## "PERHAPS IS A DISTURBER"

From the Portland Chronicle.  
Last Sunday's Oregonian pleads guilty to being a "disturber." It boasts of the fact. "Such, indeed, it wishes to be, and such it intends to be if he can" is the defiant attitude of that great incubator of republican politics. If it were simply "an independent journal and critic," as it now asserts, no one would question its right to "be a chief disturber hereabouts." But when it claims to be "an independent republican platform" when it seeks to control republican platforms and dictate republican nominations, then it has no right to be "a disturber."

Common decency and a proper respect for the opinions of mankind prohibit such conduct. It is treason to its profession of a desire for republican success. It makes itself out to be a brazen fraud. If it were a real friend of republican success it would not glory in being a "disturber." It would not blindly lash its republican associates. It would not excite Kilkenny cat fights at every turn. All these things, however, are done by the Oregonian. Its claim of being a republican journal, therefore, is a flaunting lie. The Oregonian is a self-confessed, brazen traitor to the republican party. Its avowed chief mission is to breed discord by assailing republican leaders on any pretext and at every juncture, regardless of party mandates or party interest.

What Dr. A. E. Saiter Says.

Y.—Gents:—From my personal knowledge, gained in observing the effect of your Shiloh's Cure in cases of advanced consumption, I am prepared to say it is the most remarkable remedy that has ever been brought to my attention. It has certainly saved many from consumption. Sold by Conser & Brook.

Meetings were held in the Baptist church on Friday and Saturday evenings by representatives of the Salvation Army. Standing room was at a premium and many were unable to get inside the church. ## THE PENNY IN CHURCH COLLECTIONS.

Such an offering, except from the poor, is an insult to God and His church.

"The important part which the penny plays in the average church offering is known to every one who has ever been interested in church finances," writes Edward W. Bok in the February Ladies' Home Journal. "And that it is a part entirely out of proportion to the necessities, is felt and realized by many a church treasurer. Scores of people who could afford to drop a nickel or a dime into the church offering, content themselves by giving a penny. The feeling is either that the smallest offering 'will do,' or the matter of church finances is not given any thought. There is a failure to realize that a church is the same as any other business institution, and it must have money for its maintenance.

"There is such a thing as too literal an interpretation of the phrase that 'religion is free.' Of course, it is free, and let us hope that it will always be so in this country. But to make religion free costs money—and this isn't an Irish bull, either. There are those to whom more than 'the widow's mite' given to the church would mean doing without some absolute necessity of life. The penny of such a one is the most welcome gift to any church, the most noble offering which any one can make. But from those who can give more than a penny, and who are giving only the penny, such an offering is an insult to God and His church, and the sooner people see the matter in this hard, true light the better. I am almost tempted to say that the great majority of churches could, with perfect justice, rule out the penny from their offerings. Were this done the nickel would be the prevailing offering, and to how few persons, when one stops to consider the question, would such an offering be a hardship or an impossibility? A yearly offering of two dollars and sixty cents, calculating that one attended church once each Sunday, or twice, with one offering of five cents, would galvanize the church finances of this country."

Consumption Positively Cured.  
Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by the use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It doesn't fail. Trial bottles free at Slocum Drug Co., E. J. Slocum, manager.

At the school meeting held at the court house on Saturday afternoon, an 8 mill tax to defray the expenses of district No. 1, was levied by the unanimous vote of all present. The meeting was very poorly attended, but 11 patrons of the school being present. This meeting brought forth the following facts: The present indebtedness of the district is \$1345.32; cost of running school per month, \$360; amount of taxable property in the district, \$369,803. Our citizens should manifest more interest in our school meetings and turn out in larger numbers.

The Popcorn Social.  
The popcorn social given at the Christian church on Friday evening was largely attended and greatly enjoyed by those present. Popcorn was much in evidence, a large quantity of that toothsome article being disposed of. A splendid lunch, prepared by the aid society, was also a striking feature of the evening and was the source of bringing in much revenue. The social proved quite a success financially.
