Catarrh and Bronchial Trouble—Had no Appetite—Now Better in Every Way—A Delicate Child.

"Some time since I took a sudden cold and could not get rid of it. Being subject to catarrh and bronchial trouble I coughed terribly. I lost my appetite and grew poor and weak and I did not feel like work. I began taking Hood's Sarsaparilla. In a short time the cough disappeared, I slept well, had a good appetite and I was better in every way. Last spring I was not feeling well, I had no appetite and no strength. I resorted to Hood's Sarsaparilla and soon felt more like work. My little nephew was a delicate child and had a humor which troubled him so he could not rest at night. He has taken a few bottles of Hood's Sarsaparilla and now he has a good appetite and is able to sleep." Miss ABIE J. FREEMAN, South Duxbury, Mass.

The Gazette has been pleased to mention each issue during the past three weeks, the continued success of Dr. Garney's method, now sojourning in our midst. This article has nothing in particular to add to what has already been said in former issues, further than to say that her success continues, and that under her care are rapidly improving. Having some modesty in coming before the public in a bold advertisement, announcing her wonderful successes in the medical line, Dr. Garney rather prefers to allow her work to speak for itself; and this is a virtue much to be sought after. Suffice it to say at this particular time, however, that she is being almost over-taxed by those seeking treatment and advice every day and is under the necessity of confining her office hours to the time between 10 a. m. and 6 o'clock p. m. This is necessary that the doctor may have time for needed rest and recuperation.
In our last issue something was said of Dr. Garney's methods of treating those afflicted with chronic and acute diseases. She uses no remedies whatever of a narcotic nature, the medicines being prepared nearly entirely from roots and herbs, selected under her direction and many of them gathered by the doctor personally. There is absolutely nothing harmful in the remedies given by Dr. Garney.
Another thing. Dr. Garney does not believe in this matter of everlastingly dosing the human system with medicines. If you are really sick, she undertakes to make you well, and when you have taken sufficient medicine for this purpose she tells you so. This is common sense.
Remember Dr. Garney will be at the Palace until further notice. Office hours from 10 a. m. to 6 p. m. Consultation free.

The Kickapoo Dramatic company will show at the opera house all of this week. This company gives a good entertainment and as consequence have crowded houses each evening. They were highly pleased with their trip.
