men go up on the hillsides after the thaw and pick up \$2.00 a day and often more. This gold is found on top of the ground under the moss. Experiments with this dirt have proven that much of it is rich and that the pay dirt is not always found on the bedrock. Mr. Maddocks thinks that there will be no actual starvation in the interior, but says that there will be much sickness, and particularly scurvy, on account of the lack of proper food. The big stores have closed long ago and do no business except to sell a small amount of canned goods to those actually needing them as a means of keeping away scurvy. The regular prices are charged—no more.

The Yukon river has been supposed to be navigable all the year, with the exception of the frozen season, but Mr. Maddocks says that not more than one trip was made in last year by steamers, because as soon as the water falls it is too shallow for even the light draft boats of the Yukon, drawing from eighteen inches to two feet. In many places the stream is twenty to forty miles wide. Mr. Maddocks thinks that Seattle alone will outfit 100,000 people and that the rush to the gold fields will be unprecedented in the history of the world.

The Birth of the "Greater" New York. With the dawn of the New Year the "Greater" York is ushered into the world a full grown giant. The problem of municipal government is to be put to the supreme test. Within its limits is contained a population equal to that of thirteen of our sovereign states at our last census, and as numerous as that of the original thirteen states. Provisions for the life and health of this vast multitude of all nations and climes is an unworked enigma. Thousands of sufferers in New York and elsewhere are wretched from the grasp of that agonizing complaint, rheumatism, by the timely use of Hostetter's Stomach Bitters, which is a preventative of malaria and kidney complaint, and a curative of liver complaint, constipation and nervousness.

On last Wednesday, Milt Powell sold his Sand Hollow ranch, consisting of about 1700 acres of land and all the improvements, stock and sheep owned by him, to R. F. Hynd and two cousins, Wm. and Jack Hynd, who will take possession of the same about Feb 5th. Mr. Powell will probably locate elsewhere, but just what he intends doing this paper did not learn.

Dr. Lucy M. Ingersoll delivered an interesting and instructive lecture yesterday afternoon, to ladies only, at the Christian church. Another lecture will be given tomorrow afternoon at the same time and place. On Monday evening Dr. Ingersoll will deliver a lecture on Hawaii. A small admission fee will be charged, the proceeds to go to Heppner public school library.

Chinese New Years is "on" today in great shape. It broke loose about 1 a. m., and is still going. The local Mongolians will feast today to their hearts' content, and close with a grand war-whoop and exhibition of fireworks that ought to scare all the devils in purgatory into eternal silence.

Death of Nally Roberts. The angel of death has again been among us and made the hearts of a happy home. Last Friday morning about 10 o'clock Nally C. Roberts, son of Mrs. A. A. Roberts, passed to that better world where no traveler returns, after an illness of two weeks, death being caused by typhoid fever. He was aged 17 years, 4 months and 19 days. Nally was a bright boy, just budding into manhood; of good habits and possessed of noble qualities that made him friends wherever he went, and among his schoolmates he was held in highest esteem. The funeral took place last Sunday from the M. E. church, a large number of people being present to pay their last respects to the dead. The impressive funeral ceremony was conducted by Rev. King, assisted by the choir, composed of Mrs. O. H. Kistler, Misses Molly Hudspeth, Ernest Herron, B. F. Hudspeth and Earnest Hudspeth, after which the remains were laid to rest in the Odd Fellows cemetery, followed to their last resting place by a large number of friends, the pall bearers being Keeser Wylie, Frank Hironymus, Louis Delmas, Charlie Meredith, Eustace Mayfield and Jake Sharp—schoolmates of the deceased. The entire community extends sincere sympathy to the aged mother and family.—Sunrise Valley, Calif., Record.

The young man was a brother of our fellow townsman, J. J. Roberts, who received the sad news this morning.
