

Those Dreadful Sores

They Continued to Spread in Spite of Treatment but Now They are Healed—A Wonderful Work.

"For many years I have been a great sufferer with varicose veins on one of my limbs. My foot and limb became dreadfully swollen. When I stood up I could feel the blood rushing down the veins of this limb. One day I accidentally hit my foot against some object and a sore broke out which continued to spread and was exceedingly painful. I concluded I needed a blood purifier and I began taking Hood's Sarsaparilla. In a short time those dreadful sores which had caused me so much suffering, began to heal. I kept on faithfully with Hood's Sarsaparilla, and in a short time my limb was completely healed and the sores gave me no more pain. I cannot be too thankful for the wonderful work Hood's Sarsaparilla, has done for me." Mrs. A. E. Gilson, Hartland, Vermont.

Impure Blood in Spring.
This is the most universal experience. Diminished perspiration during winter rich foods and close confinement in doors are some of the causes. A good spring medicine, like Hood's Sarsaparilla, is absolutely necessary to purify the blood and put the system in a healthy condition at this season.

Spring Medicine

It is true wisdom for everybody to take a thorough course of Swift's Specific just at this season of the year. The blood is sluggish and impoverished, and the system is full of impurities which should be eliminated. In addition to thoroughly cleansing the blood, and toning up the system so as to avoid loss of appetite and a general run-down feeling in the spring, S. S. S. so strengthens and builds up a man to fortify against the many forms of dangerous illness that abound during the hot summer season. It is a very small matter to take this precaution but it insures health and strength all summer. Swift's Specific

S.S.S. For Blood

is far ahead of all other remedies for this purpose. It is a real blood remedy which promptly purifies the blood and thoroughly renovates the entire system, tones and strengthens the stomach, and renews the appetite. It is the only safe tonic, being purely vegetable, and the only blood remedy guaranteed to contain no arsenic, sulphur, mercury, potash or other mineral substance, which is of so much importance to all who know the injurious effects of these drugs. Nature should be assisted by nature's remedy, S. S. S. Take S. S. S. and be well all summer.

The Coast Defences.
One-half the number of improved cannon, mortars and emplacements will be located and placed in suitable position ere the expiration of 1895. The artillery board are constantly making practical surveys, so far as these relate to the army, and the establishment of adequate military protection of our sea board is receiving strong endorsement. Meanwhile there is a means of defence from greater physical calamity, and that is Hostetter's Stomach Bitters, which by restoring the tone of the nerves and stomach, invigorates the entire system. It also prevents malarial, kidney and rheumatic ailments, and cures biliousness and constipation. Those who have been cured by it speak in no uncertain terms as to its effectiveness.

Comfort in Traveling.
Personally conducted tourist excursions are no - the - fad. They are particularly adapted for ladies traveling alone, or with children, for no change of cars is necessary between the Pacific and Atlantic. Furthermore, each car is in charge of a special conductor, whose sole duty is to look after the welfare and comfort of his passengers. The cars are operated by the Pullman Palace Car company, thus assuring to passengers all the comforts of modern day travel at less than half the usual Pullman rates. These excursions run via "The Great Salt Lake route," and leave Portland via the O. R. & N. at 8 p. m. Monday, Tuesday, Wednesday and Thursday of each week. The car leaving Monday runs through without change to Kansas City and Chicago, via the Missouri Pacific and Chicago & Alton east of Pueblo; the car leaving Tuesday runs through to Boston, via the Rock Island, Lake Shore & Michigan Southern, New York Central and Boston & Albany, and the car leaving Wednesday through to Kansas City and St. Louis, via the Burlington east of Denver. The car leaving Thursday runs through to St. Louis, via Missouri Pacific east of Pueblo.
