with envelopes to match. Those desiring
such stationery can have their wants
supplied at this office.

SHREEP NOTES.

The following, culled from the Ameri-
can Sheep Breeder and Wool Grower,
will prove of interest to every sheep
man of Morrow county, and should be
carefully read:

Mutton sheep averaged nearly \$1 per
head higher than last year.
Receipts of sheep and lambs at the
Chicago yards during '97 were \$3,606,640,
valued at \$14,424,728. A record year.

Sheep receipts at Kansas City were
1,134,236 over 993,126 in 1896. Average
price for sheep at this market was \$4.

It is high time that the grade ram was
relegated to the mutton feeding yard
and his facile work of breed distortion
ended.

It is not a question of finding a market
for thoroughbreds, or any other kind of
sheep, in these days, but of having the
sheep to sell.

Stock sheep have advanced another 20
per cent in the last sixty days and are
selling relatively high, but they are
scarce and people want them and will
have them.

The top price for lambs on the Chicago
market was \$6.40 and sheep \$5.35; lambs
made the highest average in five years
and sheep brought a higher price than
any season for four years.

If there is not a general smashup in
the mutton and lamb market soon a
whole lot of pessimistic farm and sheep
pawls will go into mourning over the
untimely demise of their predictions.

During the fall months 25 per cent of
all the sheep and lambs received at
Chicago were purchased and reshipped
by feeders, some of the buyers paying
as high as \$5.25 for feeders, the average
being \$4.60.

Everywhere the markets are filled with
mutton, where a year or two ago none
was to be seen. The awakened taste
for this best of meat is worth millions
to the shepherd whose business now is
to improve his stock to produce the best
of this most nutritious of all meat.

When sheep are seen to be biting them-
selves look for ticks. If it can be got a
little buttermilk poured down the flanks
will kill these pests, or a small quantity
of some good dip may be used for this
purpose. Get rid of every tick be-
fore the lambs are due or these will
suffer.

The fleece will be a tell-tale against
the shepherd by and by, recording every
neglect by a weak spot in the fiber, and
this will lessen the value of the fleece
when it is marketed. Don't think for a
moment that the buyer won't find it out.
This is his business, and as a rule he
attends to his business with a sharp eye.

For God's sake let us have a rest from
further talk of further tinkering with
the wool tariff. The wool tariff is a good
one, the sheepman are prospering under
it and like it, and there are no kicks
except from chronic agitators who would
still kick, rant, protest, contort, threaten,
snivel, tear their hair and burst their
shirt buttons with howling if wool were
worth a dollar a pound.

Sick poison is a poison which makes
you sick. It comes from the stomach.
The stomach makes it out of undigested
food. The blood gets it and taints the
whole body with it. That's the way of it.
The way to get rid of it is to look after
your digestion.

If your food is all properly digested,
there will be none left in the stomach to
make sick-poison out of.

If your stomach is too weak to see to
this properly by itself, help it along with
a few doses of Shaker Digestive Cordial.
That's the cure of it.

Shaker Digestive Cordial is a delicious,
healthful, tonic cordial, made of pure
medicinal plants, herbs and wine.

It positively cures indigestion and
prevents the formation of sick-poison.
At drugists. Trial bottles 10 cents.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and that
is Catarrh of the Bladder. This is
one of the most positive cures known to the medical
fraternity. Catarrh being a constitutional
disease, requires a constitutional
treatment. Hall's Catarrh Cure is taken
internally, acting directly upon the
blood and mucous surfaces of the system,
thereby destroying the foundation
of the disease, and giving the patient
strength by building up the constitution
and assisting nature in doing its work.
The proprietors have so much faith in
its curative powers, that they offer one
hundred dollars for any case that it fails
to cure. Send for list of testimonials.

THE WONDERS OF SCIENCE

LUNG TROUBLES AND CONSUMPTION
CAN BE CURED.
An Eminent New York Chemist and Scientist
Makes a Free Offer to Our Readers.

The distinguished chemist, T. A. Slo-
cum, of New York City, demonstrating
his discovery of a reliable cure for Con-
sumption (Pulmonary Tuberculosis),
bronchial, lung and chest troubles,
stubborn coughs, catarrhal affections,
general decline and weakness, loss of
flesh, and all conditions of wasting
away, will send THREE FREE BOT-
TLES (all different) of his New Dis-
covery to any afflicted reader of this
paper writing for them.

His "New Scientific Treatment" has
cured thousands permanently by its
timely use, and he considers it a simple
professional duty to suffering humanity
to donate a trial of his infallible cure.

Science daily develops new wonders,
and this great chemist, patiently experi-
menting for years, has produced results
as beneficial to humanity as can be
claimed by any modern genius. His
assertion that lung troubles and con-
sumption are curable in any climate is
proven by "heartfelt letters of grate-
tude," filed in his American and Euro-
pean laboratories in thousands from
those cured in all parts of the world.

The dread Consumption, uninter-
rupted, means speedy and certain death.
Simply write to T. A. Slocum, M. C.,
98 Pine street, New York, giving post-
office and express address, and the free
medicines will be promptly sent direct
from his laboratory.

Sufferers should take instant advan-
tage of his generous proposition.
Please tell the Doctor that you saw
this in the Gazette, published at Hepp-
ner, Oregon. July 9-7-yr.

Donation to the Pastor.
A surprise donation party was given
Rev. J. W. Fleisher Wednesday evening
at the M. E. church. He was the recipi-
ent of many useful articles and his
purse was increased in weight very ap-
preciably. An enjoyable social time
was had by those present.
