Heppnerite Abroad.

About the biggest settlement of Heppnerites in the country, away from the native hearth, may be found at Sumpter. They are all doing well, too. Not long ago F. J. Hallock was elected recorder of the town by a good majority, while L. S. Blowers, of Hood River, was chosen mayor. The vote cast was 184, which shows that they have a population of nearly 1000. The other Heppner boys there are: W. B. Potter, G. B. Tedrow, S. S. Horner, C. S. Van Duren, Chas. Van Duren, Newt Jones, W. E. Kahler, Wm. Oshman. Nearly all of the boys have gold claims, so Frank McFarland informs this paper, and think that they are on the high road to prosperity. "Mc" says that the Sumpter region is an ideal place to prospect.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Grotton, S. D., "was taken with a bad cold which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial look in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at E. J. Slocum's drug store. Regular size 50c and \$1.00 guaranteed or price refunded.

To Eastern Oregon.

W. M. Rasmus, the well-known Portlander, who has been identified with fraternal orders of the state and who has at various times done good work for the state, has gone to Eastern Oregon, says a Portland bulletin. He will represent the Commission and systematically visit the cities of the interior for the Commission, to secure subscriptions.

Mr. W. C. Calder, another widely-known business man of this city, will probably start out this week in the interests of Oregon's undertaking. A kind reception is bespoken for the representatives. It must be remembered that when every part of the state is represented there will be no delay about the state appropriation to take up the popular subscription bonds.

Beauty is Blood Deep.

Clean blood means a clean skin. No beauty without it. Cascarets Candy Cathartic clean your blood and keep it clean, by stirring up the lazy liver and driving all impurities from the body. Begin today to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarets—only 10c, 25c, 50c. All druggists, satisfaction guaranteed, 10c, 25c, 50c.

The Portland Rescue Home.

Mrs. M. E. Hoxter, representing the Florence Crittenden Home, of Portland, lectured to a large audience in the Christian church on Sunday evening in the interest of that charitable institution. The different congregations in town gave their services and the church was well filled. Good music was furnished by the choir of the churches and at the close a collection was lifted which amounted to \$16.80. Yesterday Mrs. Hoxter raised a large sum in addition to this by subscription. This work is worthy and the people of Heppner showed their generosity in the usual commendatory manner by responding liberally to the solicitations of the representative of the Rescue Home.

Everybody Says So.

Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, acts gently and positively on kidneys, liver and bowels, cleansing the entire system, dispels colds, cures headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. 10c, 25c, 50c. Sold and guaranteed to cure by all druggists.

Narrow Escape.

While driving through the streets last Saturday, Mrs. Al Biann, accompanied by some lady friends, had a narrow escape from being badly hurt, if not killed. By some means a singletree was broken, but the horses became detached before proceeding very far, no further damage being done than a broken singletree and a splintered tongue.

C. W. Wheeler, editor of the Waitsburg Times, better known as "Phat man," arrived Sunday from Princeton, on his way to the interior south of here. He is, and has been for some time, representing the Woodmen of the World.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kimer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cure of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the Heppner Gazette and send your address to Dr. Kimer & Co., Birmingham, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

To Cure Constipation Forever.

Take Cascarets Candy Cathartic, 10c, 25c, 50c. Sold by all druggists, satisfaction guaranteed.

FRESHNESS OF FEELING.

How to Retain This Most Charming Characteristic of Middle Age.

Freshness of feeling is one of the most charming characteristics of a middle-aged man or woman. We are all familiar with men and women, not out of the 20's, who have the air of having exhausted all the resources of delight. They appear to have been through the whole round of human interests and to have explored them so thoroughly that they cannot be surprised or greatly moved. Children of wealthy parents introduced too early to the life of their elders, often betray this unlovely characteristic. The zest of work they never knew and the zest of amusement and diversion has palled upon them. On the other hand, those who have worked too long or intensely in a single line often exhaust their power of taking interest in other things, or of being strongly moved by them. The business man on a vacation, though confronting him is the loveliest landscape, sees nothing but stock quotations, or the clergyman sees nothing but the heads of sermons. It is doubtful if anything but a profound upheaval of the inner life can impart freshness of feeling to the man who has drunk so freely of pleasure that he is stirred up a muddy and impure sediment in the very fountains of happiness. But most of us have it wholly within our power by moderate living, by wholesome recreation, by occasional change of scene, and by cultivating every day a variety of interests, to preserve that emotional responsiveness which enables us to greet the light of the morning and the glories of the heavens with keen delight, to enter into the joys and sorrows of others, to welcome the appearance of a bright book, or to refresh ourselves with the conversation of friends.—Outlook.

Timbales of Fish.

Timbales are French dishes, so named from "timble," a metal cup, because they are generally made in plain molds, either round or oval. They are somewhat difficult to make, however, requiring both care and practice. They are lined with forcemeat and filled with a creamed forcemeat of fish, chicken, sweetbreads or spaghetti or rice. They are very popular as an entrée for a company luncheon. For 12 small molds or timbales, sometimes called darde molds, 1 1/2 pounds of cold, fleshy fish of any kind, such as salmon or halibut, will be required. Cook a half pint of bread crumbs with a pint of equal parts of milk and rich cream for ten minutes, and meantime pound to a paste the fish, with half a dozen fresh sweetbreads; rub this through the sieve, season with salt, pepper and nutmeg, and when the bread and cream mixture is cold pound all together until well mixed; add four well-beaten eggs, fill the molds not quite full, cover with buttered paper, place them in a deep pan and pour in hot water almost to the rim of the molds. Cook in a very moderate oven for 25 minutes.—Boston Herald.

Very Superior.

Mollie (at the Mountain house)—We had a german last night.

Pollie (a visitor from the Valley house)—Poo! We have a Frenchman at our house for the whole summer.—Garper's Round Table.

A TIMELY WARNING.

Grain Saved in Money Made.

To save the grain use Fry's Concentrated Squirrel Poison. This preparation is the cheapest and most economical for the farmer. One grain kills. Guaranteed. Price 25c per can or \$5.00 per can of ten for \$50. For sale by Slocum Drug Co., Heppner, Or.

LITERARY NOTES.

Mrs. Cleveland's New Portraits.

Mrs. Cleveland recently had a new set of photographs taken, the first time she has been photographed since leaving the White House, and has given them to Mr. Bok, with permission to publish them in the Ladies' Home Journal, where they will be published soon for the first time. The set also includes the first authoritative photographs published of the new Princeton home of the Cleverlands.

What Dr. A. K. Matter Says.

Buffalo, N. Y.—Gents:—From my personal knowledge, gained in observing the effect of your Shiloh's Cure in cases of advanced consumption, I am prepared to say it is the most remarkable remedy that has ever been brought to my attention. It has certainly saved many from consumption. Sold by Conser & Warren.

E. G. Sperry and wife are up from their Iowa possessions for a few days. Mr. Sperry says everything looks lovely down that way at present and if the 'boppers will only let them alone this season abundant crops will be harvested. As yet no 'boppers have appeared on the scene of action.

THE WONDERS OF SCIENCE

LUNG TROUBLES AND CONSUMPTION CAN BE CURED.

An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.

The distinguished chemist, T. A. Slocum, of New York City, demonstrating his discovery of a reliable cure for Consumption (Pulmonary Tuberculosis), bronchial, lung and chest troubles, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of this paper writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.
