Weekly Excursions In Through Cars to the East.

Another through tourist car to the
East has been arranged to run out of
Portland, giving four each week. Here-
after the car leaving Monday will run
through without change to Kansas City
and Chicago, over the O. R. & N., Ore-
gon Short Line, Rio Grande Western,
Denver & Rio Grande, Missouri Pacific
and Chicago & Alton. That car has just
been arranged for, and the one previous-
ly scheduled for Monday has been
changed to Thursday. It runs through
to St. Louis, via the Missouri Pacific
line. The car leaving Portland Tuesday
goes through to Boston, and is promoted
by the Chicago, Rock Island and Pacific.
Wednesday's car runs to St. Joseph,
Kansas City and St. Louis, over the
Burlington. All these special through
cars are receiving a gratifying patronage.

Pendleton Tribune: Howard Dodson
writes T. E. Fell from Portland to the

is now in London trying to sell one of
the mines. A California syndicate has
offered him \$300,000 for the property.

Discovered By a Woman.
Another great discovery has been
made and that too, by a lady of this
country. "Disease fastened its claws
upon her and for seven years she with-
stood its severest tests, but her vital or-
gans were undermined and death
seemed eminent. For three months she
slept incessantly and could not
sleep. She finally discovered a way to
recovery by purchasing of us a bottle of
Dr. King's New discovery for consump-
tion, and was so much relieved on tak-
ing first dose, that she slept all night
and with two bottles has been abso-
lutely cured. Her name is Mrs. Luther
Lutz." Thus writes W. C. Mannick &
Co., of Shelby, N. C. Trial bottle free at
E. J. Slocum's drug store. Regular size
50c and \$1.00 every bottle guaran-
teed.

Mr. Ellis was called upon to preside
over the house a short time on the 22d.
The Post says: "Speaker Reed has rarely,
if ever this session, called anyone to
the chair representing a district west of
Iowa. Yesterday, however, the gavel
was yielded to Representative Ellis who
gave evidence of a good presiding
officer."—The Observer.

Wells, Richardson & Co.
Gentlemen—A young lady residing in
my family, who has tried various reme-
dies for nervous debility and depleted
condition of the system, found great and
permanent relief from the use of Paine's
celery compound. I can therefore recom-
mend this excellent remedy to those in
need of treatment of the same kind.
Ellen S. Cromwell.
Women have their health much more
largely in their own hands than they are
accustomed to believe.
The impure blood that undermines
the stomach and the nervous system can
be unquestionably enriched; the number
of the red corpuscles increased, and the
circulation cleaned of humors by
Paine's celery compound. Sleeplessness

that causes much of the nervous pro-
stration among women is entirely within
the control of every person who will
take pains to correct the bad habit the
brain has fallen into. Prof. Edward E.
Phelps, M. D., LL. D., of the Dart-
mouth medical school, in announcing
his wonderful discovery of Paine's Cel-
ery compound at a meeting of the Dart-
mouth medical faculty, showed how
closely he had studied, in all their bear-
ings upon health, such disorders as
sleeplessness, blood impurity and the
nervous diseases that are likely to follow
such daily poisoning of the system.
Paine's celery compound by its pro-
nounced nourishing power enables the
nerves to get back their control over the
circulation so that the blood supply be-
comes greater where it is most needed,
as in the stomach after eating, and least
where its presence can only do harm, as
in the brain when sleep is needed.
The nerves, when they are strong and
properly nourished, limit the flow of
blood to the head and draw off the ex-
cess from the brain, thus nursing re-
freshing sleep. Persons who wake up
tired, drowsy and ambitious, or can
not sleep a whole night through are suf-
fering from disordered nerves. Paine's cel-
ery compound calms and feeds the nerves
even to their finest branchings, and
they in their turn are enabled to equal-
ize the blood supply over the body, thus
springing the heart, preventing congestion
and rushes of blood to the head, dizziness,
paralysis, pain over the heart and
those headaches that seem to come and
go without any good reason, and are so
inexplicable to hosts of men and women.

TWENTY-FIVE YEARS WITH HERALD.

Mrs. E. S. Cromwell Has Utmost Faith in

PAIN'S CELERY COMPOUND.

Twenty-five years is a long time, es-
pecially for a woman to work in the
galling harness of a metropolitan news-
paper.
Such is the record of Mrs. Cromwell,
vice-president of the woman's national
press association, in the service of Chi-
cago Herald. As Washington corres-
pondent she telegraphed to her paper
the daily reports of the proceedings of
the famous electoral commission of
1877.
A quarter of a century of racing work
like this has enabled Mrs. Cromwell to
know what "nerves" mean. Her faith
in Paine's celery compound to restore
the nervous system when it is run down
by work, worry, rush of sickness, cannot
be lightly set aside.
Washington, D. C., Feb. 19, 1896.

America's Latest Power.
The quickness and inventiveness of
American mechanics, engineers and
manufacturers have no parallel in
Europe. On a year's notice the United
States might undertake to cope even-
handed with either the Dual or the
Triple Alliance—although we have now
only the nucleus of an army and the be-
ginning of a navy, while the European
powers have made war preparation their
principal business for a whole generation.
It is to be suspected that one reason
why the American people have bought
the newspapers so eagerly during the
past weeks is to be found in the satisfac-
tion they have taken in learning how
a strictly peaceful nation like ours could
if necessary reverse the process of bat-
tling swords into plowshares. It is true, for
example, that we have built only a few
boats and only a few vessels of the type
known as destroyers; but we have dis-
covered that about a hundred very rich
Americans had been amusing themselves
within the past few years by building or
buying splendid ocean-going, steel-built
yachts of high speed and staunch qual-
ities, capable of being quickly trans-
formed into naval dispatch-boats or
armored and fitted with torpedo tubes.
Probably not a single private Spanish
cruiser could turn over to his government
such a vessel as the magnificent
Goslet yacht, the Mayflower, which was
secured by our navy department on
March 16; not to mention scores of other
private steam yachts of great size and
strength that wealthy American citizens
are ready to offer if needed.—From 'The
Progress of the World,' in 'American
Monthly Review of Reviews' for April.
