Three Important Points.

FIRST—Go via St. Paul because the lines to that point will afford you the very best service.

SECOND—See that the coupon beyond St. Paul reads via the Wisconsin Central because that line makes close connections with all the trans-continental lines entering the Union Depot there, and its service is first-class in every particular.

THIRD—For information, call on your neighbor and friend—the nearest ticket agent—and ask for a ticket reading via the Wisconsin Central lines, or address

WEEKLY THE MONTHLY Outlook

Published Every Saturday

13 Astor Place New York

The Outlook will be in 1897, as it has been during each of its twenty-seven years, a History of Our Own Times.

It gives a compact review of the world's progress; it follows with care all the important philanthropic and industrial movements of the day; has a complete department of religious news; devotes much space to the interests of the home; reviews current literature; furnishes cheerful talk about men and things; and, in short, aims to give fresh information, original observation, and reasonable entertainment.

Beginning with the fifty-fifth volume, the paper will assume the regular magazine size, which will add greatly to its convenience and attractiveness.

The Outlook is published every Saturday—fifty-two issues a year. The first issue in each month is an illustrated Magazine Number, containing about twice as many pages as the ordinary issue, together with a large number of pictures.

The price of The Outlook is three dollars a year in advance, or less than a cent a day.

Send for a specimen copy and illustrated prospectus to The Outlook, 13 Astor Place, New York City.

LATEST FROM SEAT OF TROUBLE.

The Court of Inquiry—No Startling Developments Yet—Great Anxiety at Madrid—Patriotic Knights of Pythias.

Key West, March 1.—The second day's session here of the court of inquiry into the loss of the battle ship Maine began about 10 o'clock today.

A good part of the time of the court today was devoted to verifying the testimony previously given. Apparently but few vital questions were asked, the morning being seemingly devoted to routine work.

Madrid, March 1.—Greater anxiety is visible here in regard to the verdict of the United States naval court of inquiry into the loss of the battle ship Maine than was apparent a week ago.

New York, March 1.—A dispatch to the Herald from Paris says: In the intramural Henry Rochefort writes: "To really grasp the situation, the explosion of the Maine must be regarded as the first battle between Spain and the United States."

Kimball, Neb., March 1.—Information has been received at state headquarters from Major-General Carnahan that he had tendered the president the services of 15,000 uniform rank Knights of Pythias in the United States when required for war.

Washington, March 1.—The war department has decided to abandon the expedition for the relief of the miners in the Klondike country, because the conclusion has been reached that no necessity exists for it.

PRESS COMMENT.

The only bond of union between the fusionists in Oregon is found in the similarity of their views upon the money question.
