Going East?

IF YOU ARE, DO NOT FORGET

Three Important Points.

FIRST—Go via St. Paul because the lines to that point will afford you the very best service.

SECOND—See that the coupon beyond St. Paul reads via the Wisconsin Central because that line makes close connections with all the trans-continental lines entering the Union Depot there, and its service is first-class in every particular.

THIRD—For information, call on your neighbor and friend—the nearest ticket agent—and ask for a ticket reading via the Wisconsin Central lines, or address

WEEKLY The MONTHLY Outlook

Published Every Saturday 13 Astor Place New York

The Outlook will be in 1897, as it has been during each of its twenty-seven years, a History of Our Own Times. In its various editorial departments The Outlook gives a compact review of the world's progress; it follows with care all the important philanthropic and industrial movements of the day; has a complete department of religious news; devotes much space to the interests of the home; reviews current literature; furnishes cheerful table-talk about men and things; and, in short, aims to give fresh information, original observation, and reasonable entertainment.

Beginning with the fifty fifth volume, the paper will assume the regular magazine size, which will add greatly to its convenience and attractiveness. The Outlook is published every Saturday—fifty-two issues a year. The first issue in each month is an Illustrated Magazine Number, containing about twice as many pages as the ordinary issues, together with a large number of pictures.

The price of The Outlook is three dollars a year in advance, or less than a cent a day.

Send for a specimen copy and illustrated prospectus to The Outlook, 13 Astor Place, New York City.

BORN SEPTEMBER 18, 1841.

For more than fifty-six years it has never failed in its weekly visits to the homes of farmers and villagers throughout the U. S.

IT HAS faithfully labored for their prosperity and happiness, for the improvement of their business and home interests, for education, for the elevation of American manhood and true womanhood.

IT HAS told at the fireside, interesting and instructive stories of the doings of the world, the nation and states.

IT HAS advised the farmer as to the most approved methods of cultivating and harvesting his crops, and the proper time to convert them into the largest possible amount of money.

IT HAS led in all matters pertaining to the welfare of farmers and villagers, and for over a half a century has held their confidence and esteem.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages.

It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention the Heppner Gazette and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

It is fortunate for the republican party that the meeting of republican clubs takes place next month. There is a widespread hope throughout the state that something may be done at this meeting looking towards harmony in party action.

The convention will consist of over 1200 delegates, most of whom were chosen from the rank and file, and represent the people more than the politicians. Many, if not the greater portion, of the delegates were elected and accepted election for the sole purpose of aiding in the restoration of party peace, now so badly broken in Multnomah county, and it will be strange if such good does not result from their deliberation.

It is as well to look matters squarely in the face, and nothing is surer than that unless the discordant elements of the republican party in Portland are coalesced, republican success in the June election is seriously endangered. It is idle to discuss where the blame lies for this unfortunate condition; the fact of it being present is bad enough. The only course which remains open is to see how best the breach can be healed.

The convention which meets in Portland on February 1st probably represents the republican party more fairly than will the regular state convention, which will be in session later. The delegates to the former meeting are a much larger number, and were not chosen by the methods so peculiar to politicians, as are the representatives which nominate men for lucrative offices.

Whatever action the republican club convention will take in this matter will probably be a wise one; but the Chronicle wishes to add that nothing can be done looking towards a settlement unless Multnomah county be entirely left out of the deliberations.—The Dalles Chronicle.

In Benton county the sheriff is allowed a salary of \$2000 a year and pays his own deputy hire; the county clerk gets \$1500 salary and is allowed about \$200 for a deputy. Still Benton county gets good service from these officials, and there are plenty of good men willing to take the job. This is pretty good evidence that some counties in the state are paying higher salaries than necessary.—Times-Mountaineer.

The various republican conventions will soon be called, and the query has several times been made, through the press of the state, as to what plan will be adopted for the base of the county representation in these conventions. One paper asks: "Will the entire representation be made as based on the McKinley vote?"

There seems to be only one just and equitable plan of determining this matter, and that is to hold separate and distinct conventions for the state, congressional and judicial district tickets. Then for the nomination of state officers, the McKinley electoral vote would be the proper basis for representation; for congressional nominations, the last republican congressional vote; and for judicial districts, the vote for the circuit judge or prosecuting attorney. By this arrangement each and every county would receive its just reward for party loyalty, or be made to suffer for its treachery, as the case may be; and a county which went to the last congressional convention with 15 votes and then voted for the populist candidate in election, could not dictate to a county which by the former representation had fewer delegates, but which elected the republican nominee scratched by larger counties. For example: On the basis of the McKinley vote where Clatskanie county would have 14 delegates, under the Tongue vote she would have but nine, Marion county would have 25 on the electoral basis and 14 on the Tongue vote. Lane 12 on electoral and nine on Tongue. Lane 13 on the electoral and 11 on the congressional. This on the basis of one at large and one for each 200 votes cast. In the second district, Mult-

nomah, on the electoral basis would have 60 votes, and on the congressional (Ellis) vote, she would have but 23. This plan would place a premium on faithful work and discourage unfair dictation.

The matter should be taken up in the various counties and discussed at the club meetings and some measures taken at the coming meeting of leagues at Portland, to have such an equitable system adopted.—Engene Register.

The republican party of Oregon this year should know no Mitchell, no Corbett, no Simon or any other man. It should lay aside all quarrels and bickerings, not only the best men to the front for office, and go in to win. Of course this would not suit the Oregonian and such; but if it doesn't like it, let it go over into the fusion ranks where it belongs. Harmony is what we want and what we must have.—Transcript.

Over From Sumpter. Newt Jones and wife arrived from Sumpter Wednesday morning, being called by Heppner by the death of Newt's uncle, Nelson Jones. Newt is quite well pleased with Sumpter and is doing well, being engaged at the present in the livery business at that point. He says F. J. Hallock is clerking in a store there and doing nicely. Sherm Hornor is postmaster and book-keeper for a large mercantile establishment, while Billy Saling is succeeding well with his school and is very much in love with Sumpter and its surroundings. G. B. Tedrow has a good business and is prospering fairly. The Gazette is pleased to hear of the success of the Heppner people over there and hopes they may continue to prosper. Mr. and Mrs. Jones will visit relatives in and about Heppner for a short time before returning to their home at Sumpter.

PICKUPS FROM DOUGLAS. The grain looks fine and everybody is expecting a big crop the coming harvest. The sheepmen say they don't like this kind of weather because they have to feed too much.

The wild geese are still with us and there is lots of sport in hunting them. Just try it, boys.

Victor Shepo, who left this county last fall, returned Sunday and says bluegrass is good enough for him.

Last week the farmers were busy plowing and the squirrels were having a good time, but Saturday night frost put a stop to it all.

Sunday school at Douglas each Sunday at 11 a. m., with Robt. Sayer as superintendent. Regular preaching the first Sunday in each month.

Mr. and Mrs. Geo. Noble made a visit to the home folks last week and remained over for the dance at Filkin's ball on Friday night where everybody had a good time.

John Troedson, of Ellis, made Douglas friends a visit today. In his neighborhood cattle have been fed every day, and he reports more horses dying on the range this winter than ever before known. A. T. C.

THE WHEAT MARKET. Portland, Or., Jan. 27.—This was another very active day for the wheat market. Liverpool futures were 2 1/2 higher, cargoes off coast showed more inquiry and sellers were asking 10-60 advance. Cargoes on passage very firm and at higher. Antwerp and Paris were correspondingly higher and firm. There was much activity at Chicago, and May wheat sold one time at 25 cents over yesterday's highest price. The May spread widened to over 10c and January wheat seemed to be actively out of reach. It seemed to be Mr. Letter's plan to hold the May option up to the dollar mark until he unloaded his spot wheat. The shorts were very much on the run and were the most anxious bidders but there was no wheat for sale. Northwest receipts were 284 cars against 182 a year ago today.

Wheat in car load lots is now worth 87 1/2 cents at Heppner.

His Hands Were Tied. "Our little boy broke out with eczema. We were obliged to tie his hands to keep him from scratching and he suffered everything. We began giving him Hood's Sarsaparilla and in a short time his face healed. He took five or six bottles and has not had a sick day since." Olney Stone, Pioneerville, Idaho.

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Easy and yet efficient.

TESTIMONIAL EVIDENCE.

Proof of Wonderful Cures Being Performed by Dr. Darrin.

There can be no doubt no question of the curative properties of electricity, judging from the extraordinary cases of cure performed by Dr. Darrin, now stopping at the Palace Hotel, Heppner, Ill. Feb. 10. The great advantage of electro-magnetic treatment is that it brings relief in a large number of cases confessedly beyond the reach of the ordinary remedies of the physicians, and Dr. Darrin has enforced a belief in the curative powers of electricity upon the people by his remarkable cures.

The Dr. treats all chronic diseases successfully.

Geo. Curtis, of Pendleton, rapidly recovering from almost total blindness.

J. F. Johnson, postmaster at Pendleton, granulated eye-lids many years, cured.
